#### Report

In open session this morning, the System Administration Committee approved the following recommendations of the Administration and submits them for formal approval by the Board of Regents:

1. U. T. Austin: Appointment of Dr. Agnes Mongan to the Leslie Waggener Professorship in Fine Arts as Visiting Professor for the Spring Semester 1977 (5-B-77). --It is recommended by President Rogers and concurred in by Deputy Chancellor Walker that Dr. Agnes Mongan be appointed to the Leslie Waggener Professorship in Fine Arts at The University of Texas at Austin as a Visiting Professor for the spring semester 1977. Dr. Mongan has been director of the Fogg Museum at Harvard University and spent 1975-76 as the Edith Kreeger Wolf Distinguished Professor at Northwestern University. Dr. Mongan's expertise in the area of European art, as well as her interest in Andrew Wyeth's drawings, will make her an important addition to the U. T. Austin faculty as visiting professor.

Prior approval of this appointment is in compliance with the Regents' policy with respect to endowed academic positions.

2. U. T. Austin: Appointment of Mr. Kazuya Sakai Visiting Professor of Art in Latin American Studies in Accordance with Conditions of the Endowment of the Edward Larocque Tinker Chair in Latin American Studies (7-B-77). --It is recommended by President Rogers and concurred in by Deputy Chancellor Walker that Mr. Kazuya Sakai be appointed to the Edward Larocque Tinker Chair in Latin American Studies as Visiting Professor of Art in

Latin American Studies at The University of Texas at Austin. This action is in compliance with the conditions of the endowment and with the Regents' policy with respect to endowed academic positions.

Mr. Sakai is a distinguished painter, photographer and historian with a well established international reputation. His work has been exhibited in Latin America, Europe, the United States and Japan. He taught art at several universities including the University of Iowa. He has served as chief editor and artistic director of Plural, a periodical published in Latin America during the last decade.

3. U. T. Dallas: Appointment of Dr. Aram Glorig Dean Emeritus of the School of Human Development and Director Emeritus of the Callier Center for Communications Disorders (6-B-77). --It is recommended by President Jordan and concurred in by Deputy Chancellor Walker that Dr. Aram Glorig be appointed Dean Emeritus of the School of Human Development and Director Emeritus of the Callier Center for Communications Disorders at The University of Texas at Dallas effective February 1, 1977. The Callier Center for Communications Disorders is the foremost institution of its type in the United States.
  
4. U. T. San Antonio: Establishment of Advisory Council for the Institute of Texan Cultures (6-CW-77). --It is recommended by President Flawn and concurred in by Chancellor LeMaistre that an Advisory Council for the Institute of Texan Cultures of not more than twenty-five members at The University of Texas at San Antonio be established. President Flawn was authorized to procure acceptances of memberships not to exceed twenty-five from the list of nominees approved. When replies have been received from the nominees, those accepting will be reported at a meeting of the Board of Regents.
  
5. This report indicated that it would be several months before the service agreement would be ready for the Special Committee's consideration but that in the meantime it would be to the best interest of the University to proceed with construction and procurement for expansion of this plant.

After due consideration and upon recommendation of System Administration, Deputy Chancellor Walker was authorized to make a commitment to Lone Star Energy Company in an amount not to exceed \$7,041,436 for reimbursement of the company's investment in the expansion of the Thermal Energy Plant at the Dallas Health Science Center in the event that it is impossible to achieve a renegotiated service agreement acceptable to both parties.

The Central Food Service Facility, presently under construction in Houston, is scheduled for completion in September of 1977. It is our plan to operate this facility when completed as an Auxiliary Enterprise under the title of "Central Food Service Facility." Services will be provided through this facility for the System Cancer Center, the Health Science Center at Houston, The University of Texas Medical Branch at Galveston and the Hermann Hospital. It is possible that services will also be provided to other agencies once the facility is in full operation. After the initial start-up period of approximately three months, the facility will be supported by the users based on monthly billings to such users for the cost of the services provided.

