## System Specific Website Requirements

### Content Specifications

The Contractor's System-specific website must include links to the following resources:

- Timely, relevant information for the plan;
- A link to the UT SELECT Benefit Guide, which is inclusive of the System's self-funded PPO Medical Plan and the PDP summary as approved by the System;
- A current, System-approved Formulary Listing. It is System's preference that the Formulary Listing be updated in advance of any planned changes. The listing must be user-friendly and must include the following search capabilities:
  - Search by medication name,
  - Search by alphabetical listing, and
  - Search by treatment category;
- A disclaimer stating that all preferred and non-preferred drug classifications are subject to change;
- An interactive tool to assist participants with identifying network pharmacies based on location;
- Customer service information, including phone numbers, mail and claim addresses, hours of operation, and guidelines for the complaint and appeals process;
- Electronic forms or email addresses for customer complaints and questions. Responses to email complaints should have no more than a 48-hour turnaround time. A tracking system for complaints submitted online, similar to the tracking of telephone complaints, must be in place with the ability to provide data and details to the System upon request;
- All necessary forms (e.g. claims forms) for participants. If forms are made available in PDF format, an easily identifiable link must be provided to download Adobe Acrobat Reader to enable participant viewing and printing;
- System's branding and a System-specific welcome message must be included to clearly indicate the site is specific to UT System and the PDP; and
- A link to the System's Employee Benefits website.

### Technical Specifications

If the Contractor provides a Web page that allows a participant to view specific individual information, the site must utilize secured protocol (https://) and require authentication. The site may not use the participant's Social Security number, in whole or part, as either the user identification or the password. The Benefits ID may be used as the user identification. Authentication via single sign-on (SSO) is strongly preferred over requiring a unique user identification and password specific to the site. The Contractor may also be asked to support SSO from sites or applications offered by other UT Benefits vendors. If available, two-factor authentication for members is preferred.

The System-specific website must be accessible to as many participants as possible. Therefore, the following specifications must be met:

- All website content must be clearly visible and functional in commonly used browsers;
- Entering a Social Security number should not be required at any time to access information on the website;
- The log-on page must not allow the browser to store the information entered in the cache. The auto-complete feature must be turned off for every form; and
- Two-factor authentication must be in place for any administrative access and is preferred for member access to private information.

**Detailed Claims Dataset Requirements**

The data fields listed below constitute the minimum information that must be provided for each claim on detailed claims datasets that the vendor will provide in support of their claims invoices. Each detailed claims dataset must be provided in a HIPAA-compliant, NCPDP-standard format.

- Unique Claim ID
- Service Date
- National Drug Code
- Therapeutic Class Code (ex. GCN#)
- Drug Name
- Drug Type Indicator (single source, multi-source, generic)
- Quantity
- Days Supply
- Maintenance Drug Indicator
- Formulary Drug Indicator
- Compound Code Indicator
- Specialty Indicator
- Adjustment Code (original claim, adjustment, etc.)
- Dispense as Written Code
- Subscriber Social Security Number
- Patient Social Security Number
- Patient Date of Birth
- Patient Relationship Code
- Pharmacy Number (NABP)
- Pharmacy Dispense Type (mail, retail, specialty)
- Pharmacy Name
- Date Pharmacy Paid
- Adjudication Date
- Average Wholesale Price (AWP)
- Wholesale Acquisition Cost (WAC)
- Ingredient Cost
- Dispensing Fee
- Member Pay the Difference Amount
- Deductible Amount
- Participant Copayment
- Plan Payment
- Pharmacy's Usual and Customary Charge
- Coordination of Benefit Indicator
- Pricing Formula used to Determine Ingredient Cost (AWP formula, MAC, usual and customary charge, etc.)
- Participant RDS Eligibility Indicator
- Drug RDS Eligibility Indicator

## ADDENDUM 1

DATE: April 30, 2020  
PROJECT: Pharmacy Benefit Management Services for the Self-funded UT SELECT Prescription Drug Plan and the UT SELECT Part D Prescription Plan  
RFP NO: 720-1914  
OWNER: The University of Texas System Administration  
TO: Prospective Bidders

This Addendum forms part of Contract Documents and modifies Bid Documents dated December 21st, 2018 with amendments and additions noted below.

### Questions and Answers:

- 1. Question:** In the EGWP detailed claims, we noticed that Part B drugs were included along with Part D and non-Part D drugs. How are Part B drugs covered today for the EGWP members?

**Answer:** *Please be aware that the detailed claims file (APPENDIX SIX) contains claims for both commercial and EGWP plans. The specific plan is identified by number in position 18 of each claim record, as described on page 7 of APPENDIX EIGHT.*

*For EGWP members, it would be expected that Part B drugs should generally be covered via their outside Part B coverage and Part D drugs should be covered under the EGWP plan.*

- 2. Question:** For the combined medical and pharmacy maximum out of pocket limit in the EGWP population, can you please clarify what the expectation is for the shared MOOP? Is it a family shared MOOP between medical, commercial pharmacy and EGWP? Or is it an individual MOOP between medical and EGWP? How many EGWP members have met the MOOP last year?

**For the EGWP integrated medical/pharmacy maximum out of pocket (MOOP), the 2018 plan document indicates that the \$7150 limit is “cost paid by yourself only”. Can the UT System confirm that the EGWP uses only the individual’s medical and pharmacy claims to calculate the MOOP, not the entire family’s out of pocket amounts?**

**Answer:** *Both a family shared MOOP and an individual MOOP need to be tracked for all participants, both commercial and EGWP. This includes medical out-of-pocket expenses as well as prescription out-of-pocket costs, potentially from both commercial and EGWP plans, depending on the individual and family participation in those plans. For EGWP participants who are eligible for the UT Benefits program as spouses or dependents and are tracked under their individual Benefits ID only for purposes of prescription coverage, it is expected that the Contractor will have processes in place to “marry” the spouse or dependent’s individual out-of-pocket prescription expenses back to the associated primary*

subscriber. This requires that the primary subscriber's Benefit ID or some other identifier continue to be associated with the spouse or dependent's records under the EGWP plan.

In response to how many EGWP members met the MOOP last year, the answer is under current review and will be shared in a future addendum.

