THE UNIVERSITY OF TEXAS
Main University
Office of the President
Austin

October 21, 1961

Dr. Harry Ransom, Chancellor
The University of Texas
Austin, Texas

Dear Chancellor Ransom:

The following docket for Main University is submitted for your approval and submission to the Board of Regents at its meeting in Austin on November 10-11, 1961.

Recommended Amendments to the 1961-62 Budget

Academic Personnel

(Salary rates are based on nine months, and the terminal date of appointment is May 31, 1962, unless otherwise shown. For docket purposes, dollar figures are used, cents omitted. The term "rate" for academic personnel is the full-time nine month base rate; the appointee receives the proportionate amount depending on the period of his appointment and the fraction of time for which he is appointed. Funds for appointments or salary increases are from Unallocated Salaries unless otherwise shown. Unused salaries are unfilled positions or positions vacated by resignations.)

2. The Faculty Council at its meeting on September 13, 1961, approved by the circularization procedure the recommendations of the College of Engineering regarding changes in degree plans to become effective with the 1962-64 College of Engineering Catalogue. (D&P 2947-48)

All the changes in the programs are in accordance with the minimum general education requirements for undergraduate degrees. The general effect is to enhance the degree offerings in the College of Engineering and to bring the student abreast of the technological changes in Engineering while at the same time broadening his base in the fields of material, energy, conversion, synthesis and design as based on a stronger mathematical and scientific background. Mathematics 301E (College Algebra) and 204E (Brief Trigonometry) are eliminated as the result of the increased entrance requirements in mathematics approved in 1960, and changes are made in requirements in chemistry in two plans and in engineering and geology in two others. The number of hours required is reduced in seven of the nine plans leading to the baccalaureate degree, but not the number of hours in engineering courses, though some course numbers and course contents have been changed.

Faculty Legislation (continued)

3. The Faculty Council at its meeting of October 16, 1961, approved the Summer Session 1962 and Long Session 1962-63 Calendars, the latter with an amendment that classes for Honors Day will be dismissed from 10:00 a.m. on. The date for Honors Day not yet being definitely determined. (D&P 2958-2959)

For the summer offerings, the School of Law will have two six-week terms; the College of Pharmacy one twelve-week session. Registration for both will be June 4, Monday, and Graduation Day will be August 25, Saturday, though there will be no public exercises. The Law School has examinations scheduled for July 12 - 14 for the first term, and both Law and Pharmacy have final examinations scheduled for August 22 - 24, Wednesday - Friday.