In addition to the start-up costs as indicated above, there is a need for \$1,000,000.00 for the Central Food Service Facility for purchase of initial movable equipment and supplies. This will include refrigerated trucks for movement of the food as well as wire baskets and dollies (estimated initial cost \$500,000.00), dishes (estimated initial cost of \$400,000.00) and other essential equipment.

The bid prices exceeded the available funds, and the Project Architect, Bartlett Cocke & Associates, Inc., in association with Frank M. It is anticipated that by mid-February acceptable reductions can be incorporated to reach a firm lump sum construction contract price. A tabulation of the bids received was submitted.

U. T. SYSTEM: GRANT APPLICATIONS UNDER PUBLIC WORKS  
 CAPITAL DEVELOPMENT AND INVESTMENT PROGRAM (P. L. 94-  
 369, Sec. 107). --At the conclusion of the consideration of the items  
 on the Buildings and Grounds Committee Agenda, Deputy Chancellor  
 Walker made the following statement with respect to Grant Applications  
 Under Public Works Capital Development and Investment Program  
 (P. L. 94-369, Sec. 107):

At the time of the December 10, 1976 meeting of the Board  
 of Regents, System Administration had filed eight applica-  
 tions under Public Works Capital Development and Investment  
 Program (P. L. 94-369, Sec. 107) for funding of certain con-  
 struction projects.

We have been notified by the Regional Office of the Economic  
 Development Administration, U. S. Department of Commerce,  
 that none of The University of Texas applications for grants  
 were funded, even though all of the projects were endorsed by  
 the appropriate Local Area Council.

It is our understanding that no state-supported institutions of  
 higher education were awarded grants. Local and county  
 governments were granted preference priorities, as were  
 junior colleges.

Apparently there was not enough money allocated to Texas to  
 take care of the eligible projects.

REPORT OF MEDICAL AFFAIRS COMMITTEE (Pages 34-41 ). --  
 On behalf of the Medical Affairs Committee, Committee Chairman Law  
 submitted the following report and moved its adoption. He stated that  
 all action had been taken in open session. The motion was adopted:

Report

1. U. T. Arlington (School of Nursing): Affiliation Agreement with the Psychiatric Institute of Fort Worth, Fort Worth, Texas. --  
 Approval was given to the affiliation agreement between the Board of Regents of The University of Texas System, for and on behalf of The University of Texas at Arlington School of Nursing, and the Psychiatric Institute of Fort Worth, Fort Worth, Texas, based on the recommendation of President Nedderman and concurred in by System Administration. The use of this facility provides clinical experience for the nursing students.

This agreement is based on the model affiliation agreement for nursing adopted July 9, 1976, and contains the standard hold harmless clause.

The Chairman of the Board of Regents was authorized to execute the agreement when it had been approved as to form by an attorney of the Office of General Counsel and as to content by the Deputy Chancellor and the Associate Deputy Chancellor for Academic Affairs.

As a matter of record, the agreement between the Board of Regents of The University of Texas System for and on behalf of The University of Texas System School of Nursing and the Psychiatric Institute of Fort Worth, Fort Worth, Texas, authorized at the Regents' meeting on July 9, 1976, was not executed.

2. Galveston Medical Branch (Galveston Allied Health Sciences School): Affiliation Agreements with (a) Hidalgo Independent School District, Hidalgo, Texas; (b) Redd Reading School, Houston, Texas; (c) Austin Independent School District Developmental Center, Austin, Texas; (d) Visiting Nurses Association, Houston, Texas; and (e) Public Health Department, Austin, Texas. --Upon the recommendation of President Levin, concurred in by System Administration, approval was given to the affiliation agreements between the Board of Regents of The University of Texas System, for and on behalf of The University of Texas Medical Branch at Galveston School of Allied Health Sciences, and the following facilities. These agreements provide for the clinical training of allied health sciences students:

- (a) Hidalgo Independent School District, Hidalgo, Texas
- (b) Redd Reading School, Houston, Texas
- (c) Austin Independent School District Developmental Center, Austin, Texas
- (d) Visiting Nurses Association, Houston, Texas
- (e) Public Health Department, Austin, Texas

These agreements are based on the model affiliation agreement for allied health sciences students adopted September 1975 and contain the standard hold harmless clause. The only exception occurs in the agreement with the Austin Independent School

District Developmental Center. Certain items in Section 3(A), normally provided by the facility, are deleted because they are not available at the Developmental Center.