**3. Question: When will the 2019 EGWP formulary be available?**

**Can the UT System provide the 2019 CMS formulary file, in Excel or TXT format, that would have been submitted to CMS? If the UT System formulary version wasn't submitted to CMS, could we please get a copy in Excel?**

**Answer:** Please refer to Addendum 3 to view the 2019 UT SELECT Part D formulary (in .pdf).

**4. Question: Can a full listing of UT owned pharmacies be provided?**

**Answer:** Yes. The pharmacies listed below are operated by UT institutions.

| NABP #  | NPI        | PHARMACY NAME                                       |
|---------|------------|-----------------------------------------------------|
| 5916208 | 1386026367 | UTMB Specialty Care Center (League City)            |
| 4520830 | 1306802384 | UTMB (Galveston)                                    |

| 4541480 | 1508965435 | UT MD Anderson Cancer Center Pharmacy               |
| 4538560 | 1235232372 | University Health Center - Tyler                    |

**5. Question: Will there be a carve out for specialty prescriptions or is the intention for specialty to be fully implemented within the PBM benefit?**

**Answer:** System intends that specialty prescription by fully implemented within the PBM benefit.

**6. Question: Is the requirement listed in section 5.2.1 of the RFP ("Proposer must have a net worth of at least \$500 million...") the only minimum requirement to be selected for PBM services? If no, please list all minimum requirements.**

**Answer:** Yes. This is the only minimum requirement. However, responses should demonstrate the Proposer's capability to address all areas as required in the Scope of Work.

**7. Question: Is the University looking to drive utilization "in-house?"**

**Answer:** System works in partnership with UT institutions who operate pharmacies to develop solutions that are mutually beneficial to the institutions, the self-funded PDPs, and, most importantly, to the plan participants. System is interested in exploring opportunities to encourage utilization of UT institution-based pharmacies, with careful consideration of potential financial impact to the plan and participants.

**8. Question:** Within Section 5.5, Additional Questions Specific to this RFP, Questions 67 through 74 of “F. Wellness / Condition Management” appear to fall under the “Part D Requirements & Integration” heading. Please advise if this was intended. If not, please advise if you are requesting responses based on programs for both the commercial and EGWP programs.

**Answer:** *No. The Wellness / Condition Management questions listed in the RFP document under the heading “F. Wellness / Condition Management” (items 112 through 119) should have been listed at one level higher in the outline, not as a subsection of the “Part D Requirements & Integration.” System expects that these questions will be responded to in reference to both the commercial and Part D Prescription Drug Plans.*

**9. Question:** Please confirm that Requirement 4 in Section C. Customer Service & Account Management of Section 5.4 – Scope of Work is applicable to the commercial population only, as there are specific CMS requirements that must be met for mailing and delivery of EGWP ID cards.

**Answer:** *As noted in Section 1.2 of the RFP, all requirements described in the RFP apply to both plans unless otherwise specified or prohibited by law. Where CMS requirements differ from the requirements listed in the RFP, including in reference to mailing and delivery of ID Cards, the CMS rules and requirements should prevail.*

**10. Question:** The Schedule of Deliverables beginning on Page 47 of 54 includes deliverables due following the response due date (e.g., Schedule Initial Implementation Meeting, due 2/15; Hold Initial Implementation Meeting, due 3/1). Are these activities required of all bidders or will notice be provided to the selected Contractor only?

**Answer:** *Deliverables listed as being due after the RFP response due date (February 1, 2019) are intended to be completed by the selected Contractor only.*

**11. Question:** Requirement 2.d in Section 5.4 Scope of Work states the Contractor is responsible for costs associated with subrogation activities and any associated litigation. Please confirm if this applies to Medicare or Medicaid subrogation. Is the System requesting commercial subrogation services in its RFP?

**Answer:** *System is requesting our Contractor, when appropriate, to provide services which foster and place our PDP plans in the best position to receive the outcome of pharmacy claim subrogation. Unless prevented from pursuing legally, subrogation would include claims paid by System for individuals who, at the time, were actually covered by Medicare or Medicaid; thereby rendering our Plan subrogation rights to recapture claim payment.*

*Subrogation services are related only to the participant in our PDP plans and not considered a commercial endeavor.*

**12. Question:** What is the average annual cost for subrogation activities and associated litigation?

**Answer:** *System has the current Contractor performing subrogation services; therefore, we are unable to provide what average annual cost is incurred by their organization on that endeavor. Currently, the contracted vendor provides System informant with any class*

*action law suits and asks if System would like to participate. Based on potential recoupment of dollars, System will either opt in or choose to not participate. Any settlements are paid at a later date. The paperwork and associated reports for any given class action are handled by the PBM on our behalf.*

**13. Question: Are you able to name the State and Federal government institutional programs that will submit claims?**

**Answer:** *Aside from Medicare and/or VA related claims, in rare instances it is possible a member may receive services from a state or federal government institution or facility. In such an event, if services are not paid by the state or federal provider, the services may be eligible for coverage under the UT SELECT Medical plan. In such a case, the claim should be processed as any other claim.*

**14. Question: Will UT System consider waiving the requirement for the Contractor to advance more than one week of claim payments before being reimbursed by the University?**

**Answer:** *No. This requirement will not be waived.*

**15. Question: Is the correct name of the actuary Rudd & Wisdom?**

**Answer:** *Yes. System currently contracts with Rudd and Wisdom, Inc., for actuarial services related to the UT Benefits program.*

**16. Question: May we have census files with ZIP codes for both plans?**

**Answer:** *Please see Addendum TWO for a listing of enrollment data by zip code.*

**17. Question: Please confirm the date of service to be used for claims analysis is 11/30/2018.**

**Answer:** *Confirmed.*

**18. QUESTION: In reviewing the appendices and RFP, we are unable to locate a claims file that is detailed enough to do analysis on for pricing purposes. The only file we see is Appendix 6 for the formulary response and we're unable to use that as we're unsure what the columns are labeled and there also might be some missing information. Also, in Appendix 8, there is a text file indicated titled "APPNDX\_ClaimsDetailFY2018\_RXRFP.txt"; however, I'm not sure where that's located. Could that be the detailed claims file I'm looking for?**

**ANSWER:** *APPENDIX SIX (originally called "APPNDX\_ClaimsDetailFY2018\_RXRFP.txt") is the detailed claims data file to be used for the pricing response. This file reference to "APPNDX\_ClaimsDetailFY2018\_RXRFP.txt" on page 7 of APPENDIX EIGHT should have been updated prior to release of the RFP. This is where the Proposer will find a complete layout of the fields included in APPENDIX SIX, as provided, followed by specific instructions for the Proposer to expand the claim file with the additional requested information.*

**19. Question: Can we please have a listing of current DR NPI, First and Last Name, specialty and location? At a minimum we would appreciate the DR NPI, First and Last Name as this detail is necessary to assist us with conducting an analysis.**

**Answer:** *System believes the UT pharmacy information as well as demographic and enrollment information originally provided in the Appendices for this RFP is sufficient for Proposers to prepare a response.*

