SECTION 1

INTRODUCTION

1.1 Description of The University of Texas System

For more than 130 years, The University of Texas System has been committed to improving the lives of Texans and people all over the world through education, research and health care.

The University of Texas System is one of the nation's largest systems of higher education, with [14 institutions](#) that educate more than 230,000 students. Each year, UT institutions award more than one-third of all undergraduate degrees in Texas and almost two-thirds of all health professional degrees. With about 20,000 faculty – including Nobel laureates – and more than 80,000 health care professionals, researchers, student advisors and support staff, the UT System is one of the largest employers in the state.

Life-changing research and invention of new technologies at UT institutions places the UT System among the [top 10 “World’s Most Innovative Universities,”](#) according to Reuters. The UT System [ranks eighth in the nation in patent applications](#), and because of the high caliber of scientific research conducted at UT institutions, the UT System is ranked No. 1 in Texas and No. 3 in the nation in federal research expenditures.

In addition, the UT System is home to three of the nation's National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research. And the UT System is the only System in the country to have four Clinical and Translational Science Awards (CTSA) from the National Institutes of Health.

Transformational initiatives implemented over the past several years have cemented UT as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The University of Texas Rio Grande Valley in 2015. And UT was the only system of higher education in the nation that established not one, but two new medical schools in 2016 at The University of Texas at Austin and UT Rio Grande Valley.

University of Texas institutions are setting the standard for excellence in higher education and will continue to do so thanks to our generous donors and the leadership of the [Chancellor](#), [Board of Regents](#) and [UT presidents](#).

1.2 Background and Special Circumstances

UT System's Office of Employee Benefits (“**OEB**”) is seeking competitive quotes for Pharmacy Benefit Management (“**PBM**”) services for System's self-funded commercial and EGWP prescription plans (the UT SELECT Prescription plan and the UT SELECT Part D Prescription plan), which are offered as part of UT System's Uniform Group Insurance Program for eligible employees, retirees, and dependents of the 14 UT System Institutions and System Administration. Services for both plans must be provided in accordance with the terms, conditions, and

requirements set forth in this Request for Proposal (“RFP”). Unless otherwise specified or prohibited by law, all requirements apply to both plans.

One (1) Proposer will be selected as the Contractor to administer both prescription plans being offered. The intention is to generally maintain the plan design and structure of benefits currently being offered under the two (2) plans, although adjusting benefits may be discussed during implementation. Feedback is encouraged regarding unique plan designs, network management strategies, and customer service models Proposer believes would enhance plan operations or member experience.

OEB is considered a “Covered Entity” under Title 2 of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, Public Law 104-191, 1996. As such, OEB must comply with all provisions of HIPAA and the Health Information Technology for Economic and Clinical Health Act (HITECH), 45 CFR §§ 160 and 164 (hereinafter collectively, “HIPAA”) regarding all privacy and security measures relevant to the operations of the programs within OEB when operating in a capacity subject to HIPAA. Additionally, any person or entity who performs functions or activities on behalf of, or provides certain services to a covered entity that involve access to protected health information are considered business associates under HIPAA. OEB requires appropriate Business Associate Agreements with such Proposers.

As a governmental entity, UT System is not subject to the provisions of the Employee Retirement and Income Security Act (ERISA).

Pursuant to Chapter 1601 of the Texas Insurance Code (Code), UT System is exempt from many of the provisions of the Code and regulations promulgated by the Texas Department of Insurance (TDI). However, nothing in any agreement between UT System and Contractor shall be construed to require or permit any action that is prohibited by, or in conflict with, an applicable provision of the Code or an applicable TDI rule or regulation.

The plans are financed on a fully self-funded basis. The contract to be executed in accordance with this document shall involve no insurance or reinsurance.

1.3 Objective of Request for Proposal

The University of Texas System is soliciting proposals in response to this Request for Proposal No.720-1914 (this “RFP”), from qualified vendors to provide Pharmacy Benefit Management (“PBM”) services (the “Services”) for System’s self-funded commercial and EGWP prescription plans (the UT SELECT Prescription plan and the UT SELECT Part D Prescription plan). The Services are more specifically described in **Section 5** of this RFP.

2.5 Historically Underutilized Businesses

- 2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a “**HUB**”) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this **Section 2.5** will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Proposer is subject to review by University to ensure compliance with the HUB program.
- 2.5.2 University has reviewed this RFP in accordance with [Title 34, Texas Administrative Code, Section 20.285](#), and has determined that subcontracting opportunities (HUB and/or Non-HUB) are probable under this RFP. The HUB participation goal for this RFP is **26%**.

*Each Proposer, **whether self-performing or planning to subcontract**, must complete and return the HSP in accordance with the terms and conditions of this RFP. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with [§2161.252, Government Code](#).*

Email: khayes@utsystem.edu

- 2.5.4 Proposer must submit, **via email**, one (1) HSP in PDF format to University no later than Friday, February 1st, 2019 at 2:30 p.m. (ref. **Section 3.2** of this RFP) to the email address below:

Any proposal submitted in response to this RFP that does not have a corresponding HSP meeting the above requirements may be rejected by University and returned to Proposer unopened as non-responsive due to material failure to comply with advertised specifications.

University will send an email confirmation to each Proposer upon receipt of the Proposer’s HSP. Each Proposer’s HSP will be evaluated for completeness and compliance prior to opening the proposal to confirm Proposer compliance with HSP rules and standards. Proposer’s failure to submit one (1) completed and signed HUB Subcontracting Plan **to the email address noted above** may result in University’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications; such a proposal *may* be returned to the Proposer unopened (ref. **Section 1.5 of APPENDIX ONE** to this RFP). **Note:** *The requirement that Proposer provide one (1) completed and signed pdf of the HSP under this Section 2.5.4 is separate from, and does not affect, Proposer’s obligation to provide University with the number of copies of its proposal as specified in Section 3.1 of this RFP.*

In addition, all solicitation emails to potential subcontractors must be included as backup documentation to the Proposer's HSP to demonstrate Good Faith Effort. Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.**

If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit redlined **APPENDIX TWO** as part of its proposal in accordance with **Section 5.3.1** of this RFP. Proposer's exceptions will be reviewed by University and may result in disqualification of Proposer's proposal as non-responsive to this RFP. If Proposer's exceptions do not result in disqualification of Proposer's proposal, then University may consider Proposer's exceptions when University evaluates the Proposer's proposal.

SECTION 5

B. Benefit & Network Administration

1. Retail & Mail Pharmacy Network

Contractor must provide and maintain pharmacy networks capable of effectively serving UT SELECT Prescription plan participants (approximately 215,000 lives) and UT SELECT Part D plan participants (approximately 25,000 lives) without access disruption, while providing services that are at least as comprehensive as the current services. Contractor must provide comprehensive network management services that meet or exceed industry standard practices. The network management plan must include adequate provisions addressing: professional, general liability, malpractice, fidelity, etc., insurance requirements for each type of pharmacy in the Contractor's network; measures to ensure mail and retail pharmacies maintain adequate inventory; and information systems that ensure mail and retail pharmacies have access to the same participant prescription data for purposes of utilization review, avoiding duplication, and identifying potential adverse reactions.

In addition, Proposer must provide its Specialty Drug Pricing separately for the UT SELECT Prescription Plan and the UT SELECT Part D Plan by completing the table provided in an **APPENDIX EIGHTEEN** to this RFP for this purpose. Contractors must submit retail pharmacy network discounts determined in accordance with these networks of retail pharmacies.

The PDPs have a three-tiered, open formulary. Copayment levels vary by tier. To be eligible for selection, Contractor must have a viable formulary covering each of the categories of drugs that are covered under the current formulary, a list of which is included as **APPENDICES TEN** and **ELEVEN** to this RFP. Proposals must include the specific formulary intended to be offered for UT SELECT participants. During the term of the Contract, Contractor shall not make changes to nor implement a new formulary for the PDP without prior notification to UT System.

Contractor must be capable of providing mail services to meet the needs of participants in the UT SELECT Prescription plan and the UT SELECT Part D plan. Contractor should have a mail service option that allows the participant to obtain up to a ninety (90)-day supply of most covered drugs. The mail service facility must be located within the continental United States.

2. Average Wholesale Price

The current source for the Average Wholesale Price (AWP) used in the PDP is Medi-Span. To be eligible for selection, the Proposer must agree to use this source for calculating the AWP.

3. Retail Pharmacy Program

Reimbursement

Network pharmacies must be reimbursed based on the lesser of 1) the pharmacy's usual and customary price (U&C) or the Maximum Allowable Cost (MAC) plus the contracted dispensing fee and 2) the sum of the contractual ingredient cost plus dispensing fee. The payment to the pharmacy must be equal to the lesser of those amounts minus applicable participant out-of-pocket costs, up to and including: 1) the amount of deductible owed and 2) the applicable retail copayment. The deductible applies to both the retail and mail service pharmacies and is applied prior to the application of the copayment.

Contractor must submit its proposed retail pharmacy reimbursement levels in **Section 6** of this RFP. Contractor must provide ongoing review of pharmacy reimbursement rates and recommend adjustments as appropriate, subject to consultation with and approval by UT System.

Copayments

Contractor must ensure that the retail pharmacy charges the participant the lesser of 1) the pharmacy's U&C price, 2) the MAC plus contracted dispensing fee, 3) the contractual ingredient cost plus dispensing fee, or 4) the applicable copayment as specified in the Benefits Guide. For any prescription for which the participant payment is limited to 1), 2) or 3) above, there must be no additional charge to UT System.