The Chairman of the Board of Regents was authorized to execute these agreements when they had been approved as to form by an attorney of the Office of General Counsel and as to content by the Deputy Chancellor.

3. Houston Health Science Center (Houston Dental Branch): Amendment to Memorandum of Agreement (Affiliation) Previously Approved (December 10, 1976) with the Veterans Administration Hospital, Houston, Texas. -- Upon recommendation of President Berry, submitted on behalf of the Veterans Administration Hospital, and concurred in by System Administration, approval was given to amend the Memorandum of Agreement (Affiliation), approved December 10, 1976, by substituting the following for the first paragraph of the Agreement:

"This Agreement, when approved by the United States Veterans Administration and the Board of Regents of The University of Texas System, shall authorize the Veterans Administration Hospital to affiliate with the Board of Regents of The University of Texas System, for and on behalf of The University of Texas Health Science Center and its Dental Branch at Houston, for the purpose of education and training. The Dental Branch accepts advisory responsibility for the education and training programs conducted with the Veterans Administration Hospital. The Veterans Administration retains full responsibility for the care of patients, including all administrative and professional functions pertaining thereto."

The Chairman of the Board of Regents was authorized to execute the agreement when it had been approved as to form by an attorney of the Office of General Counsel and as to content by the Deputy Chancellor.

4. Houston Health Science Center (Houston Dental Branch): Affiliation Agreement with Department of the Air Force, Wilford Hall USAF Medical Center (AFSC), Lackland Air Force Base, Texas. -- Upon the recommendation of President Berry, concurred in by System Administration, the affiliation agreement was approved between the Board of Regents of The University of Texas System, for and on behalf of The University of Texas Health Science Center at Houston, Dental Branch, and the Department of the Air Force, Wilford Hall USAF Medical Center (AFSC), Lackland Air Force Base, Texas, for advanced training in dental specialties of U. S. Air Force students in the Houston Dental Branch.

This affiliation agreement, set out on Pages 36-40, is based upon procedures established with the Veterans Administration and federal military installations and does not contain the hold harmless clause.

The Chairman of the Board of Regents was authorized to execute this agreement when it had been approved as to form by an attorney of the Office of General Counsel and as to content by the Deputy Chancellor.

W I T N E S S E T H :

WHEREAS, The University of Texas Health Science Center at Houston, Dental Branch, and the Wilford Hall USAF Medical Center, in the interests of the advancement of patient care, training skills, dental knowledge and research, agree to share certain resources for the mutual advantage of each party within the guidelines and terms and conditions hereinafter set out:

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

That the Board of Regents of The University of Texas System and the Department of the Air Force, Wilford Hall USAF Medical Center, do hereby agree as follows:

1. The Dean of the School and the Commander of the Hospital mutually agree to the interchange of selected members of the dental staff of each institution as consultants and teachers. Assignments are to be scheduled to avoid interferences with the regular duties of the staff. Position, rank and duties will be specified for School by the Dean, and specified for Hospital by the departments of Hospital concerned, with the office of the Dean of the School and the Commander of Hospital effecting coordination. Selected members of the staff of the Hospital will

be appointed to appropriate positions of the School annually without salary and without tenure. Selected members of the staff of the School will be appointed annually as Civilian Consultants to the Hospital and will be paid as consultants only so long as they must travel from Houston.

