CATALOGUE CHANGES

The following listing summarizes the changes proposed to the Catalogue of The University of Texas at Austin. These catalogue changes have been passed by the University Council, approved by me, and approved by the Executive Vice Chancellor for Academic Affairs. The complete text of the changes can be found in Documents and Proceedings of the University Council, pages 9491-9492, and 9493-9496.

School of Law Bulletin for 1982-84

<u>Current bulletin page number</u>	<u>Summary of Proposed Change</u>
40	Revise statement to read that eighty-six rather than eighty-five hours are required for graduation (D&P 9493-9496).
40	The listing of required courses is revised by adding an Advanced Constitutional Law course, deleting Legal Profession to reflect its replacement by Professional Responsibility, deleting Brief Writing and Oral Advocacy to reflect its inclusion in the Legal Research and Writing course, and deleting the numerical listing of semester hours of credit (D&P 9493-9496).
41	Seminars offered in the School of Law will be classified as either "Writing Seminars" or "Nonwriting Seminars." A seminar will be designated as a "Writing Seminar" if (1) the instructor requires that the student write an original paper embodying the results of extensive research, and; (2) the instructor requires that the student write at least one working draft of such a paper, the instructor meaningfully critiques at least that draft, and further requires that the student submit a final version of the paper in which the student revises the working draft in light of the instructor's critique (D&P 9491-9492).
41	A statement will be added to provide that in order to be graduated from the School of Law, a student must take and pass at least one "Writing Seminar." Also, it will be stated that a student may select a second seminar by permission of the Dean. Current practice will be continued which limits enrollment in most "Writing Seminars" to a maximum of twelve students per section (D&P 9491-9492).
45	A statement is added that the course of instruction may be changed from time to time, including the requirement that a current first year course be offered instead as an advanced course, and vice versa (D&P 9493-9496).
45-50	Course numbers and descriptions are changed to reflect recently approved revisions to the official course inventory (D&P 9493-9496).

The Parking and Traffic Regulations recommended for approval by the U.T. Board of Regents have been approved by an attorney in the Office of General Counsel and are based on model regulations approved by that office. These regulations supersede all prior Parking and Traffic Regulations.

SECTION 1
QUICK REFERENCE TO PARKING
AND TRAFFIC REGULATIONS

1. PERMITS REQUIRED FOR ACCESS AND PARKING: Only vehicles conspicuously displaying proper University permits (as specified in Section VI, infra) may enter or park on The University campus Monday through Friday from 7:30 a.m. to 5:00 p.m. Motorcycles and mopeds (motor-assisted bicycles) may drive through the main campus only after these hours but must park only in areas designated for such vehicles. Additionally, mopeds may park either in motorcycle areas or in bicycle racks/concrete parking blocks as specified in Section IV, infra.
2. DISPLAY OF PERMITS: Parking permits must be properly affixed to the vehicle(s) as described in Section VI, infra. Decals which are taped or affixed by unauthorized materials or displayed on a vehicle other than the vehicle to which issued will subject the holder to a University citation. Additionally, the permit will be revoked and the holder may lose all parking privileges (Section VIII, infra).
3. REMOVAL OF PERMITS: Permits (decals) shall be removed when there is a change of vehicle ownership, when association with The University is terminated, when a replacement permit (decal) has been issued to take the place of a previously issued permit (decal), or upon expiration or revocation (Section VI, infra).
4. CLASS "A" PERMITS: Holders of Class "A" permits may park in any Class "A" parking area except car pool areas Monday through Friday from 7:30 a.m. to 5:00 p.m. and in Class "C" parking areas after 2:00 p.m. Holders may park in other parking areas at other times except when restricted or prohibited by posted signs or markings.

NOTE: Certain spaces have been reserved after these hours for vehicles bearing a current Class "A" permit. These spaces are located as follows (each area is specifically posted as to times/days, etc.):

- a. Lot 14--all spaces except for those designated as "F-14 permits at all times".
- b. Lot 15--spaces west and north of Gearing Hall except for those designated as "F-15 or F-99 permits at all times".