4. Mail Service Program

Reimbursement

Currently, UT System reimburses Contractor for covered drugs dispensed by mail based on an amount equal to 1) contractual ingredient cost plus (2) contractual dispensing fee, less 3) applicable deductible and the mail service copayment. Contractor must submit its proposed mail service reimbursement levels in **Section 6** of this RFP.

Copayments

Contractor must charge participants the lesser of 1) the sum of the ingredient cost plus dispensing fee, if any, or 2) the sum of any deductible owed and the applicable copayment amount.

Mail Maximum Allowable Cost (Mail MAC) is defined as the number of units dispensed times the single unit MAC pricing used for purposes of retail pharmacy reimbursement. In instances where the Mail MAC is determined to be less than the applicable generic copayment under the PDP, the plan participant must pay an adjusted copayment equal to the calculated Mail MAC and there must be no additional cost to UT System.

Pricing

The mail service pricing formula must account for all of the following factors:

- Handling and postage expense of mail service prescriptions, including special handling requirements for temperature-sensitive medications;
- Braille labels on prescriptions for visually impaired participants;
- Drug information leaflet with each new prescription;
- Access to a drug information service;
- Ability to print receipts for medications obtained by mail that include the name of the drug dispensed, the date it was dispensed, the amount paid by the plan for the drug over and above the copayment, and the amount of the copayment and any deductible amount paid;
- Easy-open lids upon request;
- Cold-pack shipping, when necessary; and
- All prescriptions must be filled under the oversight of a properly licensed pharmacist in good standing.

Substitutions

As permitted by applicable law, unless a branded medication is specifically noted as medically necessary on a prescription, Contractor must substitute a generic medication for a brand medication when filling a PDP participant's mail service prescriptions. If necessary, Contractor must contact the prescribing provider to obtain the authorization to substitute generic medication.

Formulary

Contractor must make copies of its formulary available to each UT SELECT participant, at no additional cost, upon request of the participant or UT System.

If a planned change in the formulary will affect a particular participant's medication, such that a medication that was included in the formulary is becoming a non-formulary item, Contractor agrees to contact the participant individually, in writing, regarding the effect of the upcoming change.

5. Claims Administration

Contractor must process and administer all required claims incurred on or after September 1, 2019, and throughout the term of the Contract (ref. **Section 5.1**). General requirements for claims processing include the following:

- a. Using UT System enrollment records, Contractor must create and maintain enrollment records for all participants to be relied on for the processing of claims and other administrative functions. In the event of a conflict between enrollment data stored at UT System and information on file with Contractor, UT System's information must be considered authoritative. UT System enrollment data may not be used for any purpose other than plan administration;
- b. Contractor must process claims submitted directly by participants, including claims for medications services obtained at non-network pharmacies and Coordination of Benefits (COB) claims for which the plan pays secondary benefits. When UT SELECT is secondary, any applicable deductible and copayment must be waived and reimbursement must be the lesser of (1) what the participant actually paid or (2) the maximum applicable plan payment if the claim were processed as primary.
- c. Contractor must process claims from state and federal government institutional programs on behalf of UT SELECT participants who also participate in such programs. Contractor must pay all such claims that meet plan design parameters, in accordance with the plan's edits and reject those that do not meet those parameters, including those that are submitted in the wrong format or are missing one or more data elements that are required by the plan design. Because of the potential for variations in timely filing requirements among the various state and federal government agencies, such claims should not be rejected solely because they do not meet the plan's timely filing requirements. In processing governmental program claims under these parameters, Contractor must reimburse the applicable state or federal government agency at the lesser of (1) the amount the agency actually paid, or (2) the negotiated network price, minus any applicable deductible, copayment, and coinsurance that the participant is responsible for under the plan design. The cost for this process shall be included in **Section 6**.
- d. Each direct claim payment must include an Explanation of Benefits (EOB). Contractor must submit all claim forms and sample EOBs as an attachment to the Proposal for UT System's review and approval;
- e. Claims filed by participants must be processed within five (5) calendar days of submission to Contractor unless additional information or investigation is required;
- f. Contractor must stipulate that network providers will cooperate with reasonable requests by plan participants to prepare and provide, without charge to participants, records pertaining to services and payment amounts;
- g. Contractor must identify and investigate unusual or extraordinary charges to determine all relevant circumstances and report to UT System its findings. Contractor must determine eligible claims, subject to the final authority of UT System.
- h. Contractor must process and pay claims using its own funds before seeking reimbursement from UT System. The required methodology for requesting reimbursement is described within the Financial Requirements section of this RFP;

- i. The Contractor must have a process in place to monitor claims for significant increases in costs (based on price or utilization) that occur over a short period of time and assist UT System in identifying market or utilization trends that need to be addressed in a timely manner.

Contractor must review claims for eligibility based on covered dates of services. In the event Contractor issues excess payments or payments for ineligible claims or participants, it will:

- a. Take appropriate steps as necessary to recover the overpayment, including recoupment (offset) from participants or providers' subsequent claim payments;
- b. Assume 100% liability for incorrect payments which result from policy or processing errors attributable to Contractor;
- c. Refrain from initiating litigation to recover such overpayment unless authorized by UT System;
- d. Provide UT System with detailed reports on a monthly basis that itemize the amounts of each overpayment and the reason for each; a listing of payees with outstanding overpayment recoveries due; an accounting of: (a) prior balances of recoveries due, (b) current month overpayments, (c) recoveries, (d) new balances and (e) percentage of overpayment dollars recovered; and an aging of receivables report for 30, 60, 90 and 91+ days; and,
- e. Reimburse the plan for any claim paid on behalf of a former participant who was reported by UT System to Contractor as no longer being eligible for plan benefits at least two (2) full business days prior to the date of such services.

Contractor must maintain a complete and accurate claims reporting system and provide for the retention, maintenance, and storage of all payment records with provision for appropriate reporting to UT System. Contractor must maintain such records in accordance with applicable state and federal regulations and policies regarding retention of such records. Contractor shall make such records accessible and available to UT System for inspection and audit upon UT System's request. In the event Contractor is scheduled to destroy payment records, Contractor must contact UT System for approval prior to the destruction of the payment records. If UT System approves destruction, verification of the destroyed records may be required at UT System's direction.

Contractor must provide UT System with access to statistical information associated with the plan. The information to be made available must include current fiscal year information as well as the full twelve (12) months of the preceding fiscal year. If specialized software or hardware is required to access plan reporting and analytics, Contractor must furnish the appropriate resources at no additional cost to UT System.

Contractor must identify a specific high-level contact who will be accessible directly to UT System for issues regarding claims administration.

Contractor must process claims requiring coordination of benefits (COB).

Contractor must transmit a biweekly claims file as specified in this RFP using an NCPDP-standard layout for the file and records, including all required data fields as specified in **APPENDIX TWENTY** to this RFP.

Claims invoices are paid by UT System approximately ten (10) days after the invoice date.

6. Part D Requirements & Integration

Contractor is required to administer the UT SELECT Part D with benefits structured as closely to the UT SELECT Prescription plan benefits as possible, with exceptions as required by law. Part D administration services must meet all requirements unique to Employer Group Waiver Plans, including with regard to enrollment and disenrollment processing, required communications, claims processing, formulary and utilization management, client and member services, financial management, and comprehensive reporting.

Eligibility will shift mid-year between the two (2) plans for certain participants, including retiring employees who are already Medicare-eligible at the time of retirement, retired employees who are becoming Medicare eligible based on age or disability, and retired employees who are either returning to work in a benefits-eligible capacity or discontinuing a return-to-work assignment with a UT institution. Contractor will be required to process individual mid-year shifts between the UT SELECT Prescription and UT SELECT Part D Prescription plans with provisions for the carryover of certain out-of-pocket expense amounts (deductible and copayments). The period for which out-of-pocket amounts need to be carried over between plans will be determined based on the timing of the shift during the plan year in accordance with rules specified by UT System.

7. Wellness / Condition Management

Contractor must provide wellness-related services and targeted wellness initiatives as part of the overall administration of UT SELECT. Contractor must provide relevant claims data at the institution level to assess and measure wellness outcomes.

UT System is committed to integrating wellness benefits within the plans to assist UT System and the institutions with the creation and ongoing enhancement of campus wellness programs. Contractor must demonstrate the ability to provide wellness-related services and targeted wellness initiatives as part of the overall administration of the PDP.

Experience with the effective application of Value-Based Benefit Design (VBBD) concepts and programs will be considered a differentiating factor in the area of wellness benefits. Proposer must describe the specific wellness services and initiatives it intends to provide as part of its administration of the PDP and how those services and initiatives will be integrated into UT System's existing "Living Well" program, a comprehensive health and wellness initiative currently available to all plan participants. In particular, information provided in the proposal should allow for the assessment of Proposer's willingness to collaborate directly with UT System and other UT Benefits Contractors regarding wellness-related initiatives and services.

Of primary importance will be collaboration with third-party administrator(s) of medical plans with regard to conditions and medical issues that may be identified through member access to PDP benefits. For example, the ability to transfer members directly to medical plan customer service representatives or representatives of other condition management and wellness Contractors, when appropriate, versus merely advising members to contact their medical insurance carrier is strongly preferred as a basic wellness initiative and good customer service practice.