**20. Question:** **From Appendix Four, UT HECVAT workbook, Cloud Vendor Assessment Tool tab, row 272, Q.PROD-02: “Can you provide an evaluation site to the institution for testing?” Please provide clarity on the term “testing.” What type of testing is the UT System referring to?**

**Answer:** *The testing of the evaluation site would consist of automated and manual testing of security controls using standard Web application vulnerability testing tools (e.g., Burp Suite, Nexpose, Qualys, etc.)*

**21. Question:** **Appendix 17, Retail Network Response Form: Should the AWP and Dispensing fee rates reflect what we have contracted today or match our bid values?**

**Answer:** *The AWP discount and Dispensing fee rates included in Appendix 17 should be based on the PBM’s contract with each network pharmacy.*

**22. Question:** **The submission of the RFP is a paper submission, but this specifically requests electronic copies of sample communication materials. Do we provide all samples on the USB? Is PDF the proper format?**

**Answer:** *Providing sample communication materials via USB in PDF format is acceptable.*

**23. Question:** **The proposal also references ‘draft copies’ [of communications materials]. Is this truly ‘draft’ and is it acceptable to use “greeking” (language that is not actual content, but utilized to give the look and feel of materials)?**

**Can we provide samples to show our capabilities, but are not necessarily tied to the UT System benefit structure, or proposed benefit structure?**

**Answer:** *Yes. System prefers to that sample communications materials contain actual draft content related to the topic of the item being provided. If Proposer wishes to provide certain samples primarily for the purpose of demonstrating potential look and feel, then filler or alternate content may be used in those cases.*

**24. Question:** **Is there a particular aspect of the current member onboarding process that you want to ensure remains in place for the UT System retirees, particularly as it relates to communications?**

**Answer:** *System’s current communications to retirees moving into the UT SELECT Part D plan are in line with CMS requirements with minor customizations of text where allowed.*

**25. Question:** **What, if any, involvement (e.g., review & comment vs. advance notification) does the UT System benefits administration team want in the development of member communications?**

**Answer:** *System expects to have the opportunity to review and comment on all member communications related to the PDP plans. Advance notice for communications that could*

*potentially generate participant questions or concerns is always preferred so that System can notify institution staff who may receive calls.*

**26. Question:** Are there scheduled communications that the UT System sends to its members annually? If so, what are some examples as we would want to incorporate (but not duplicate) those into the overall communication plan.

**Answer:** *System prefers Proposers submit a comprehensive communication plan. Any potential duplication can be resolved during implementation with the chosen Contractor.*

**27. Question:** Does the UT System want all member communications co-branded with the UT and BCBSTX logos?

**Answer:** *System prefers cobranded communications whenever possible. This helps ensure consistency in materials and lends credibility to information being received by plan participants.*

**28. Question:** What is the frequency for the UT System to update their retiree listing and contact information and can that be shared on a standing/scheduled basis or will it need to be requested for each communication release? If the latter, how much notice is needed to obtain the listing?

**Answer:** *Participant contact information, including Retirees, is shared via regular eligibility/enrollment update files. The exact schedule will be determined during implementation. Currently, participants have the option to provide an alternative mailing address as well as an email address and/or alternate phone numbers directly to the Contractor.*

**29. Question:** What, if any, self-service options do the retirees have today and is the expectation that all be available moving forward?

**Answer:** *All participants, including Retirees, currently have access to a member portal for the PDP in which they participate. This portal offers access to claims history, refill request, etc.*

**30. Question:** What percentage of member communications are electronic today and what is the desired percentage? What, if any, challenges have existed in providing/increasing the electronic communication rate?

**Answer:** *System relies on electronic communication as much as possible and as allowed per applicable regulations. Currently, fewer than 10% of all participants rely solely on hard copy communications materials due to not providing an email address.*

**31. Question:** Will Medicare-eligible retirees located in the state of Texas be allowed to enroll in an HMO plan?

**Answer:** *System does not currently offer an HMO plan. There is an ACO plan option, UT CONNECT, for certain UT Benefits participants living in the DFW area. Retirees aged 65 and over are not eligible to participate in the UT CONNECT plan at this time but may be eligible in the future.*

**32. Question:** Can Medicare-eligible retirees be on the self-funded EGWP for both HMO and PPO?

**Answer:** Please see answer to item #31.

**33. Question:** On the EGWP, what value-based benefit designs are in place today or being contemplated for the future?

**Answer:** System prefers to hear from Proposers about all of your current VBBD offerings and experience with EGWP populations.

**34. Question:** To help with EGWP guarantees, please provide the past two calendar years information on:

- a. Average risk score
- b. Number of members who were in catastrophic coverage
- c. Number of members with Low Income Subsidy Copay status
  - i. LICS category 1
  - ii. LICS category 2
  - iii. LICS category 3
- d. Number of member with Low Income Premium Subsidy status
  - i. LICS status 25
  - ii. LICS status 50
  - iii. LICS status 75
  - iv. LICS status 100
- e. Mbr, cost and utilization metrics by phase (Ded, ICL, Gap, CAT)

**Answer:** System believes the demographic and enrollment information originally provided in the Appendices for this RFP is sufficient for Proposers to prepare a response. If a Proposer feels they cannot provide an accurate bid without this level of detail, additional information should be provided to System regarding the potential impact of not having this information.

**35. Question:** Is there going to be one eligibility file for both over and under 65 members? Will there be an indicator advising which product they are enrolling in? Will there be a family indicator?

**Answer:** There will be some flexibility allowed for the selected Contractor as to how they will receive the eligibility file, depending on the requirements of their system. However the separation will not be strictly based on age, but will be based on participation in the UT Select Part D plan (EGWP). If there is a separation of files based on commercial vs. EGWP plan, the product may or may not be required. If the vendor is capable of processing one file, the product indicator would be a requirement to distinguish member participation. The records for all members of a family will be transmitted with the Identifying ID for the subscriber(employee/retiree) so all dependent can be tied to family.

**36. Question:** Is it common practice for the UT System to accept P.O. Box as the member's physical address?

**Answer:** System will accept a P.O. Box as a member's mailing address. If the Proposer requires a physical mailing address for participants who have a P.O. Box on file with System, the participant will need to provide that directly.

**37. Question:** Will the UT System be providing insight into what standard eligibility reporting the UT System would like to receive, outside of a monthly membership listing with the invoice?

**Answer:** *System generally expects to receive industry-standard reporting, with occasional custom reporting on request. Proposer should rely on their experience with similar clients to guide their consideration of reporting needs in developing a response to this RFP.*

**38. Question:** Since the RFP indicates the eligibility file will be received on an 834, what customization would be expected?