2. The Dean of the School agrees to select up to fifteen (15) qualified U.S. Air Force graduate or postgraduate students for advanced training in dental specialties, who have previously been selected by the Air Force for sponsored training and who have applied for admission to the School. The procedures commonly used by the institutions concerned in the selection of such students will be followed. The Air Force students accepted for advanced training will be enrolled as students of the School. The Air Force further agrees that periods of assignment for these officers will be adequate for completion of instruction hereinafter defined and specified. It is further understood and agreed by all concerned that administration of such affiliated programs will be at all times under the immediate supervision and guidance of the Dean of the School in the case of assignment to the School, the Director of Dental Education in the case of assignment at the Hospital. It is also agreed that postgraduate and graduate students will complete the program specified by their appropriate approved curriculum as determined by Hospital which includes one year in the basic sciences at the School and subsequent year(s) of clinical residency at the Hospital. Courses at the School for students in particular specialty areas, other than electives, will be mutually determined by appropriate representatives from the School and the Hospital each year. Appropriate members of the Hospital staff will make two coordination visits to the School each year at no expense to the School.

3. The Dean of the School agrees as part of the understanding to:

- a. Maintain accreditation by the American Dental

Association of School's educational program. In the event such accreditation is withdrawn, School and Hospital will be relieved of the affiliation.

b. Appoint selected members of the Hospital to the clinical teaching staff of the School. Such appointments will be subject to the provisions of the rules and regulations of the Board of Regents of The University of Texas System and subject to the provisions of appropriate USAF regulations.

c. Provide instruction in the basic sciences and such related clinical sciences to the graduate or postgraduate students as may be called for in the opinion of the chairman of the appropriate departments of School and Hospital concerned.

d. Keep and provide such records in connection with this program as necessary to satisfy the requirements for the various specialty boards and accrediting agencies.

e. Award the Master of Science degree to each graduate student who has successfully completed his program at the School and the Hospital. Further, School agrees to consider withholding the Master of Science degree upon written recommendation of Hospital because of the student's clinical incompetence or unsatisfactory performance at the Hospital as determined by the appropriate department staff and by the Dental Education/Library Committee at the Hospital.

f. Issue a certificate to each graduate student who completes his program at the School, but does not otherwise meet the requirements to earn a Master of Science degree.

g. Prohibit publication by any member of his staff, appointed in paragraph 4c, infra of material gained by such member's experiences at the Hospital without prior written consent of the Hospital Commander.

h. Allow no reference to the Hospital in the School's publicity or advertisement media except that potential students and students may be apprised of the scope of the student program.

1. It is understood that the School does not provide professional liability coverage for or on behalf of the postgraduate and graduate students enrolled from the United States Air Force.

4. The Commander of the Hospital agrees as part of the understanding to:

a. Maintain accreditation by the Joint Commission on Accreditation of Hospitals and the American Dental Association, insofar as there is no conflict with the USAF regulations and other governmental directives. In the event such accreditation is withdrawn, the Hospital and School will be relieved of the affiliation.

b. Maintain a teaching staff that is fully qualified and in accordance with standards set by the American Medical Association and the American Dental Association.

c. Appoint members of the staff of the School as civilian consultants to the Hospital as needed or required.

d. Keep and provide such records in connection with this program as necessary and required by specialty boards and accrediting agencies.

e. Issue a diploma to each graduate student who successfully completes his program at the School and the Hospital.

5. It is understood that this agreement does not affect tuition and fees for graduate and postgraduate students specified under separate agreements that are to be paid to the School.

6. All expenses incurred for the operation of the Hospital shall be paid by Hospital, and all expenses incurred by the operation of School shall be paid by School.

7. The Board of Regents of The University of Texas System acting for School shall retain all jurisdictional powers incident to separate ownership, including the power to determine the general and fiscal policy of School, and the selection of its administrative and faculty personnel.

8. Nothing within this agreement shall be interpreted to mean or imply that this program in whole or in part shall function other than in strict agreement with the regulations and directives governing either the School or the Hospital.

9. This agreement is for a term of one year from the date of execution and shall continue thereafter from year to year unless terminated by either party upon giving thirty days advance written notice to the other party by certified mail.