Additionally, note that each System institution offers an Employee Assistance Program (EAP) that provides counseling services to employees, retirees and their dependents on numerous topics. In the event that Contractor provides information to participants about services available within the overall UT Benefits program and the Living Well program, whether through direct customer service interactions, PDP communications materials, or the System-specific PDP website, reference to the institution-based EAP programs is requested.

Contractor must be able to fulfill data requests to assess and analyze health needs and measure wellness outcomes. These reports must be provided ad hoc and annually.

C. Customer Service & Account Management

1. Customer Service

Designated customer service staffing is required at a level adequate to handle significant call volume involving questions specific to benefits, resolution of complaints, requests for program clarification, and assistance with pharmacy identification and selection.

Customer Service call centers must be located within the United States, preferably within the state of Texas. The establishment of toll-free lines (telephone and facsimile) is required and customer service staffing levels must be adequate at a minimum to maintain performance standards as negotiated in the contracting process.

Contractor will be required to train a designated group of customer service representatives to assist UT participants who call, email, or write Contractor with questions regarding the plan. The customer service unit must be able to provide comprehensive answers to questions including, plan design, formulary questions including information on preferred and generic alternatives, refills, prior authorizations, administrative processes related to claims filing and coverage related matters.

Contractor's phone customer service hours must include, at a minimum, Monday through Friday from 7:00 a.m. to 7:00 p.m. (Central), Saturday from 7:00 a.m. to 3:00 p.m. (Central), with emergency service coverage and / or instructions for receiving care outside of the required business hours.

Contractor must provide UT System staff the ability to listen to UT-related calls to and from UT Contractor's customer service call center(s) on an as-needed basis.

Proposer must not include a "binding arbitration" requirement for complaints in its response. No such provision shall be utilized with regard to UT System participants.

By September 1, 2019, Contractor must establish a process by which UT System staff as well as institution HR or Benefits staff who need assistance addressing an urgent participant issue can reach out directly to Contractor for escalated customer service assistance. Such requests must be acknowledged and an expected timeline for resolution provided back to UT System or institution staff within one (1) business day, with timely, appropriate follow-up based on the nature and complexity of the request. UT System has found that Contractor establishing a shared email inbox works most effectively with that inbox being closely monitored by a designated team of experienced customer service representatives who are empowered to address escalated issues. If Contractor wishes, they may propose an alternative solution, but the requirements for acknowledgement of requests for assistance with timelines for resolution must be met as well as consistent timely and appropriate follow-up.

The Contractor is required to collaborate with the third-party administrator(s) of UT Benefits health plans with regard to conditions and medical issues that may be identified through member access to benefits. For example, the ability to warm transfer members directly to medical plan customer service representatives or representatives with a disease management program, when appropriate, is strongly preferred versus merely advising members to contact their medical insurance carrier. Similarly, Contractor must be able to accept warm transfers from the medical plan TPA(s) when applicable.

Contractor's designated Customer Service Team will be required to assist in answering questions regarding the plan each year during System Annual Enrollment period(s), including during the July 2019 Annual Enrollment period for the 2019-2020 plan year. The Customer Service Team must provide education to all current and potential plan participants regarding plan design and benefits. Customer service must be made available via phone, email, in writing, and in person.

2. Communications

Contractor is required to communicate information regarding the plan design approved by UT System. Materials and services required to be developed and implemented include, but are not limited to:

- a) Participant brochures including a Welcome Packet with information about program and plan design;
- b) Content drafted specifically for inclusion in benefits books and newsletters and advertising materials used in association with UT SELECT enrollment;
- c) A customized, System-specific website;
- d) Annual Enrollment materials that include details on Customer Service and benefits highlights for the upcoming plan year;
- e) Attendance at approximately 25 Annual Enrollment events including presentations by Contractor to institution Benefits Staff and participants;
- f) Participant forms including Explanations of Benefits (EOBs), order forms, and claim forms;
- g) Pharmacy Directory, primarily online, including a specific disclaimer stating that the list of pharmacies is subject to change; and,
- h) Drug Formulary Listing, including a specific disclaimer stating that the formulary is subject to change.

UT System retains the right to review and approve all plan materials prior to distribution. Contractor is required to submit proposed marketing and other informational materials in the specified format and according to deadlines set by UT System. The cost for preparation of such materials for the term of the Contract should be accounted for in the proposed administrative fees quoted by Contractor.

Contractor is responsible for plan communications designed to educate both potential enrollees and current participants. Materials must be approved by UT System prior to distribution and should be clear and concise, with a comprehensive plan description to be included in the Plan Guide.

Communications should be made available in multiple formats with a preference for electronic distribution whenever possible. Communication materials must meet ADA requirements for accessibility.

Electronic draft copies of proposed Plan Year 2019-2020 materials, plan participants' handbook (if applicable), and member marketing materials (newsletter articles, flyers, etc.) must be submitted as part of the proposal. Proposers should also submit samples of other communication materials with their proposal, including consumer targeted educational materials and a complete mock-up of the customized System-specific website. Proposers are encouraged to share innovative materials and communication strategies designed to increase member engagement as well.

Communication materials designed for participants may not advertise or promote coverage, products, or materials, other than those relating to Contractor's administration of the PDP. Contractor must never use any information received from any source about UT System employees, retired employees, or dependents for any marketing purpose or to solicit business of any other type.

Contractor may recover the costs of the services described in this section only by making provision for such costs in the calculation of the proposed administrative fee.

3. System Specific Website

Contractor must establish a customized, System-specific website with the primary goal of allowing participants easy access to plan information, claims details and customer service information. The website must meet all requirements as detailed in **APPENDIX NINETEEN** regarding website requirements by date specified in the deliverables section.

The System-specific website must be accessible to as many participants as possible. Therefore, the following specifications must be met:

- All website content must be clearly visible and functional in Internet Explorer, Safari, Microsoft Edge, Firefox, and Google Chrome browsers.
- The log-on page must not allow the browser to store the information entered in the cache. The auto-complete feature must be turned off for every form;
- The font must be easy to read, no smaller than 10px; and
- All web content and downloadable documents, including Adobe Portable Document Format (PDF) files, must be made accessible to persons with disabilities.

Authentication via Single Sign-On using SAML 2.0 is strongly preferred over requiring a unique user identification and password specific to the site.

UT System must approve new website additions or redesigns at least two weeks prior to any scheduled launch date.

Contractor must provide: 1) a description of the architecture of the website and if applicable, the mobile / smartphone application; 2) the authentication mechanisms to login to the website and mobile application; 3) a description of the administrator level access to System data accessible via the website and mobile application; and 4) the security and privacy controls in place to protect System data that is accessible through the website and mobile application.

As required by the State of Texas, Contractor must provide a third-party penetration test report conducted on the website within the 365 days. In lieu of the penetration test results report, Proposer may choose to either allow UT System to conduct a vulnerability scan on a Test environment that mirrors the actual Production environment or provide an attestation of a third-party penetration test including a summary of findings and remediation plan.

4. Plan Identification (ID) cards

Prior to September 1, 2019, Contractor must send ID cards to all participants, including those who enroll in the plan during the July 2019 Annual Enrollment period. Throughout the contract period, Contractor must issue ID cards to all new enrollees within five (5) business days after Contractor receives the enrollment information from UT System. Additionally, due to information security requirements, Contractor must provide UT System with a monthly dataset that includes all identifying information from each ID card issued and the name and address to which each was sent for all ID cards issued during the prior month.

The ID card must not include the participant's Social Security number. The card must use the Benefits ID number as specified by UT System, as well as other standard information in a format prescribed by UT System including the participant's name and a summary of out-of-pocket costs for the plan. Replacement cards must be provided at the request of a participant. Once initially distributed, ID cards do not need to be automatically replaced unless changes to the benefit plan design require updates to the information shown on the card or changes are made to a participant's name as shown on the card (such as a change to a participant's last name due to marriage).

5. Account Management

The Contractor's Account Management Team must provide a minimum of four (4) in-person reviews to UT System per year regarding the utilization and performance of the plans, including updates regarding ongoing operational activities and cost saving recommendations. UT System may also require monthly operational meetings (in person or via telephone conference), as needed.

The Account Management Team must assist with ad hoc requests from UT System and ensure timely resolution on issues presented by UT System.

Proposer must designate in writing the names and roles of all members of its complete Implementation Team as well as establish an Account Management Team that is acceptable to UT System. It is required that members of the Account Management Team also serve as members of the implementation team to ensure consistency and a broad knowledge base of decisions made during implementation. Contractor must agree to make staffing adjustments to this team as required by UT System throughout the contract. The Account Management team must be available to assist UT System as necessary during regular business hours.

Contractor's Implementation and Account Management Teams must each include a designated information technology contact with the technical knowledge and expertise to efficiently and effectively collaborate with UT System's information technology team regarding data transmission, data integrity, and timely processing of data. The designated information technology contact should be appropriately positioned within Contractor's organization to allow for direct management of all technical issues related to the contract.

D. Technical & Data Exchange

UT System's unique and complex technical environment is currently in transition from an in-house eligibility and enrollment platform to an outside vendor (Benefitfocus). Contractor will be required to accommodate custom data feeds to and from both UT System and Benefitfocus during the transition with feeds to Benefitfocus continuing once the transition is complete. Industry standard processes and file layouts will be used whenever possible, but Contractor must be prepared to quickly allocate appropriate resources and provide timely customization of data files as required by UT System and Benefitfocus.

1. UT System Data Security Requirements

For the purpose of this RFP, UT System data is defined as any and all information maintained, created, or received by or on behalf of UT System.