**Answer:** *Certain fields on the 834 layout allow for customization based on specific plan needs on both the client and administrator side. The selected Contractor should be prepared to work with System in establishing file requirements that will address the need for the System Benefits ID, etc.*

**39. Question:** Contractor currently complies with Section 508 as outlined within the requirements denoted below. Is Contractor correct to interpret the set of requirements such that the contractor must be either Section 508 or EN 301 compliant?

**12.24 Access by Individuals with Disabilities. Access by Individuals with Disabilities Contractor represents and warrants (EIR Accessibility Warranty) the electronic and information resources and all associated information, documentation, and support Contractor provides to University under this Agreement (EIRs) comply with applicable requirements in 1 TAC Chapter 213 and 1 TAC §206.70 (ref. Subchapter M, Chapter 2054, Texas Government Code). To the extent Contractor becomes aware the EIRs, or any portion thereof, do not comply with the EIR Accessibility Warranty, then Contractor represents and warrants it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. If Contractor fails or is unable to do so, University may terminate this Agreement and, within thirty (30) days after termination, Contractor will refund to University all amounts University paid under this Agreement.**

**5.3.2 In its proposal, Proposer must indicate whether it will consent to include in the Agreement the “Access by Individuals with Disabilities” language that is set forth in APPENDIX THREE, Access by Individuals with Disabilities. If Proposer objects to the inclusion of the “Access by Individuals with Disabilities” language in the Agreement, Proposer must, as part of its proposal, specifically identify and describe in detail all of the reasons for Proposer’s objection. NOTE THAT A GENERAL OBJECTION IS NOT AN ACCEPTABLE RESPONSE TO THIS QUESTION. NOTE THAT PROPOSER IS REQUIRED TO SUBMIT COMPLETED VPAT (VOLUNTARY PRODUCT ACCESSIBILITY TEMPLATE) WITH PROPOSAL. VPAT document to complete is located at the following website: <https://www.itic.org/dotAsset/d432b9da-3696-47fe-a521-7d0458d48202.doc>**

**Answer:** *Please state in the Proposal that you are Section 508 compliant and complete the VPAT document. This will be sufficient for proposal purposes. However, UT System may contact you with additional questions once the proposal is received and reviewed by UT System Accessibility team.*

**40. Question:** The General Terms and Conditions instructions in Section 4 notes that bidders may submit redline edits to the terms and conditions. This section notes that such redlines may result in disqualification of Proposer’s proposal as non-responsive to

this RFP, but also notes that the University may consider Proposer's exceptions when University evaluates the Proposer's proposal. Please advise how the University will determine whether redlines may be accepted vs. result in disqualification.

**Answer:** *The University will review the redlines when the proposal is received. If the Proposer is awarded, redlined sample agreement will be a starting point for the agreement negotiations. If the sample agreement UT System receives is not redlined, UT System will assume that all Terms and Conditions have been accepted by Proposer. Proposer will not be disqualified at the Proposal stage of the process, however, UT System may decide to do so during the agreement negotiations. We must note that this rarely happens.*

**41. Question:** Please advise how deviations/explanations to Section 1 and 2 of Appendix One should be provided within the proposal. Will the State accept redline modifications or are bidders required to provide affirmation statements in response to each term included in these sections?

**Answer:** *UT System will not accept redlines to the Execution of Offer document.*

**42. Question:** Are bidders required to provide confirmation responses to each item outlined in Section 5.4 – Scope of Work within their proposals? If not, please advise if the intent is for bidders to provide deviations for items within in this section in response to Question 23 in Section 5.5 of the RFP, which requires bidders to “Identify any provision in Proposer’s response that does not conform to the standards described in the RFP.”

**Answer:** *Proposers should provide any deviations to the Scope of Work as the response to question 23 in Section 5.5 of the RFP document.*

**43. Question:** Section 3, Submission of Proposal, notes that the additional electronic copy of the proposal should remove pricing provided in response to Section 6. Does this version need to remove all pricing information provided throughout the response or only remove the detailed cost information in Section 6?

**Answer:** *All pricing information should be removed from this copy.*

## Express Scripts Medicare (PDP) 2019 Formulary (List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION  
ABOUT SOME OF THE DRUGS COVERED BY THIS PLAN**

Formulary ID Number: 19057, v5

This formulary was updated on 08/24/2018. For more recent information or to price a medication, you can visit us on the Web at [express-scripts.com](http://express-scripts.com). Or you can contact **Express Scripts Medicare®** (PDP) Customer Service at the numbers located on the back of your member ID card. Customer Service is available 24 hours a day, 7 days a week.

**Note to current members:** This formulary has changed since last year. Please review this document to understand your plan's drug coverage.

When this drug list (formulary) refers to "we," "us" or "our," it means *Medco Containment Life Insurance Company* or *Medco Containment Insurance Company of New York (for employer plans domiciled in New York)*. When it refers to "plan" or "our plan," it means *Express Scripts Medicare*.

This document includes the list of the covered drugs (formulary) for our plan, which is current as of August 24, 2018. For more recent information, please contact us. Our contact information, along with the date we last updated the formulary, appears above and on the back cover.

You must use network pharmacies to fill your prescriptions to get the most from your benefit. Benefits, premium and/or copayments/coinsurance may change on January 1, 2020. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

This information is available for free in other languages. Please call Express Scripts Medicare Customer Service at the numbers on the back of your member ID card for additional information. Customer Service is available 24 hours a day, 7 days a week.

Esta información está disponible sin cargo en otros idiomas. Llame al Servicio al cliente de Express Scripts Medicare a los números que figuran al dorso de su tarjeta de identificación de miembro para obtener información adicional. El Servicio al cliente está disponible las 24 horas del día, los 7 días de la semana.

## What is the Express Scripts Medicare formulary?

The list of drugs covered by the plan is also known as the “formulary.” It contains a list of highly utilized Medicare Part D drugs selected by Express Scripts Medicare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. The formulary also includes information on requirements or limits for some covered drugs that are part of Express Scripts Medicare’s standard formulary rules. **Your specific plan may provide coverage of additional drugs that are not listed in this formulary, and your plan may have different plan rules and coverage.** For more information on your plan’s specific drug coverage, please review your other plan materials, visit us on the Web at [express-scripts.com](http://express-scripts.com) or contact Customer Service.

Express Scripts Medicare will generally cover a drug as long as the drug is medically necessary, the prescription is filled at an Express Scripts Medicare network pharmacy and other plan rules are followed. For more information on how to fill your prescriptions, please review your other plan materials.

## Can my drug coverage change?

Generally, if you are taking a drug covered by your plan in 2019, Express Scripts Medicare will not discontinue or reduce coverage of the drug during the 2019 coverage year, except when a new, less expensive generic drug becomes available or new information about the safety or effectiveness of a drug is released or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our plan’s formulary, will not affect members who are currently taking the drug. It will remain available at the same copayment or coinsurance amount for those members taking it for the remainder of the coverage year.