Welty "for the use and benefit of The University of Texas College of Engineering," and the William Robertson Welty Fund for Engineering was established at The University of Texas at Austin in memory of Mrs. Welty's late husband. Mr. Welty was a graduate of the College of Engineering at U. T. Austin.
5. Board of Regents: Acceptance of Grants from the J. M. West Texas Corporation and Establishment of The J. Marion West Chair for Constructive Capitalism in the Graduate School of Business Administration. -- Two grants to be administered by the Board of Regents of The University of Texas System in accordance with the terms outlined in the gift document were accepted from the Trustees of the J. M. West Texas Corporation of Houston, and The J. Marion West Chair for Constructive Capitalism was established in the Graduate School of Business Administration at The University of Texas at Austin.

The first grant is \$25,000 in cash for funding the first year's requirement for the Chair, and the second grant conveys to the Board of Regents for the use and benefit of the Graduate School of Business Administration 130.387 acres of land in the William Andrews League, Abstract 3, Fort Bend County, Texas, being the remainder of the original R. S. Flanagan Tract, Volume 79, Page 328, Deed Records of said county, recently appraised at \$326,000.

Chairman Shivers pointed out that in the terms of this gift document there were two unusual provisions: (a) that the Trustees of the J. M. West Texas Corporation will have the right in their discretion to renew this grant each year for the purpose of continuing the chair on an annual grant rather than on a fully funded basis, and will have the right to designate a division of the U. T. System other than the Graduate School of Business Administration at U. T. Austin, and (b) the recommendation that the initial holder of the chair be Dr. George Kozmetsky. The acceptance of the gift and the appointment of Dr. Kozmetsky as the initial holder of the chair was unanimously approved by the Board of Regents.

6. U. T. Austin: Acceptance of Gift and Pledge and Establishment of the Charles E. Yager Undergraduate Field Scholarship Fund. --A gift of 200 shares of Southland Royalty Co. stock valued at approximately \$7,700 and a pledge for an additional gift were gratefully accepted from Charles E. Yager of Fort Worth, Texas, and the Charles E. Yager Undergraduate Field Scholarship Fund in the Department of Geological Sciences was established at The University of Texas at Austin. Mr. Yager pledged to make another gift in 1977 to bring the fund to at least \$15,000, and he expects to give additional funds thereafter.
7. U. T. El Paso - Acceptance of Bequest Under Will of Evelyn Lincoln Archer and Establishment of The Evelyn Lincoln Scholarship Fund. --Upon the recommendation of President Templeton and System Administration, a bequest of \$5,000 was gratefully accepted under the Will of Evelyn Lincoln Archer, deceased, of Austin, Texas; and The Evelyn Lincoln Scholarship Fund was established for the "benefit annually of a female student majoring in drama and speech" at The University of Texas at El Paso.  
  
It was noted that Mrs. Archer's Will was executed in 1969 prior to the establishment of a \$10,000 minimum for an endowment fund.
8. Galveston Medical Branch: Acceptance of Benefits Under Will of Mrs. Jeane Bertig Kempner and Approval of Method of Funding the Trust. --Upon the recommendation of the Administration, and with sincere appreciation, the Land and Investment Committee accepted the benefits under a trust of \$100,000 established under the Will of

Mrs. Jeane Bertig Kempner, widow of D. W. Kempner, of Galveston, Texas, for the Mary Jean Kempner Pryce-Jones Memorial Laboratory for Hematologic Research at The University of Texas Medical Branch at Galveston.

Mrs. Kempner's Will provides for this trust to be established "either in cash or other assets of equal value." The following method of funding the trust was approved:

Transfer of \$100,000 in value of Foster Farms, Inc., a Kempner family owned corporation, stock by Mr. Preston Shirley, Independent Executor of the Estate, to himself and Mr. Daniel K. Thorne, Co-Trustees of the fund as provided in the Will. The Co-Trustees will have the right to substitute \$100,000 cash for the Foster Farm, Inc., stock on or before January 1, 1979.

The principal of this trust will remain intact, and the income will go to the Galveston Medical Branch for equipment and other support for hematologic research in the Department of Internal Medicine.

