**MEMORANDUM**

**To:** System Audit Office  
Governor's Office of Budget, Planning and Policy  
Legislative Budget Board

**From:** Brook Syers, Senior Audit Manager, Information Technology

The University of Texas Health Science Center - Houston's Auditing & Advisory Services department conducted an audit of patch management. The objective of the audit was to determine whether security controls around server patch management are adequate and functioning as intended.

The report contains confidential information that relates to the security of sensitive data and is not subject to the disclosure requirements of the Texas Public Information Act, based on the exception found in Government Code 552.139. Specific results were made to the appropriate management members.