- **New generic drugs.** We may immediately remove a brand-name drug on our formulary if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary or add new restrictions to the brand-name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary or add prior authorization, quantity limits and/or step therapy

restrictions on a drug or move a drug to a higher cost-sharing tier, if applicable, we must notify affected members of the change at least 30 days before the change becomes effective or at the time the member requests a refill of the drug, at which time the member will receive a one-month supply of the drug.

## **How do I use the formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category “Cardiovascular, Hypertension/Lipids.”

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 99. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the “Drug Name” column of the list.

## **What are generic drugs?**

Both brand-name drugs and generic drugs are covered under this plan. A generic drug is approved by the FDA as having the same active ingredient(s) as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

## **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** You or your doctor is required to get prior authorization for certain drugs. This means that you will need to get approval from the plan before you fill your prescriptions. If you don't get approval, the drugs may not be covered. These drugs are noted with “PA” next to them in the formulary.

Some drugs may be covered under Part B or under Part D, depending on your medical condition. Your doctor will need to get a prior authorization for these drugs as well, so your pharmacy can process your prescription correctly.

- **Quantity Limits:** For certain drugs, the amount of the drug that will be covered by the plan is limited. The plan may limit how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. These drugs are noted with “QL” next to them in the formulary.
- **Step Therapy:** In some cases, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first.

If Drug A does not work for you, we will then cover Drug B. These drugs are noted with “ST” next to them in the formulary.

You may be able to find out if your drug has any additional requirements or limits by looking in the drug list that begins on page 1. Note: This drug list includes all possible restrictions and limits on coverage. **The requirements and limits may not apply to your plan’s specific coverage.** To confirm whether a particular drug is covered, visit us on the Web at [express-scripts.com](http://express-scripts.com) or contact Customer Service.

You can ask us to make an exception to these restrictions or limits. See the section “How do I request an exception to the formulary?” below for information about how to request an exception.

### **What if my drug is not listed on this formulary?**

If your drug is not included in this list of covered drugs, you should first contact Customer Service and ask if your drug is covered.

If you learn that your drug is not covered, you have two options:

- You can ask our Customer Service department for a list of similar drugs that are covered. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

You should talk to your doctor to decide if you should switch to an appropriate drug that the plan covers or request an exception so that the plan will cover the drug you are taking.

### **How do I request an exception to the formulary?**

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can request coverage of a drug that is not currently covered by this plan. If approved, the drug will be covered at a pre-determined cost-sharing level, and you will not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If your drug is contained in our Non-Preferred Drug tier, you can ask us to cover it at the cost-sharing amount that applies to drugs in our Preferred Brand Drug tier instead. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Express Scripts Medicare limits the amount of the drug it will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

You should contact us to ask for an initial coverage decision for an exception, utilization restriction exception or to ask the plan to cover a drug that is not currently covered. **When you are requesting an exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can request an expedited (fast) exception if you or your doctor believes that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is

granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

Generally, your request for an exception will only be approved if the alternative drugs that are covered, the lower-tiered drugs or the additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

### **How do I request an appeal?**

If we make a coverage decision and you are not satisfied with this decision, you can “appeal” the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. To start an appeal, you, your doctor or your representative must contact us.

When you make an appeal, we review the coverage decision we have made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original unfavorable decision. When we have completed the review, we give you our decision.

For more information about the appeals process, you may contact Customer Service using the information provided on the front and back covers of this document.

### **Can I get a temporary transition supply while I wait for an exception decision?**

As a new or continuing member in our plan, you may be taking drugs that are not covered from one year to the next. Or, you may be taking a drug that is covered but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request an exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, or while you wait for a coverage decision from us, we may cover a temporary transition supply of your drug in certain cases during the first 90 days that you are enrolled in the plan or at the start of a new coverage year.

For each of your drugs that is not on our formulary, or if your ability to get drugs is limited, we will cover a temporary transition supply when you go to a network pharmacy. This temporary transition supply will be for a one-month supply. If your prescription is written for fewer days, we’ll allow refills to provide up to a maximum of a one-month supply of medication. After your first refill of a one-month supply, we will not pay for these drugs, even if you have been a plan member less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary, or if your ability to get your drug is limited but you are past the first 90 days of membership in our plan, we will cover a minimum of a 31-day emergency transition supply of that drug while you pursue an exception.

Other times when we will cover at least a temporary 30-day transition supply (or less, if you have a prescription written for fewer days) include:

- When you enter a long-term care facility
- When you leave a long-term care facility
- When you are discharged from a hospital
- When you leave a skilled nursing facility
- When you cancel hospice care

- When you are discharged from a psychiatric hospital with a medication regimen that is highly individualized

Express Scripts Medicare will send you a letter within 3 business days of your filling a temporary transition supply notifying you that this was a temporary supply and explaining your options.

### **Other coverage that your plan may provide**

Your plan **may** also cover categories of “excluded” drugs that are not normally covered by a Medicare prescription drug plan and are not listed in the formulary. **Drugs in the following categories may be covered subject to the rules and limitations of your specific plan:**

- Prescription drugs when used for anorexia, weight loss or weight gain
- Prescription drugs when used to promote fertility
- Prescription drugs when used for cosmetic purposes or to promote hair growth
- Prescription drugs when used for the symptomatic relief of cough or colds
- Prescription vitamins and mineral products (except prenatal vitamins and fluoride preparations, which are considered Part D drugs)
- Drugs when used for the treatment of sexual or erectile dysfunction
- Over-the-counter (OTC) diabetic supplies
- Federal Legend Part B medications – for example, oral chemotherapy agents (e.g., TEMODAR<sup>®</sup>, XELODA<sup>®</sup>)
- Non-prescription drugs, also known as over-the-counter (OTC) drugs
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale.

Please contact Customer Service for additional information about your plan’s specific drug coverage and your cost-sharing amount. **Please note:** Costs for excluded drugs not normally covered by a Medicare prescription drug plan will not count toward your Medicare prescription drug yearly deductible (if applicable), total drug costs or yearly out-of-pocket expenses.

### **Formulary**

The formulary that begins on page 1 provides coverage information about some of the drugs covered by this plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 99.

The “Drug Name” column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., CRESTOR<sup>®</sup>) and generic drugs are listed in lowercase italics (e.g., *atorvastatin*). The information in the “Requirements/Limits” column tells you if there are any special requirements for coverage of that particular drug.

**If you are not sure whether your drug is covered, please visit our website or contact Customer Service using the information provided on the front and back covers of this formulary.**

### **Your Costs**

The amount you pay for a covered drug will depend on:

- **Your coverage stage.** Your plan has different stages of coverage. In each stage, the amount you pay for a drug may change. Please refer to your other plan documents for more information about your specific prescription drug benefit.