9. Galveston Medical Branch - James Wade Rockwell Endowment Fund: (a) Establishment of The James Wade Rockwell Professorship in the Philosophy of Medicine and Transfer of Funds from Existing Endowment Account and (b) Confirmation of Establishment of The James Wade Rockwell Professorship in Medical History. --The James Wade Rockwell Professorship in Philosophy of Medicine was established at The University of Texas Medical Branch at Galveston with an endowment of \$100,000 made up of an additional gift of \$12,500 from the Rockwell Fund, Inc., of Houston (to be reported in the Deputy Chancellor's Docket for the April 1977 meeting) and the transfer of \$87,500 from the James Wade Rockwell Endowment Fund.

The establishment of The James Wade Rockwell Professorship in Medical History at The University of Texas Medical Branch at Galveston was confirmed. This Professorship was unofficially established in 1966 when the Board of Regents ratified a trust agreement with Rockwell Fund, Inc., under which the University received \$100,000 with the income to be used for The James Wade Rockwell Professorship in Medical History, but with continued support of that Professorship to be in the discretion of the Board of Regents so long as the income is "used for exclusively public purposes within the State of Texas and for educational or charitable purposes." Through an administrative oversight, the use of the income for the Professorship in Medical History was not reported to the Board of Regents at the time the trust agreement was ratified and thus the professorship was not officially established in the record.

10. Houston Health Science Center (Houston Medical School): Acceptance of Gift and Establishment of the Mr. and Mrs. George T. Abell Lectureship in Neurology. --Gratefully, and upon the recommendation of the Administration, \$20,000 was accepted from Mrs. George T. Abell of Midland, Texas, and the Mr. and Mrs. George T. Abell Lectureship in Neurology was established at the Houston Medical School of The University of Texas Health Science Center at Houston.

2. Galveston Medical Branch - Dr. Granville T. Hall Chair in General Surgery: Approval of Livestock Grazing, Farming and Hunting Leases on Land in Glasscock and Howard Counties, Texas, to G. E. Free and Alfred E. Perry. --Upon the recommendation of the Associate Deputy Chancellor for Investments, Trusts and Lands, approval was given for the following livestock grazing, farming and hunting leases on lands in Glasscock and Howard Counties, Texas, both leases being for one year from January 1, 1977:
  - a. Lease to G. E. Free covering 2,560 acres, being Sections 5, 6, 7 and 8, Block 34, Township 2 South, at rental of \$12,000 for the year
  - b. Lease to Alfred E. Perry covering 320 acres, being the south half of Section 43, Block 34, Township 1 South, at rental of \$8,000 for the year

It was pointed out that an undivided three-fourths' interest in the surface only of the land covered by these leases was donated to the University on December 21, 1976, (Page 54 ) by Mrs. Florence Thelma Hall and Miss Florence Marie Hall. The lease rental income goes to support the Dr. Granville T. Hall Chair in General Surgery at The University of Texas Medical Branch at Galveston.

U. T. AUSTIN: PRIOR APPROVAL OF PATENT PROVISIONS IN PROPOSED AGREEMENT WITH ELECTRIC POWER RESEARCH, INC. (REGENTS' R&R, TWO, V, 2.4). -- Upon the recommendation of The University of Texas at Austin Patent Committee and President Rogers, concurred in by System Administration, prior approval was given to the Patent Provisions of a proposed agreement between The University of Texas at Austin and the Electric Power Research Institute, Inc. The agreement is entitled "Initiation of Supply, Demand, and Environmental Integration," whereby EPRI shall have the sole power to determine whether or not and in which countries and jurisdictions patent applications shall be filed, and to determine the disposition of the title to rights in and to any invention or discovery. The Patent Provisions further provide, however, that it is the intent of both EPRI and the institution that any patent developed under this contract be made available to the public on a nondiscriminatory basis or dedicated to the public without charge. These provisions are consistent with others previously approved in agreements with EPRI.

The Office of General Counsel reviewed the patent provisions of the proposed agreement and found the provisions consistent with the Regents' Rules and Regulations, Part Two, Chapter V, Section 2.4. A copy of this agreement, if executed, will be reported in the Deputy Chancellor's Docket at a subsequent meeting.
