1984-85 SYSTEM-WIDE PERSONNEL PAY PLAN RECOMMENDATION

The Administration of each of the component institutions has made recommendations for adjustments to those classifications utilized at their respective institutions. The Office of the Chancellor concurs in these recommendations which are to be reflected in the System-wide 1984-85 Personnel Pay Plan effective September 1, 1984. The 1984-85 System-wide Personnel Pay Plan Comparative is submitted for approval at this time so it may be used for 1984-85 budget preparation.

The Personnel Pay Plan is supported by extensive studies which have been conducted by the respective institutional personnel offices. In arriving at the salary ranges, we have taken into account the State Classification Plan and the State Salary Schedule for September 1, 1984, which reflects a general rate increase of 3.0%. Also considered were numerous salary surveys which we have conducted or in which we have participated, pay schedules for other institutions, and prevailing rates in the applicable areas of competition.

Adjustments generally provide for an increase of 3.0% with exceptions of limited classifications. It is felt that the recommended changes reflected in the Personnel Pay Plan are necessary for the University to maintain a competitive position, to compensate fairly our employees providing equality with State pay rates, and to attract qualified applicants in the current market. Each classification has been considered on its own merits and recommendations for adjustments have been made according to the individual requirements of each classification as appropriate.

CATALOG CHANGES

The following changes have been recommended for the 1983-85 Graduate Studies Catalog. I recommend approval.

CHANGES IN DEGREE HOUR REQUIREMENTS	FROM	TO
1. Master in Public Administration	36	42

Reason:

This degree program was reviewed by an outside panel. This increase of six semester hours, in the core course requirements, reflects their recommendation and bring the program in line with similar programs elsewhere.

2. Master of Arts in Interdisciplinary Studies	36	39
--	----	----

Reason:

This increase of a three-hour Final Project course, gives the student the opportunity to bring the several interdisciplinary threads together, in much the same way a thesis does in more traditional master's programs.

Impoundment: In addition to any charge that may be levied by The Institute for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges. When an impound violation occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hookup, the following procedure will apply: 1. the vehicle will not be impounded; 2. the owner or driver will be expected to pay the wrecker a fee for the hookup in lieu of towing. If the vehicle is impounded, the registered owner or permanent holder will be notified at his or her address.

When unpaid traffic charges are recorded, the Parking and Traffic Committee will send a letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless payment of all accumulated charges is made within twelve (12) calendar days after the date of the letter or to a written request as made within twelve (12) calendar days to appear before a Hearing Committee concerning impoundment of the vehicle or other appropriate action, the enforcement action will take place without further notice.

This hearing is not an appeal of parking and traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid parking and traffic charges.

At such hearing, which shall be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action shall not take place.

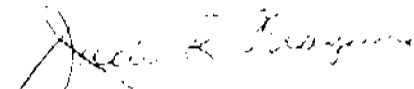

If timely payment is not received and either the registered owner or the person who has registered the vehicle with The Institute has failed to appear at the requested impoundment hearing, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage, without further notice.

The University Police are here to protect The Institute's property and your personal property, to enforce the Parking and Traffic Regulations, and to be of service to you.