Contractor must maintain a robust security program capable of protecting the integrity, confidentiality, appropriate accessibility, and security of UT System data. Questions included in **APPENDIX FOUR (HECVAT)** of this RFP are designed to elicit specific information about Proposer's security program and must be thoroughly and accurately completed.

Contractor must have procedures in place to identify irregularities with access to data, including unauthorized access to or any exposure of PHI, report such instances to System as soon as possible, to allow System sufficient time to respond to the incident in accordance with state and federal law requirements. Identification of Proposer's privacy officer at the time of implementation will be required.

All data related to the plan remains the property of UT System. The data must be accessible by UT System at all times and, if necessary, the Contractors must be capable of providing the data to System in an acceptable, secure, and easily interpretable electronic format. Off-shore cloud storage for claims data is prohibited.

Enrollment files must be processed promptly upon receipt and, under normal circumstances, loaded into Contractor's information system within twenty-four (24) hours. Positive confirmation of receipt and processing success or failure is required within twenty-four (24) hours. In the event of failure to load, Contractor must provide an explanation and pertinent details, including specific errors requiring correction by UT System along with expected resolution time.

Contractor must accept and process both full and partial enrollment files in HIPAA-compliant dataset formats (e.g. the "Benefits Enrollment and Maintenance Transaction Set (ASC X12N 834)") and transmit claims detail datasets to UT System and Benefitfocus in a HIPAA-compliant standard format. Contractor must be prepared to accept full and partial enrollment files on a schedule to be determined during implementation, but no less frequently than three (3) times per week for partial files and once per month for full files. The System is currently transitioning all institutions to a new enrollment platform on a phased schedule. Contractor will be required to accept enrollment files sent from UT System and from the administrator of the new enrollment platform (Benefitfocus) until all institutions have been successfully transitioned onto the new platform.

All data related to the plan remains the property of UT System. The data must be accessible by UT System at all times and, if necessary, Contractor must be capable of providing the data to UT System in an acceptable, secure, and easily interpretable electronic format. Off-shore cloud storage for claims data is prohibited.

UT System will produce a self-bill each month for the per employee (main subscriber) per month (PEPM) administrative fee due to Contractor. Contractor must accept and process administrative fee remittance detail for the current billing month as well as any necessary adjustments for the prior three (3) months. UT System generally self-bills administrative fees approximately one (1)-week after the month in which they are incurred and pays by the end of the month in which the bill is generated (i.e. within sixty (60) days of fees being incurred). Contractor should be prepared to allow ninety (90) days from the first of the month in which administrative fees are incurred for final payment.

If Contractor bills UT System for additional administrative fees, these invoices will be paid approximately ten (10) days after the invoice date.

Contractor must utilize the methods for all file transfers (e.g. SFTP and SAML) currently in place at UT System. Contractor must enforce user authentications that are compliant with UT System information security requirements and enforce encryption in transmission and at rest as identified in Section 12.11 of the Sample Agreement.

Contractor must designate an appropriate technical and information security contact as required for the Implementation and Account Management Teams and must ensure that all information systems requests from System and issues reported by System are given priority positioning and thoroughly analyzed to ensure timely and accurate resolution.

Contractor must allow a retroactive window for eligibility changes to be made up to ninety (90) days after the end of the coverage period affected, including activation or termination of coverage and other variations that may occur due to status changes. UT System will retroactively adjust the payment of administrative fees to ensure agreement with updated eligibility information.

For situations in which an urgent change to a participant's enrollment record is needed, Contractor must accept emergency updates, to be transmitted via a controlled and standardized process. For the commercial plan, such updates must be processed, Contractor's database updated, and confirmation of the change sent within four (4) business hours of receipt of a valid request. For the Part D plan, such updates which generally require action by CMS must be acknowledged, forwarded to CMS as applicable, and an estimated timeline provided for completion of the requested change within four (4) business hours of receipt of a valid request.

Contractor must provide a website or other mechanism allowing designated UT System staff to view Contractor's enrollment and claims information in real time for purposes of reviewing and resolving urgent issues. This system must utilize two-factor authentication (2FA) for administrative access by UT System staff.

Contractor must have procedures in place to identify irregularities with access to data, including unauthorized access to PHI, report such instances to UT System as soon as possible, to allow UT System sufficient time to respond to the incident in accordance with state and federal law requirements. Identification of Contractor's privacy officer at the time of implementation will be required.

For service requests and issues resolution, Contractor must provide UT System with an implementation plan and timeline for resolution within forty-eight (48) hours from receipt of UT System's request or notification.

Contractor is required to exchange eligibility and claims information electronically with contracted administrator of the UT FLEX Plan to facilitate the administration and adjudication of claims submitted for reimbursement under a plan participant's Healthcare Expense Reimbursement Account. Contractor is required to provide claims information electronically to the TPA(s) for the medical plans to be used for member health management and calculation of out-of-pocket accumulators. Contractor must designate an appropriate technical contact as required for the Implementation and Account Management Teams and must ensure that all information systems requests from System and issues reported by System are given priority positioning and thoroughly analyzed to ensure timely and accurate resolution.

E. Financial Requirements & Pricing

The prescription drug plans are financed on a fully self-funded basis. The contract to be executed in accordance with this document shall involve no insurance or reinsurance. The contract must be for administrative services, pharmacy network management and credentialing, establishment and maintenance of the formulary used in connection each prescription drug plan, formulary rebate administration, drug utilization review, and disease management services and Medicare Part D Retiree Drug Subsidy administration as described within this RFP, and must be executed in accordance with the requirements outlined in the Contract. Other financial requirements may be further outlined in this RFP.

The Contractor shall recover any costs related to this RFP and Contract requirements only by making provision for such expense in **Section 6** included with the response to this RFP.

1. Payment Methodology for Administrative Fees and Claims

For each monthly coverage period, UT System shall pay Contractor PEPM administrative fees which may become due under the Contract within sixty (60) days from the beginning of the coverage month based on UT System's self-bill. Specific details on the requirements for the payment of the PEPM administrative fee, including the self-bill, are included in the technical and data exchange requirements section of this RFP. Billable fees associated with utilization of specific administrative services will be paid on the same schedule provided Contractor presents invoices for such fees in a timely manner on a monthly basis.

Contractor must process and pay all claims submitted under the prescription drug plans as described herein and in the Contract. Contractor must pay claims through the issuance of drafts or through Electronic Funds Transfer (EFT) from Contractor's account prior to seeking reimbursement from UT System. On at least a biweekly basis, Contractor must present an invoice to UT System for claim payments made during the previous invoice period. Contractor must be responsible for maintaining its own funds which are sufficient to provide for the costs incurred under the PDP. All payments from Contractor to UT System must be by ACH or other electronic fund transfer methods. Contractor is responsible for the escheatment process in accordance with Texas law for any payments disbursed on behalf of the PDP.

Due to the timing of the reimbursements, Contractor could potentially be required to advance up to four (4) weeks of claim payments before being reimbursed by UT System. It is estimated that during the first year of the Contract, two (2) weeks of claim payments shall average approximately \$18 million.

Contractor shall be reimbursed only for actual payments to pharmacies (i.e., it is not acceptable for Contractor to seek reimbursement from UT System in an amount that is different from the amount Contractor paid to the pharmacy). Contractor shall be reimbursed only for paid claims, and shall not be reimbursed for claims that have been processed but not yet paid to pharmacies.

If Contractor's contracts with providers include payment on a capitation basis, such capitation must be submitted and reimbursed as any other claim as described above. Reimbursement of capitated amounts shall be subject to adequate documentation presented by Contractor. Such documentation must include the provider's name, the number of UT SELECT participants included in each capitation arrangement, and the amount of the capitation.

[Section 51.012 of the Texas Education Code](#) authorizes UT System to make any payment through electronic funds transfer (or by electronic pay card). Contractor must confirm the ability to receive reimbursement payments from UT System through ACH or other electronic fund transfer methods. Banking information will be verified during implementation. Any changes to Contractor's banking information must be communicated in writing to UT System at least thirty (30) days in advance of the effective date of the change.

2. Runoff

Following expiration or termination of the Contract for any reasons, Contractor must continue to be responsible for processing and paying claims which were incurred during the term of the Contract. The cost of such run-off administration should be accounted for in the proposed administrative fee (ref. **Section 6** of this RFP). UT System will not incur

additional administrative fees during the run-off period. The current contracting Contractor is responsible for processing and payment of all claims incurred prior to September 1, 2019 for the UT SELECT Prescription plan and January 1, 2020 for the UT SELECT Part D plan.

3. Annual Experience Accounting

Within ninety (90) days after the end of each Fiscal Year (UT SELECT Prescription plan) and Calendar Year (UT SELECT Part D plan), Contractor must provide UT System with a complete accounting of the UT SELECT Prescription plan and the UT SELECT Part D plan financial experience under the Contract. The accounting must include detail regarding monthly enrollment, paid claims, administrative fees, rebates or other pharmaceutical manufacturer's revenue returned to UT System, contractual guarantees, federal subsidies, and performance guarantees. In addition, Contractor must provide UT System with any other experience data and accounting information that UT System may reasonably require. Additional information in this regard will be provided post Contract award.

4. Audit

UT System contracts with an independent auditor to conduct an annual audit of its prescription benefit claims and the Contractor's PDP administration to determine both the adequacy of Contractor's procedures for the payment of claims and the accuracy of claim payments. UT System will provide Contractor with a minimum of thirty (30) days' notice prior to commencement of the audit.