- **The drug tier for your drug.** Each covered drug is in one of three drug tiers. Each tier may have a different cost-sharing amount. The “Drug Tiers” chart below explains what types of drugs are included in each tier and shows how costs may change with each tier.

Your other plan materials have more information about your plan’s coverage stages and list the specific cost-sharing amounts for each tier.

## Drug Tiers

| <b>Tier</b>                             | <b>Includes</b>                                                                                 | <b>Helpful tips</b>                                                                                                                                                             |
|-----------------------------------------|-------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Tier 1:<br><b>Generic Drugs</b>         | This tier includes many commonly prescribed generic drugs and may include other low-cost drugs. | Use Tier 1 drugs for the lowest cost-sharing amount.                                                                                                                            |
| Tier 2:<br><b>Preferred Brand Drugs</b> | This tier includes preferred brand-name drugs as well as some generic drugs.                    | Drugs in this tier will generally have lower cost-sharing amounts than non-preferred drugs.                                                                                     |
| Tier 3:<br><b>Non-Preferred Drugs</b>   | This tier includes non-preferred brand-name drugs as well as some generic drugs.                | Many non-preferred drugs have lower-cost alternatives in Tiers 1 and 2. Ask your doctor if switching to a lower-cost generic or preferred brand-name drug may be right for you. |

### If you qualify for Extra Help

If you qualify for Extra Help from Medicare to help pay for your prescription drugs, your cost-sharing amounts may be lower than your plan’s standard benefit. Members who qualify for Extra Help will receive a notice called “Important Information for Those Who Receive Extra Help Paying for Their Prescription Drugs” (“Low Income Rider” or “LIS Rider”). Please read it to find out what your costs are. You can also contact Customer Service with any questions using the information listed on the front and back covers of this formulary.

### For more information

For more detailed information about your Medicare prescription drug coverage and your plan’s specific costs, please review your other plan materials.

If you need additional information on network pharmacies or if you have any other questions, please contact our Customer Service department using the information provided on the front and back covers of this formulary.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1.800.MEDICARE (1.800.633.4227), 24 hours a day, 7 days a week. TTY users should call 1.877.486.2048. Or visit <https://www.medicare.gov>.

Below is a list of abbreviations that may appear on the following pages in the “Requirements/Limits” column that tells you if there are any special requirements for coverage of your drug.

**Note:** The following drug list includes all possible restrictions and limitations. **Depending on your plan’s specific benefit, you may not experience every restriction or limit indicated in the list.** To confirm your plan’s specific coverage, contact Customer Service using the information provided on the front and back covers of this formulary or visit us on the Web at [express-scripts.com](http://express-scripts.com).

## List of abbreviations

**LA:** Limited Availability. This prescription drug may be available only at certain pharmacies. For more information, contact Customer Service using the information provided on the front and back covers of this formulary.

**MO:** Mail-Order Drug. This prescription drug is available through our home delivery service, as well as through our retail network pharmacies. Consider using home delivery for your long-term (maintenance) medications, such as high blood pressure medications. Retail network pharmacies may be more appropriate for short-term prescriptions, such as antibiotics.

**PA:** Prior Authorization. The plan requires you or your doctor to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescription. If you don’t get approval, we may not cover this drug.

**QL:** Quantity Limit. For certain drugs, the plan limits the amount of the drug that we will cover.

**ST:** Step Therapy. In some cases, the plan requires you to first try a certain drug to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

## ADDENDUM 4

DATE: April 30, 2020  
PROJECT: Pharmacy Benefit Management Services for the Self-funded UT SELECT Prescription Drug Plan and the UT SELECT Part D Prescription Plan  
RFP NO: 720-1914  
OWNER: The University of Texas System Administration  
TO: Prospective Bidders

This Addendum forms part of Contract Documents and modifies Bid Documents dated December 21st, 2018 with amendments and additions noted below.

### Questions and Answers:

**1. Question:** SilverScript standard practice is to bill our EGWP administration fees on a Per Member Per Month (PMPM) basis. The RFP indicates that current administration fee is billed on a Per Employee Per Month basis. Is the university willing to discuss a possible change in billing for EGWP Administration fees?

**Answer:** *The administrative fees for EGWP (Part D) are currently being billed on a Per Member Per Month (PMPM) basis. System is reissuing the pricing sheet as ADDENDUM FIVE. All proposers should submit pricing for EGWP on a PMPM basis.*

**2. Question:** Please confirm if there is a mandatory mail plan design, along with the number of allowed maintenance fills at retail, on the Commercial plan.

**Answer:** *No, there is no mandatory mail plan design for maintenance fills on the Commercial plan.*

**3. Question:** Please provide the following fields in the claims file data:

- Fill date
- Retail/Mail flag
- Formulary Tier or flag
- LIS member (low income) flag for EGWP claims
- Subscriber ID (EE or Retiree) in addition to the member ID

**Answer:** *No additional information will be provided for the detailed claim file. As noted, the data represents all claims incurred during the period 9/1/2017-8/31/2018.*

- *Fill Date - The PBM should assume a service date of 11/30/2018 for pricing purposes.*
- *Retail/Mail flag – pharmacy type can be determined through use of the Pharmacy NABP number.*
- *Formulary Tier or flag – no additional information on the current formulary will be provided other than the information included within the RFP.*
- *LIS member (low income) flag for EGWP claims – no additional information will be provided.*