In addition to audits that may be conducted by the State Auditor, UT System may, at its sole discretion, conduct other audits of Contractor as deemed necessary. UT System shall determine the scope of each audit. Contractor is required to fully support all audit-related activities and to cooperate in good faith with the auditor. Contractor must maintain readily available data that is accessible electronically as well as through hard copy, such that it can meet a reasonable timeline and provide timely responses for audit purposes. SECTION 6

PRICING AND DELIVERY SCHEDULE

Proposal of: _____
(Proposer Company Name)

To: The University of Texas System

RFP No.: RFP # 720-1914 Pharmacy Benefit Management Services

UT System requires proposals to be submitted under a Transparent Financial Arrangement such that the Contractor commits to pass through to UT System any and all federal funding, pharmaceutical manufacturer rebates, and any other type of revenue generated from the prescription drug utilization of UT SELECT participants.

Requirements Applicable to Proposed Fee Arrangements

- a) The Price Proposal must be guaranteed for the three (3)-year period beginning September 1, 2019.
- b) The Price Proposal must be adequate to cover all expenses incurred by Contractor for implementation of the Contract and for the performance of all services and other matters as described herein and in the Contractual Agreement, including those performed prior to and during the initial three (3)-year term of the Contract as well as during any runoff period following termination of the Contract.
- c) The costs for providing case management services for critical disease conditions shall be included in **Section 6.1** of this RFP.
- d) Contractor must coordinate benefits with other prescription drug coverages and include the cost of such service in **Section 6.1** of this RFP.
- e) Contractor must use Medi-Span as the basis for determining whether a drug is brand (multisource code field contains an M, N or O) or generic (multisource code field contains a Y). No other source of brand / generic determination will be acceptable for pricing purposes. This determination must be applicable for all purposes under the contract, including guarantee reconciliations.
- f) All AWP discount guarantees must be a direct savings off of AWP and are not the result of incremental savings due to repackaging of drugs or blending non-Maximum Allowable Cost generics to achieve a higher brand discount.
- g) On a quarterly basis, Contractor must reconcile the actual average ingredient cost discount and the actual average dispensing fee paid to retail pharmacies against the proposed aggregate guarantees for retail drugs.
 - 1) If the actual average ingredient cost discount for brand or generic drugs for the UT SELECT Prescription Plan and / or UT SELECT Part D Plan is less than the corresponding aggregate ingredient cost discount guarantee, or if the actual average dispensing fee for the UT SELECT Prescription Plan and / or UT SELECT Part D Plan is greater than the aggregate dispensing fee guarantee, Contractor will pay the full dollar amount of such shortfall to UT System on a quarterly basis.

- 2) Each guarantee stands on its own. As an example, Contractor may not offset discount guarantees shortfalls on generic retail prescriptions with overages from generic guarantees at mail order or retail brand guarantees.
 - 3) The reconciliation and payment, if any, along with supporting documentation will be provided to UT System within ninety (90) days of the end of each Fiscal Year (UT SELECT Prescription Plan) or Calendar Year (UT SELECT Part D Plan) quarter.
 - 4) Claims adjudicated on the basis of Usual and Customary (U&C) pricing will not be considered in determining compliance with the brand and generic guaranteed discount rates. All other transactions are to be included, including specialty drugs.
- h) Contractor must conduct a similar reconciliation for drugs dispensed through (a) the mail pharmacy and (b) the specialty pharmacy as described in **Section g** above.
 - i) Pricing guarantees must be applied separately for each pharmacy category (retail, mail and specialty pharmacy) and pharmacy program (UT SELECT Prescription Plan and UT SELECT Part D Plan).
 - j) Pricing reconciliation must be separate and apart from the rebate reconciliation described in **Section k** below.
 - k) Contractor must provide UT System with the greater of (i) 100% of total rebates received by Contractor based on the dispensing of each manufacturer's formulary drugs under the PDPs and (ii) the proposed guaranteed rebates.
 - 1) Guaranteed rebates will be paid within thirty (30) days of the end of each Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter. The Contractor will provide documentation for such payments.
 - 2) Each quarter, Contractor must reconcile and pay the excess, if any, of (a) the actual total rebates received for that Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter over (b) the total guaranteed rebates paid to UT System for that Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter. Contractor will provide UT System with full documentation of this reconciliation.
 - 3) Rebates received by Contractor after completion of the reconciliation described above that would have impacted the determination described therein will be refunded to UT System upon receipt.
 - 4) The rebate reconciliation will be separate and apart from the pricing reconciliation as described above in **Section g** through **Section j**.
 - l) Rebates must not be contingent upon days' supply or acceptance of any programs whatsoever.
 - m) Coverages provided by UT System are exempt from any state tax, regulatory fee, or surcharge, including premium or maintenance taxes or fees. The administrative fee, if any, must not include any provision for such taxes or fees.
 - n) Contractor must pass through to UT System any and all federal funding, pharmaceutical manufacturer rebates and any other type of revenue generated from the prescription drug utilization of the UT SELECT Prescription Plan and the UT SELECT Part D Plan.

- o) Contractor may not bill UT System for an amount that is different from the amount paid to a retail pharmacy in connection with a prescription drug dispensed through the retail pharmacy.

GENERAL INFORMATION

1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the services to be performed, the detailed requirements of the services to be provided, and the conditions under which such services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4** of **APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (**FAX**) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (ref. [Chapter 552, Government Code](#)). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§[552.101](#), [552.104](#), [552.110](#), [552.113](#), and [552.131](#), *Government Code*.

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. **Section 2.5.4** of this RFP). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University in the format required by Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, **TPSS**). Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#). University may also revoke this Agreement for breach and make a claim against Contractor.

12.26.1 **Changes to the HSP.** If at any time during the Term, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with [34 TAC §20.14](#); (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with **Section 12.6** to replace the HSP with the revised subcontracting plan.

12.26.2 **Expansion of Work.** If University expands the scope of Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities *not* identified in the initial solicitation for Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of [34 TAC §20.14](#) before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with [34 TAC §20.14](#), Contractor will be deemed to be in breach of this Agreement under **Section 8** and will be subject to any remedial actions provided by Applicable Laws, including [Chapter 2161, Texas Government Code](#), and [34 TAC §20.14](#). University may report nonperformance under this Agreement to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#).

Contractor will determine on a case-by-case basis whether each individual assigned to perform Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University's premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform Work on University's premises.

Contractor will provide University an updated certification letter each time there is a change in the individuals on the List.

- 12.28 **External Terms.** This Agreement completely supplants, replaces, and overrides all other terms and conditions or agreements, written or oral, concerning Contractor's performance or provision of goods or services under this Agreement (**External Terms**). External Terms include any shrinkwrap, clickwrap, browsewrap, web-based terms and conditions of use, and any other terms and conditions displayed in any format that University or its employees, contractors, or agents are required to accept or agree to before or in the course of accessing or using any goods or services provided by Contractor.
- 12.29 INTENTIONALLY OMITTED
- 12.30 **Discrimination Prohibited.** University and Contractor will abide by the requirements of [41 CFR §§60-1.4\(a\)](#), [60-300.5\(a\)](#) and [60-741.5\(a\)](#) (collectively, **Regulations**). The RFP and Response as amended by these Clarifications, which shall remain on file as **EXHIBIT A**, are both incorporated herein by reference for all purposes as if both are restated in full. To the extent that the terms of this Agreement conflict with **EXHIBIT A**, the terms of this Agreement shall prevail. To the extent the terms of the RFP conflict with the Response, the RFP shall prevail unless the conflict is addressed on the Clarifications appended to the Response.
- 12.33 **Contractor Certification regarding Boycotting Israel.** Pursuant to Chapter 2270, *Texas Government Code* Contractor certifies Contractor (1) does not currently boycott Israel; and (b) will not boycott Israel during the Term of this Agreement. Business Associate shall require reasonable assurances from persons receiving PHI in accordance with Section 2(c) that such persons will provide Covered Entity with similar notice and opportunity to object before disclosing PHI when a disclosure is required by law.

c. Additional Restrictions. If Covered Entity notifies Business Associate that Covered Entity has agreed to be bound by additional restrictions on the uses or disclosures of Covered Entity's PHI pursuant to HIPAA or the HIPAA Regulations, Business Associate shall be bound by such additional restrictions and shall not disclose Covered Entity's PHI in violation of such additional restrictions to the extent possible consistent with Business Associate's obligations set forth in the Underlying Agreement.

d. Restrictions Pursuant to Subject's Request. If it is not feasible to terminate the contract, Business Associate must promptly notify the Covered Entity.

Business Associate shall, as soon as practicable but not more than five (5) business days after becoming aware of any successful security incident or use or disclosure of Covered Entity's PHI or Sensitive Personal Information in violation of this Agreement, report any such use or disclosure to

Covered Entity. With the exception of law enforcement delays that satisfy the requirements under 45 C.F.R. § 164.412 or as otherwise required by applicable state law, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than ten (10) calendar days upon discovery of a Breach of Unsecured PHI or Breach of Security System. Business Associate shall document and keep current such security measures and safeguards and make them available to Covered Entity for inspection upon reasonable request including summaries of any internal or external assessments Business Associate performed related to such security controls and safeguards. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (1) failure to detect or (2) detection but failure to require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement or termination rights under this Agreement. In addition, Business Associate shall, as directed by Covered Entity, incorporate any amendments to Covered Entity's PHI into copies of such information maintained by Business Associate. In the event that any individual requests amendment of PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five (5) business days.

c. Accounting of Disclosures of PHI.