- *Subscriber ID (EE or Retiree) – no additional information will be provided.*
- 4. Question:** In reference to Appendix Eight, please confirm compound code within the claims file is 1= Not Compound and 2= Compound.
- Answer:** *Confirmed 1 = Not Compound and 2 = Compound. The original file description was incorrect.*
- 5. Question:** In reference to Appendix Eight, please confirm the detailed claims analysis is asking for AWP or MAC pricing for only generic claims.
- Answer:** *Appendix 8 requests that the Responder provide the AWP per unit for all drugs, indication of whether each drug is included on the PBMs MAC or not and for MAC-priced drugs what is the ingredient cost for that drug.*
- 6. Question:** Please define the type of specialty network you are seeking through this proposal - open or exclusive? Based on this information, please provide direction on how you would like vendors to fill out pricing in Appendix Eighteen for 'Specialty Pharmacy Reimbursement' and 'Mail Service Specialty Reimbursement'.
- Answer:** *OEB is open to learning about advantages to both options. Please include advantages for pricing as well as member engagement by plan design option.*
- 7. Question:** Under the current plan design through the current incumbent is commercial specialty arrangement open or exclusive?
- Answer:** *With the exception of Hepatitis C, PCSK9, oncology and rare disease specialty medications, commercial specialty is on an open plan design.*
- 8. Question:** Does UT Systems have a preference on rebates for hepatitis C claims? They can be provided as reinvested into the product discount or as separate rebate guarantees.
- Answer:** *OEB is open to learning about the advantages of both options. Responding PBMs may submit proposals under the terms they believe to be the most beneficial and price effective.*
- 9. Question:** In section 6.1 under the retail and mail reimbursement, it is noted that the brand and generic non-specialty should include specialty drugs dispensed at the retail/mail pharmacy. Is the assumption that specialty filled outside of the PBM specialty pharmacy will be included in the retail/mail non-specialty pricing guarantees?
- Answer:** *Confirmed. Specialty drugs dispensed at a retail or mail facility should be included in the retail and mail pricing guarantees. The specialty pricing guarantees should apply to the PBM's specialty pharmacy.*
- 10. Question:** Does the University of Texas specialty list currently assume HIV, Transplant, Oral Oncology and Hepatitis B are filled through the retail/mail benefit or as specialty?
- Answer:** *UT has an open specialty plan design today on the EGWP and commercial. All of the medications listed could be filled at Accredo or retail with the exception of oral oncology on commercial which has to be filled at Accredo.*

**11. Question: Does the current plan design allow certain specialty medications to be filled in greater than 30 day supply increments for specialty maintenance medications?**

**Answer:** *UT commercial members can only fill up to a 30 day supply at retail and up to a 90 day supply at mail. EGWP members can fill up to a 90 day supply at mail or an in network retail pharmacy.*

**12. Question: Please provide detailed prior authorization and step therapy utilization management criteria for the following disease states/classes.**

- Anti-diabetics: DPP-4, GLP-1 (Incretin); SGLT-2, Insulins (lins, logs, basals0
- Growth Hormone
- Hepatitis C
- Infertility
- Multiple Sclerosis
- PCSK9
- Rheumatoid Arthritis/Autoimmune
- Novel Oral Anticoagulants

**Answer:** *This level of detail is proprietary. The only information we can provide is that there is a prior authorization or step therapy for a given drug category, which I believe they already have.*

**13. Question: Please provide details for any prior authorization or step therapy programs that require failure of a preferred brand before members are eligible to receive non-preferred brands.**

**Answer:** *The details of ESI's prior authorization and step therapy programs are proprietary. The "Prior Authorization Program UT Select Prescription Plan" document included with the RFP materials provides a list of the therapeutic categories that ESI manages with prior authorization, step therapy, and Preferred Step Therapy rules.*

**14. Question: Do you allow grandfathering programs to minimize member impact due to negative formulary changes, formulary exclusions, or step therapy implementations? If yes, please describe the duration and extent to which grandfathering applies.**

**Answer:** *As a standard of practice, UT has not grandfathered for negative formulary changes, formulary exclusions or step therapy implementations.*

**15. Question: Do any of your formularies include "brand over generic" strategies; i.e., Brand drug is preferred/covered on the formulary and the generic equivalent drug is excluded. If yes, please specify.**

**Answer:** *In some situations, with limited generic manufacturers available, ESI would prefer a brand over a generic when the net cost is lower.*

**16. Question: Do you cover Diabetic Test Strips as part of the pharmacy benefit? If yes, do you have a preferred product strategy? Please describe.**

**Answer:** *There are excluded drugs for test strips/insulin needles. Members are directed to preferred products.*

**17. Question: Does the \$0 copay on Diabetic supplies apply to all diabetic supplies regardless of formulary preference?**

**Answer:** Members with an insulin prescription on file receive diabetic supplies at no cost to the member. *Members are directed to preferred products.*

**18. Question: In reference to the UT owned pharmacies:**

- **Are any of the onsite pharmacies 340b participating pharmacies?**

**Answer:** *Yes, all UT pharmacies currently have 340b pricing in place.*

- **Is the expectation that the onsite pharmacies will be a pass through of contracted rates and fees?**

**Answer:** *We are not sure at this time. Our UT pharmacies would like to coordinate and discuss pricing opportunities with System and the contracted carrier to determine if there are any advantages to the plan and their pharmacy by offering that pricing through the plan.*

- **Will the PBM manage rebates for the onsite pharmacies and include in the guarantees?**

**Answer:** *This would be discussed if/when conversations take place with the UT pharmacies. Many of the UT pharmacies have requested that we allow 90-day fills at their location; however, to date we have not had a pharmacy develop a proposal for how their pricing could assist the plan in savings and in turn increase their patient share. For purposes of this RFP, it is important to know this may be a point of discussion with the UT pharmacies but having a special arrangement in place prior to 9/1/19 is not necessary. It is however, necessary that all UT pharmacies participate in the carriers network.?*

**19. QUESTION: Can you please provide a copy of or access to the following that were referred to in Section 12.22 of the Sample Agreement: the University's Conflicts of Interest Policy, University's Standards of Conduct Guide, and applicable state ethics laws and rules at <http://utsystem.edu/offices/general-counsel/ethics> (website link would not allow access)?**

**ANSWER:** *Please see:*

**Conflicts of Interest:** <https://www.utsystem.edu/sites/policy-library/policies/hop-111-conflicts-interest-conflicts-commitment-and-outside>

**Standards of Conflict Guide:** <https://www.utsystem.edu/documents/docs/publication/2018/ut-system-administration-standards-conduct-guide>

**Ethics Standards:** <http://utsystem.edu/offices/systemwide-compliance/ethics>

**20. Question: Regarding the notice at the bottom of Section 2 of the Execution of Offer in the RFP and Section 12.11.5 of the Sample Agreement that address public disclosure of the information contained in the PBM's response, is the University willing to provide notice to the PBM should there be a request for public disclosure of the information in PBM's RFP response so PBM can take necessary steps to protect the confidential and proprietary information in its RFP response from disclosure?**

**Answer:** *Open Records requests are managed by UT System’s Office of General Counsel (OGC). OEB must comply with the production of any requested materials and turn them over to OGC as instructed. Following receipt of the materials, OGC informs the State of Texas Attorney General’s Office of its response, and the Attorney General’s Office will generally notify interested parties (such as PBM) to respond to the inquiry. There is generally an opportunity during that phase for the PBM to make a claim of proprietary information and a need for the information to remain confidential. However, that aspect of the discussion is outside of OEB and UT System’s purview.*

**21. Question:** **Does your enhanced benefit (or Other Health Insurance) for the EGWP cover Non-Medicare Part D Drugs and Non-Formulary Drugs?**