1) Record of Disclosures. Business Associate shall maintain a record of all disclosures of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, except for those disclosures identified in Section 6(c)(2) below, including the date of the disclosure, the name and, if known, the address of the recipient of the PHI, a brief description of the PHI disclosed, and the purpose of the disclosure which includes an explanation of the reason for such disclosure. - 2) immediately terminate this Agreement and the Underlying Agreement if cure is not possible.

d. Injunctions. Covered Entity and Business Associate agree that any violation of the provisions of this Agreement may cause irreparable harm to Covered Entity. Accordingly, in addition to any other remedies available to Covered Entity at law or in equity, Covered Entity shall be entitled to seek an injunction or other decree of specific performance with respect to any violation of this Agreement or explicit threat thereof, without any bond or other security being required and without the necessity of demonstrating actual damages.

- 12.19.1 Contractor's claims for breach of this Agreement that the parties cannot resolve pursuant to other provisions of this Agreement or in the ordinary course of business will be submitted to the negotiation process provided in [subchapter B](#) of Chapter 2260. To initiate the process, Contractor will submit written notice, as required by [subchapter B](#) of Chapter 2260, to University in accordance with the notice provisions in this Agreement. Contractor's notice will specifically state that the provisions of [subchapter B](#) of Chapter 2260 are being invoked, the date and nature of the event giving rise to the claim, the specific contract provision that University allegedly breached, the amount of damages Contractor seeks, and the method used to calculate the damages. Compliance by Contractor with [subchapter B](#) of Chapter 2260 is a required prerequisite to Contractor's filing of a contested case proceeding under [subchapter C](#) of Chapter 2260. any counterclaim and negotiate with Contractor in an effort to resolve the claims.

12.19.2 If the parties are unable to resolve their disputes under **Section 12.19.1**, the contested case process provided in [subchapter C](#) of Chapter 2260 is Contractor's sole and exclusive process for seeking a remedy for any and all of Contractor's claims for breach of this Agreement by University.

12.19.3 Compliance with the contested case process provided in [subchapter C](#) of Chapter 2260 is a required prerequisite to seeking consent to sue from the Legislature under [Chapter 107, Texas Civil Practices and Remedies Code](#). The parties hereto specifically agree that (i) neither the execution of this Agreement by University nor any other conduct, action or inaction of any representative of University relating to this Agreement constitutes or is intended to constitute a waiver of University's or the state's sovereign immunity to suit and (ii) University has not waived its right to seek redress in the courts.

12.19.2 The submission, processing and resolution of Contractor's claim is governed by the published rules adopted by the Texas Attorney General pursuant to [Chapter 2260](#), as currently effective, thereafter enacted or subsequently amended.

12.19.3 University and Contractor agree that any periods provided in this Agreement for notice and cure of defaults are not waived.

12.20 **Undocumented Workers.** The *Immigration and Nationality Act* ([8 USC §1324a](#)) (**Immigration Act**) makes it unlawful for an employer to hire or continue employment of undocumented workers. Among other things, Contractor is required to: (1) have all employees complete and sign the I-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the I-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the I-9 Form, and complete the certification portion of the I-9 Form; and (4) retain the I-9 Form as required by Applicable Laws. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, University may terminate this Agreement in accordance with **Section 8**. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University employees to violate University's Conflicts of Interest Policy, University's Standards of Conduct Guide, or applicable state ethics laws or rules. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this Agreement.

Proposers may learn more about these disclosure requirements, including the use of TEC's electronic filing system, by reviewing the information on TEC's website at https://www.ethics.state.tx.us/whatsnew/FAQ_Form1295.html.

12.23 **Enforcement.** Contractor agrees and acknowledges that University is entering into this Agreement in reliance on Contractor's special and unique knowledge and abilities with respect to performing Work. Contractor's services provide a peculiar value to University. University cannot be reasonably or adequately compensated in damages for the loss of Contractor's services. Accordingly, Contractor acknowledges and agrees that a breach by Contractor of the provisions of this Agreement will cause University irreparable injury and damage. Contractor, therefore, expressly agrees that University will be entitled to injunctive and/or other equitable relief in any court of competent jurisdiction to prevent or otherwise restrain a breach of this Agreement.

12.24 **Access by Individuals with Disabilities. Access by Individuals with Disabilities.** Contractor represents and warrants (**EIR Accessibility Warranty**) the electronic and information resources and all associated information, documentation, and support Contractor provides to University under this Agreement (**EIRs**) comply with applicable requirements in [1 TAC Chapter 213](#) and [1 TAC §206.70](#) (ref. [Subchapter M, Chapter 2054, Texas Government Code](#)). To the extent Contractor becomes aware the EIRs, or any portion thereof, do not comply with the EIR Accessibility Warranty, then Contractor represents and warrants it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. If Contractor fails or is unable to do so, University may terminate this Agreement and, within thirty (30) days after termination, Contractor will refund to University all amounts University paid under this

Agreement.

Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#). University may also revoke this Agreement for breach and make a claim against Contractor.
- 12.26.1 **Changes to the HSP.** If at any time during the Term, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with [34 TAC §20.14](#); (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with **Section 12.6** to replace the HSP with the revised subcontracting plan.
- 12.26.2 **Expansion of Work.** If University expands the scope of Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities *not* identified in the initial solicitation for Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of [34 TAC §20.14](#) before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with [34 TAC §20.14](#), Contractor will be deemed to be in breach of this Agreement under **Section 8** and will be subject to any remedial actions provided by Applicable Laws, including [Chapter 2161, Texas Government Code](#), and [34 TAC §20.14](#). University may report nonperformance under this Agreement to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#).

Prior to commencing Work, Contractor will (1) provide University with a list (**List**) of all individuals who may be assigned to perform Work on University's premises and (2) have an appropriate criminal background screening performed on all the individuals on the List. Contractor will determine on a case-by-case basis whether each individual assigned to perform Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University's premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform Work on University's premises.

Business Associate may also disclose Covered Entity's PHI for such proper management and administration of Business Associate and to carry out the legal responsibilities of Business Associate. Any such disclosure of PHI shall only be made in accordance with the terms of this Agreement, including Section 5(c) if to an agent or subcontractor of Business Associate, and only if Business Associate

obtains reasonable written assurances from the person to whom the PHI is disclosed that: (1) the PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the person, and (2) Business Associate will be notified by such person of any instances of which it becomes aware in which the confidentiality of the PHI has been breached.

- d. Data Aggregation. Business Associate may use and disclose PHI received by Business Associate in its capacity as Covered Entity's business associate in order to provide Data Aggregation services relating to Covered Entity's health care operations only with Covered Entity's permission.
- e. Business Associate may use and disclose de-identified health information if written approval from the Covered Entity is obtained, and the PHI is de-identified in compliance with the HIPAA Rules.

a. As Provided in Agreement. Business Associate shall not use or further disclose Covered Entity's PHI other than as permitted or required by this Agreement or as Required by Law (as that term is defined by 45 C.F.R. § 164.103).

b. Disclosures Required By Law. Business Associate shall not, without prior written consent of Covered Entity, disclose any PHI on the possibility that such disclosure is required by law without notifying, to the extent legally permitted, Covered Entity so that the Covered Entity shall have an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such a disclosure, Business Associate, shall, to the extent permissible by law, refrain from disclosing the PHI until Covered Entity has exhausted all alternatives for relief. Business Associate shall require reasonable assurances from persons receiving PHI in accordance with Section 2(c) that such persons will provide Covered Entity with similar notice and opportunity to object before disclosing PHI when a disclosure is required by law.

c. Additional Restrictions. If Covered Entity notifies Business Associate that Covered Entity has agreed to be bound by additional restrictions on the uses or disclosures of Covered Entity's PHI pursuant to HIPAA or the HIPAA Regulations, Business Associate shall be bound by such additional restrictions and shall not disclose Covered Entity's PHI in violation of such additional restrictions to the extent possible consistent with Business Associate's obligations set forth in the Underlying Agreement.

d. Restrictions Pursuant to Subject's Request. If Business Associate has knowledge that an individual who is the subject of PHI in the custody and control of Business Associate has requested restrictions on the disclosure of PHI, Business Associate must comply with the requested restriction if (a) the Covered Entity agrees to abide by the restriction; or (b) the disclosure is to a health plan for purposes of carrying out payment or health care operations and the PHI pertains solely to a health care item or service for which Covered Entity has been paid out of pocket in full. If the use or disclosure of PHI in this Agreement is based upon an Individual's specific authorization for the use or disclosure of his or her PHI, and the Individual revokes such authorization, the effective date of such authorization has expired, or such authorization is found to be defective in any manner that renders it invalid, Business Associate shall, if it has notice of such revocation, expiration, or invalidity, cease the use and disclosure of the Individual's PHI except to the extent it has relied on such use or disclosure, or if an exception under the Privacy Rule expressly applies.

e. Remuneration. Business Associate shall not directly or indirectly receive remuneration in exchange for disclosing PHI received from or on behalf of Covered Entity except as permitted by HITECH Act § 13405, the MRPA, and any implementing regulations that may be promulgated or revised from time to time.

f. Disclosure. Business Associate shall not use or disclose PHI in a manner that would violate Subpart E of 45 C.F.R. part 164, or MRPA, if done by the Covered Entity itself except as authorized under Section 2 of this Agreement.

4. Minimum Necessary. Business Associate shall limit its uses and disclosures of, and requests for, PHI, to the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request.

5. Additional Business Associate Obligations.

a. Safeguards. Business Associate shall use appropriate safeguards and comply with Subpart C of 45 C.F.R. 164 with respect to electronic PHI to prevent use or disclosure of the PHI other than as provided for by this Agreement. Business Associate shall implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any paper or electronic PHI it creates, receives, maintains, or transmits on behalf of Covered Entity.

b. To the extent the Business Associate is to carry out one or more of Covered Entity's obligation(s) under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to the Covered Entity in the performance of the obligations.

c. Business Associate's Agents and Subcontractors.

1) Business Associate shall ensure that any agents and subcontractors to whom it provides PHI agree to only create, receive, maintain or transmit PHI on behalf of the Business Associate under the same restrictions that apply to Business Associate. Such agreement between Business Associate and subcontractor or agent must be in writing and must comply with the terms of this Agreement and the requirements outlined at 45 C.F.R. §164.504(e)(2); 45 C.F.R. §164.502(e)(1)(ii); 45 C.F.R. §164.314; and 45 C.F.R. §164.308(b)(2). Additionally, Business Associate shall ensure agent or subcontractor agree to and implement reasonable and appropriate safeguards to protect PHI.

2) If Business Associate knows of a pattern of activity or practice of its subcontractor or agent that constitutes a material breach or violation of the agent or subcontractor's obligation under the contract or other arrangement, the Business Associate must take steps to cure the breach and end the violation and if such steps are not successful, must terminate the contract or arrangement if feasible. If it is not feasible to terminate the contract, Business Associate must promptly notify the Covered Entity.

d. Reporting. Business Associate shall, as soon as practicable but not more than five (5) business days after becoming aware of any successful security incident or use or disclosure of Covered Entity's PHI or Sensitive Personal Information in violation of this Agreement, report any such use or disclosure to Covered Entity. With the exception of law enforcement delays that satisfy the requirements under 45 C.F.R. § 164.412 or as otherwise required by applicable state law, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than ten (10) calendar days upon discovery of a Breach of Unsecured PHI or Breach of Security System. Such notice must include, to the extent possible, the name of each individual whose Unsecured PHI or Sensitive Personal Information has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such breach. Business Associate shall also provide, to the extent possible, Covered Entity with any other available information that Covered Entity is required to include in its notification to individuals under 45 C.F.R. § 164.404(c) and Section 521.053, Texas Business & Commerce Code at the time of Business Associate's notification to Covered Entity or promptly thereafter as such information becomes available. For purposes of this Agreement, a Breach of Unsecured PHI or Breach of Security

System shall be treated as discovered by Business Associate as of the first day on which such breach is known to Business Associate (including any person, other than the individual committing the breach, who is an employee, officer, or other agent of Business Associate, as determined in accordance with the federal common law of agency) or should reasonably have been known to Business Associate following the exercise of reasonable diligence.

e. Mitigation. Business Associate shall have procedures in place to mitigate, to the maximum extent practicable, any deleterious effect from any Use or Disclosure (as defined by 45 C.F.R. §160.103).

f. Sanctions. Business Associate shall apply appropriate sanctions in accordance with Business Associate's policies against any employee, subcontractor or agent who uses or discloses Covered Entity's PHI in violation of this Agreement or applicable law.

g. Covered Entity's Rights of Access and Inspection. Business Associate shall document and keep current such security measures and safeguards and make them available to Covered Entity for inspection upon reasonable request including summaries of any internal or external assessments Business Associate performed related to such security controls and safeguards. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (1) failure to detect or (2) detection but failure to require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement or termination rights under this Agreement. This Section shall survive termination of this Agreement.

h. United States Department of Health and Human Services. Business Associate shall make its internal practices, books and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary of the United States Department of Health and Human Services for purposes of determining Covered Entity's compliance with HIPAA and the HIPAA regulations, provided that Business Associate shall promptly notify Covered Entity upon receipt by Business Associate of any such request for access by the Secretary of the United States Department of Health and Human Services, and shall provide Covered Entity with a copy thereof as well as a copy of all materials disclosed pursuant thereto, unless otherwise prohibited by law.

In addition, Business Associate shall, as directed by Covered Entity, incorporate any amendments to Covered Entity's PHI into copies of such information maintained by Business Associate. In the event that any individual requests amendment of PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five (5) business days.

c. Accounting of Disclosures of PHI.

1) Record of Disclosures. Business Associate shall maintain a record of all disclosures of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, except for those disclosures identified in Section 6(c)(2) below, including the date of the disclosure, the name and, if known, the address of the recipient of the PHI, a brief description of the PHI disclosed, and the purpose of the disclosure which includes an explanation of the reason for such disclosure. Business Associate shall make this record available to Covered Entity upon Covered Entity's request. If Business Associate maintains records in electronic form, Business Associate shall account for all disclosures made during the period of three (3) years preceding the request. In the event that any individual requests an accounting of disclosures of PHI directly from Business Associate, Business Associate shall notify Covered Entity within five (5) business days that such request has been made and provide Covered Entity with a record of disclosures within ten (10) days of an individual's request. 2) immediately terminate this Agreement and the Underlying Agreement if cure is not possible.

d. Injunctions. Covered Entity and Business Associate agree that any violation of the provisions of this Agreement may cause irreparable harm to Covered Entity. Accordingly, in addition to any other remedies available to Covered Entity at law or in equity, Covered Entity shall be entitled to seek an injunction or other decree of specific performance with respect to any violation of this Agreement or explicit threat thereof, without any bond or other security being required and without the necessity of demonstrating actual damages.

Access by Individuals with Disabilities.** Contractor represents and warrants (**EIR Accessibility Warranty**) the electronic and information resources and all associated information, documentation, and support Contractor provides to University under this Agreement (**EIRs**) comply with applicable requirements in [1 TAC Chapter 213](#) and [1 TAC §206.70](#) (ref. [Subchapter M, Chapter 2054, Texas Government Code](#)). To the extent Contractor becomes aware the EIRs, or any portion thereof, do not comply with the EIR Accessibility Warranty, then Contractor represents and warrants it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. If Contractor fails or is unable to do so, University may terminate this Agreement and, within thirty (30) days after termination, Contractor will refund to University all amounts University paid under this

Agreement.

- 12.25 **HIPAA Compliance.** University is a HIPAA Covered Entity and some of the information Contractor receives, maintains or creates for or on behalf of University may constitute Protected Health Information (**PHI**) that is subject to HIPAA. Before Contractor may receive, maintain or create any University Records subject to HIPAA, Contractor will execute the HIPAA Business Associate Agreement (**BAA**) in **Exhibit D**, HIPAA Business Associate Agreement. To the extent that the BAA conflicts with any term contained in this Agreement, the terms of the BAA will control.
- 12.26 **Historically Underutilized Business Subcontracting Plan.** Contractor agrees to use good faith efforts to subcontract Work in accordance with the Historically Underutilized Business Subcontracting Plan (**HSP**) (ref. **Exhibit E**). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University in the format required by Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, **TPSS**). Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#). University may also revoke this Agreement for breach and make a claim against Contractor.
- 12.26.1 **Changes to the HSP.** If at any time during the Term, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with [34 TAC §20.14](#); (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with **Section 12.6** to replace the HSP with the revised subcontracting plan.
- 12.26.2 **Expansion of Work.** If University expands the scope of Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities *not* identified in the initial solicitation for Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of [34 TAC §20.14](#) before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with [34 TAC §20.14](#), Contractor will be deemed to be in breach of this Agreement under **Section 8** and will be subject to any remedial actions provided by Applicable Laws, including [Chapter 2161, Texas Government Code](#), and [34 TAC §20.14](#). University may report nonperformance under this Agreement to the TPSS in accordance with [34 TAC §§20.101 through 20.108](#).

12.27 **Responsibility for Individuals Performing Work; Criminal Background Checks.** Each individual who is assigned to perform Work under this Agreement will be an employee of Contractor or an employee of a subcontractor engaged by Contractor. Contractor is responsible for the performance of all individuals performing Work under this Agreement. Prior to commencing Work, Contractor will (1) provide University with a list (**List**) of all individuals who may be assigned to perform Work on University's premises and (2) have an appropriate criminal background screening performed on all the individuals on the List. Contractor will determine on a case-by-case basis whether each individual assigned to perform Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University's premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform Work on University's premises.

Prior to commencing performance of Work under this Agreement, Contractor will provide University a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University an updated certification letter each time there is a change in the individuals on the List.

12.28 **External Terms.** This Agreement completely supplants, replaces, and overrides all other terms and conditions or agreements, written or oral, concerning Contractor's performance or provision of goods or services under this Agreement (**External Terms**). External Terms are null and void and will have no effect under this Agreement, even if University or its employees, contractors, or agents express assent or agreement to External Terms. External Terms include any shrinkwrap, clickwrap, browswrap, web-based terms and conditions of use, and any other terms and conditions displayed in any format that University or its employees, contractors, or agents are required to accept or agree to before or in the course of accessing or using any goods or services provided by Contractor.