**Answer:** *Yes, UT enhances the benefit to cover non-Medicare D drugs. UT also covers non-formulary drugs*

**22. Question:** **In reference to section 5.4 Scope of Work, E. Financial Requirements & Pricing, item #1- “Due to the timing of the reimbursements, Contractor could potentially be required to advance up to four (4) weeks of claim payments before being reimbursed by UT System. It is estimated that during the first year of the Contract, two (2) weeks of claim payments shall average approximately \$18 million.” Please provide additional detail on the timing of reimbursements.**

**Answer:** *On at least a biweekly basis, UT receives and processes a claim reimbursement invoice to the Contractor. The reimbursement to the Contractor is made only after the claims have been paid to the pharmacies.*

*Contractor should be prepared, post initial Claim Reimbursement Invoice Payment from UT, to have approximately two (2) to four (4) weeks paid but not reimbursed.*

**23. Question:** **In reference to Section 5.4 Scope of Work, D. Technical & Data Exchange “Contractor must accept and process administrative fee remittance detail for the current billing month as well as any necessary adjustments for the prior three (3) months.” Please elaborate on the kind of adjustments that are included in the PEPM counts for the prior three months.**

**Can we provide samples to show our capabilities, but are not necessarily tied to the UT System benefit structure, or proposed benefit structure?**

**Answer:** *Some examples of enrollment adjustments which result in a ‘prior period’ ASO Fee adjustment are: 1) retroactive termination due to death of subscriber 2) retroactive capture of enrollment for a prior coverage period effective date. These are by far the two most frequent retroactive enrollment adjustments.*

*Note: Coverage level changes to existing enrollments do not impact the PEPM Administrative Fee.*

*UT may entertain at a future date samples of what capabilities exist; however, the response to this RFP should address Section 5.4 Scope of Work criteria as provided.*

## ADDENDUM FIVE

### **\*\*REVISED\*\* PRICING AND DELIVERY SCHEDULE**

Proposal of: \_\_\_\_\_  
(Proposer Company Name)

To: The University of Texas System

RFP No.: RFP # 720-1914 Pharmacy Benefit Management Services

UT System requires proposals to be submitted under a Transparent Financial Arrangement such that the Contractor commits to pass through to UT System any and all federal funding, pharmaceutical manufacturer rebates, and any other type of revenue generated from the prescription drug utilization of UT SELECT participants.

#### **Requirements Applicable to Proposed Fee Arrangements**

- a) The Price Proposal must be guaranteed for the three (3)-year period beginning September 1, 2019.
- b) The Price Proposal must be adequate to cover all expenses incurred by Contractor for implementation of the Contract and for the performance of all services and other matters as described herein and in the Contractual Agreement, including those performed prior to and during the initial three (3)-year term of the Contract as well as during any runoff period following termination of the Contract.
- c) The costs for providing case management services for critical disease conditions shall be included in **Section 6.1** of this RFP.
- d) Contractor must coordinate benefits with other prescription drug coverages and include the cost of such service in **Section 6.1** of this RFP.
- e) Contractor must use Medi-Span as the basis for determining whether a drug is brand (multisource code field contains an M, N or O) or generic (multisource code field contains a Y). No other source of brand / generic determination will be acceptable for pricing purposes. This determination must be applicable for all purposes under the contract, including guarantee reconciliations.
- f) All AWP discount guarantees must be a direct savings off of AWP and are not the result of incremental savings due to repackaging of drugs or blending non-Maximum Allowable Cost generics to achieve a higher brand discount.
- g) On a quarterly basis, Contractor must reconcile the actual average ingredient cost discount and the actual average dispensing fee paid to retail pharmacies against the proposed aggregate guarantees for retail drugs.
  - 1) If the actual average ingredient cost discount for brand or generic drugs for the UT SELECT Prescription Plan and / or UT SELECT Part D Plan is less than the corresponding aggregate ingredient cost discount guarantee, or if the actual average dispensing fee for the UT SELECT Prescription Plan and / or UT SELECT Part D Plan is greater than the aggregate dispensing fee guarantee, Contractor will pay the full dollar amount of such shortfall to UT System on a quarterly basis.

- 2) Each guarantee stands on its own. As an example, Contractor may not offset discount guarantees shortfalls on generic retail prescriptions with overages from generic guarantees at mail order or retail brand guarantees.
  - 3) The reconciliation and payment, if any, along with supporting documentation will be provided to UT System within ninety (90) days of the end of each Fiscal Year (UT SELECT Prescription Plan) or Calendar Year (UT SELECT Part D Plan) quarter.
  - 4) Claims adjudicated on the basis of Usual and Customary (U&C) pricing will not be considered in determining compliance with the brand and generic guaranteed discount rates. All other transactions are to be included, including specialty drugs.
- h) Contractor must conduct a similar reconciliation for drugs dispensed through (a) the mail pharmacy and (b) the specialty pharmacy as described in **Section g** above.
  - i) Pricing guarantees must be applied separately for each pharmacy category (retail, mail and specialty pharmacy) and pharmacy program (UT SELECT Prescription Plan and UT SELECT Part D Plan).
  - j) Pricing reconciliation must be separate and apart from the rebate reconciliation described in **Section k** below.
  - k) Contractor must provide UT System with the greater of (i) 100% of total rebates received by Contractor based on the dispensing of each manufacturer's formulary drugs under the PDPs and (ii) the proposed guaranteed rebates.
    - 1) Guaranteed rebates will be paid within thirty (30) days of the end of each Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter. The Contractor will provide documentation for such payments.
    - 2) Each quarter, Contractor must reconcile and pay the excess, if any, of (a) the actual total rebates received for that Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter over (b) the total guaranteed rebates paid to UT System for that Fiscal Year (UT SELECT Prescription Plan) and Calendar Year (UT SELECT Part D Plan) quarter. Contractor will provide UT System with full documentation of this reconciliation.
    - 3) Rebates received by Contractor after completion of the reconciliation described above that would have impacted the determination described therein will be refunded to UT System upon receipt.
    - 4) The rebate reconciliation will be separate and apart from the pricing reconciliation as described above in **Section g** through **Section j**.
  - l) Rebates must not be contingent upon days' supply or acceptance of any programs whatsoever.
  - m) Coverages provided by UT System are exempt from any state tax, regulatory fee, or surcharge, including premium or maintenance taxes or fees. The administrative fee, if any, must not include any provision for such taxes or fees.
  - n) Contractor must pass through to UT System any and all federal funding, pharmaceutical manufacturer rebates and any other type of revenue generated from the prescription drug utilization of the UT SELECT Prescription Plan and the UT SELECT Part D Plan.

- o) Contractor may not bill UT System for an amount that is different from the amount paid to a retail pharmacy in connection with a prescription drug dispensed through the retail pharmacy.