12.29 INTENTIONALLY OMITTED

12.30 **Discrimination Prohibited.** University and Contractor will abide by the requirements of [41 CFR §§60-1.4\(a\)](#), [60-300.5\(a\)](#) and [60-741.5\(a\)](#) (collectively, **Regulations**). The regulations (1) prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and (2) prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. 12.32 **Incorporation of the Request for Proposal and Contractor's Response into the Agreement; Interpretation.** System issued a document entitled "RFP No. 720-1914 Pharmacy Benefit Management Services" ("the RFP") to which Contractor submitted a response ("the Response") which was subsequently clarified by the Contractor to System in Writing (the Clarifications"). The RFP and Response as amended by these Clarifications, which shall remain on file as **EXHIBIT A**, are both incorporated herein by reference for all

purposes as if both are restated in full. To the extent that the terms of this Agreement conflict with **EXHIBIT A**, the terms of this Agreement shall prevail. To the extent the terms of the RFP conflict with the Response, the RFP shall prevail unless the conflict is addressed on the Clarifications appended to the Response.

- 12.33 **Contractor Certification regarding Boycotting Israel.** Pursuant to Chapter 2270, *Texas Government Code* Contractor certifies Contractor (1) does not currently boycott Israel; and (b) will not boycott Israel during the Term of this Agreement. Contractor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 12.34 **Contractor Certification regarding Business with Certain Countries and Organizations.** Pursuant to Subchapter F, Chapter 2252, *Texas Government*, Contractor certifies Contractor (1) is not engaged in business with Iran, Sudan, or a foreign terrorist organization. If it is not feasible to terminate the contract, Business Associate must promptly notify the Covered Entity.

d. Reporting. Business Associate shall, as soon as practicable but not more than five (5) business days after becoming aware of any successful security incident or use or disclosure of Covered Entity's PHI or Sensitive Personal Information in violation of this Agreement, report any such use or disclosure to Covered Entity. With the exception of law enforcement delays that satisfy the requirements under 45 C.F.R. § 164.412 or as otherwise required by applicable state law, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than ten (10) calendar days upon discovery of a Breach of Unsecured PHI or Breach of Security System. Such notice must include, to the extent possible, the name of each individual whose Unsecured PHI or Sensitive Personal Information has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such breach. Business Associate shall also provide, to the extent possible, Covered Entity with any other available information that Covered Entity is required to include in its notification to individuals under 45 C.F.R. § 164.404(c) and Section 521.053, Texas Business & Commerce Code at the time of Business Associate's notification to Covered Entity or promptly thereafter as such information becomes available. For purposes of this Agreement, a Breach of Unsecured PHI or Breach of Security

System shall be treated as discovered by Business Associate as of the first day on which such breach is known to Business Associate (including any person, other than the individual committing the breach, who is an employee, officer, or other agent of Business Associate, as determined in accordance with the federal common law of agency) or should reasonably have been known to Business Associate following the exercise of reasonable diligence.

e. Mitigation. Business Associate shall have procedures in place to mitigate, to the maximum extent practicable, any deleterious effect from any Use or Disclosure (as defined by 45 C.F.R. §160.103).

f. Sanctions. Business Associate shall apply appropriate sanctions in accordance with Business Associate's policies against any employee, subcontractor or agent who uses or discloses Covered Entity's PHI in violation of this Agreement or applicable law.

g. Covered Entity's Rights of Access and Inspection. From time to time upon reasonable notice, or upon a reasonable determination by Covered Entity that Business Associate has breached this Agreement, Covered Entity may inspect the facilities, systems, books and records of Business Associate related to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of Covered Entity or the safeguarding of such PHI to monitor compliance with this Agreement. Business Associate shall document and keep current such security measures and safeguards and make them available to Covered Entity for inspection upon reasonable request including summaries of any internal or external assessments Business Associate performed related to such security controls and safeguards. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (1) failure to detect or (2) detection but failure to require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement or termination rights under this Agreement. This Section shall survive termination of this Agreement.

h. United States Department of Health and Human Services. Business Associate shall make its internal practices, books and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary of the United States Department of Health and Human Services for purposes of determining Covered Entity's compliance with HIPAA and the HIPAA regulations, provided that Business Associate shall promptly notify Covered Entity upon receipt by Business Associate of any such request for access by the Secretary of the United States Department of Health and Human Services, and shall provide Covered Entity with a copy thereof as well as a copy of all materials disclosed pursuant thereto, unless otherwise prohibited by law.

i. Training. Business Associate shall provide such training in the privacy and security of PHI to its Workforce (as that term is defined by 45 C.F.R. § 160.103) as is required for Business Associate's compliance with HIPAA, HIPAA Regulations, HITECH, and the MRPA.

a. Access to PHI. Business Associate shall make available to Covered Entity, in the time and manner designated by the Covered Entity, such information as necessary to allow Covered Entity to meet its obligations under the HIPAA Regulations, PHI contained in a Designated Record Set held by Business Associate as Covered Entity may require to fulfill Covered Entity's obligations to provide access to, and copies of, PHI in accordance with HIPAA and the HIPAA Regulations and MRPA. b. Amendment of PHI. Business Associate shall make available to Covered Entity PHI contained in a Designated Record Set held by Business Associate as Covered Entity may require to fulfill Covered Entity's obligations to amend PHI in accordance with HIPAA and the HIPAA Regulations. In addition, Business Associate shall, as directed by Covered Entity, incorporate any amendments to Covered Entity's PHI into copies of such information maintained by Business Associate. In the event that any individual requests amendment of PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five (5) business days.

c. Accounting of Disclosures of PHI.

1) Record of Disclosures. Business Associate shall maintain a record of all disclosures of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, except for those disclosures identified in Section 6(c)(2) below, including the date of the disclosure, the name and, if known, the address of the recipient of the PHI, a brief description of the PHI disclosed, and the purpose of the disclosure which includes an explanation of the reason for such disclosure. Business Associate shall make this record available to Covered Entity upon Covered Entity's request. If Business Associate maintains records in electronic form, Business Associate shall account for all disclosures made during the period of three (3) years preceding the request. In the event that any individual requests an accounting of disclosures of PHI directly from Business Associate, Business Associate shall notify Covered Entity within five (5) business days that such request has been made and provide Covered Entity with a record of disclosures within ten (10) days of an individual's request. If the request from an individual comes directly to Covered Entity and Covered Entity notifies Business Associate that it requires information from Business Associate in order to respond to the individual, Business Associate shall make available to Covered Entity such information as Covered Entity may require within ten (10) days from the time of request by Covered Entity.

2) Certain Disclosures Need Not Be Recorded. The following disclosures need not be recorded:

a) disclosures to carry out Covered Entity's treatment, payment and health care operations as defined under the HIPAA Regulations;

b) disclosures to individuals of PHI about them as provided by the HIPAA Regulations;

d) disclosures for national security or intelligence purposes as provided by the HIPAA Regulations;

e) disclosures to correctional institutions or law enforcement officials as provided by the HIPAA Regulations;

f) disclosures that occurred prior to the later of (i) the Effective Date or (ii) the date that Covered Entity is required to comply with HIPAA and the HIPAA Regulations;

g) disclosures pursuant to an individual's authorization in accordance with HIPAA and the HIPAA Regulations; and

h) any other disclosures excepted from the right to an accounting by the HIPAA Regulations.

7. Material Breach, Enforcement and Termination.

2) immediately terminate this Agreement and the Underlying Agreement if cure is not possible.

d. Injunctions. Covered Entity and Business Associate agree that any violation of the provisions of this Agreement may cause irreparable harm to Covered Entity. Accordingly, in addition to any other remedies available to Covered Entity at law or in equity, Covered Entity shall be entitled to seek an injunction or other decree of specific performance with respect to any violation of this Agreement or explicit threat thereof, without any bond or other security being required and without the necessity of demonstrating actual damages.

e. Indemnification. This indemnification provision is enforceable against the Parties only to the extent authorized under the constitution and laws of the State of Texas. The Parties will indemnify, defend and hold harmless each other and each other's respective employees, directors, officers, subcontractors, agents or other members of its workforce, each of the foregoing hereinafter referred to as "indemnified party," against all actual and direct losses suffered by the indemnified party and all liability to third parties arising from or in connection with any breach of this Agreement or of any warranty hereunder or from any negligence or wrongful acts or omissions, including failure to perform its obligations under MRPA, HIPAA, the HIPAA Regulations, and the HITECH Act by the indemnifying party or its employees, directors, officers, subcontractors, agents or other members of its workforce.

b. Amendment. Covered Entity and Business Associate agree to enter into good faith negotiations to amend this Agreement to come into compliance with changes in state and federal laws and regulations relating to the privacy, security and confidentiality of PHI. Prior to doing so, Business Associate further agrees to recover any PHI in the possession of its subcontractors or agents. An authorized representative of Business Associate shall certify in writing to Covered Entity, within thirty (30) days from the date of termination or other expiration of the Underlying Agreement, that all PHI has been returned or disposed of as provided above and that Business Associate or its subcontractors or agents no longer retain any such PHI in any form.

2) If it is not feasible for Business Associate to return or destroy said PHI, Business Associate will notify the Covered Entity in writing. The notification shall include a statement that the Business Associate has determined that it is infeasible to return or destroy the PHI in its possession, and the specific reasons for such determination. Business Associate shall comply with the Security Rule and extend any and all protections, limitations and restrictions contained in this Agreement to Business Associate's use and/or disclosure of any PHI retained after the termination of this Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

3) If it is infeasible for Business Associate to obtain, from a subcontractor or agent any PHI in the possession of the subcontractor or agent, Business Associate must provide a written explanation to Covered Entity and require the subcontractors and agents to agree to comply with the Security Rule and extend any and all protections, limitations and restrictions contained in this Agreement to the subcontractors' and/or agents' use and/or disclosure of any PHI retained after the termination of this Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.