NOTE: The first two digits of the F permit number denote the lot number. Holders may park in other parking areas at other times except when restricted or prohibited by posted signs or markings. When no spaces are available or there is an urgent need, a temporary "F" permit may be issued by the University Police or the Uniformed Officers in the traffic control stations.

NOTE: Certain spaces have been reserved after these hours for vehicles bearing any current Class "F" permit. These spaces are located and marked as follows (each area is specifically posted as to times/days, etc.):

SECTION II
 GENERAL PROVISIONS

Pursuant to the authority granted by Section 51.201 et seq, 54.005, 54.503, 65.31 and 67.21 of Title 3 of the Texas Education Code, the Board of Regents of the University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of vehicle identification insignia (parking permit), and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any who would walk or drive and park a motor vehicle or bicycle on the campus of The University of Texas at Austin. These rules and regulations are supplementary to the ordinances of the City of Austin and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on The University of Texas at Austin campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/ staff member or student. All faculty, staff and students who have a motor vehicle in their possession or control for use, operation or parking on the University campus must register said vehicle with the Parking and Traffic Office. Registration of a motor vehicle does not guarantee a parking place on campus.

The University is not responsible for fire, theft, damage to, or loss of vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by

the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

PARKING AND TRAFFIC POLICIES COMMITTEE: This committee is composed of four faculty members, two staff personnel, and two students. The function of the committee is to advise the President in matters regarding parking and traffic regulations and to review annually the system of priorities for permits issued for parking in restricted areas. The committee is concerned with meeting the parking and traffic safety needs of faculty, staff, students and visitors. Suggestions for changes to the parking and traffic regulations; requests for individual consideration; or any other communication concerning these regulations should be directed to this committee.

PARKING AND TRAFFIC APPEALS PANEL: This panel is composed of faculty, staff and students and rules on review requests (Section VIII, paragraph F, *infra*); and conducts hearings concerning impoundment or barring from readmission, the withholding of grades, degree, refunds or official transcripts based on overdue charges (Section VIII, paragraph D, *infra*). This panel also rules on appeals from proposed suspensions of campus driving and parking privileges (Section VIII, paragraph G, *infra*).

PARKING AND TRAFFIC ADMINISTRATION: This office is responsible for all administrative functions relating to the issuance of parking permits, the collection of administrative enforcement charges for parking and traffic violations, the acceptance of appeals from such violations and the issuance of refunds upon withdrawal from the University. Questions relating to these functions should be directed to Parking and Traffic Administration, Service Building, Room One.

UNIVERSITY POLICE: The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue CITATIONS ENFORCEABLE IN COURT (see Section VIII). On special occasions and emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, the chief may also waive parking limitations which are ordinarily imposed.

The University reserves the right to enforce Parking and Traffic regulations.

1. through the issuance of University citations and the collection of administrative enforcement charges for offenses,
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian

- traffic or blocking a sidewalk, ramp, loading dock, cross-walk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;
3. by the suspension or revocation of permits;
 4. by requiring either the vehicle owner or the person who has registered the vehicle with the University Parking and Traffic Office, to appear at a University hearing for non-payment of outstanding charges.
 5. by barring the readmission and withholding of grades, degrees, refunds and official transcripts of any student for non-payment of outstanding charges;
 6. by disciplinary action against employees or students who fail to abide by these regulations;
 7. by denying parking permits to those with overdue charges;
 8. by the issuance of Court Appearance Citations requiring an appearance in the appropriate state or municipal court; and
 9. by such other methods as are commonly employed by city governments or State agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas at Austin, Austin, Texas shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of The University of Texas at Austin, in violation of any provisions of the Parking and Traffic Regulations of The University of Texas at Austin, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Austin parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit. However, if the vehicle does not bear a valid University of Texas at Austin parking permit, proof that said vehicle at the date of the offense alleged, was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by said owner.

The University assumes no responsibility for any vehicle or any duty to protect any vehicle or its contents anytime the vehicle is operated or parked on the campus.

 ENFORCEMENT

- A. PARKING AND TRAFFIC CITATIONS: University Police are authorized to issue two types of citations for violation of University parking and traffic regulations:
 - 1. UNIVERSITY CITATIONS - Those handled by the University subject to University administrative enforcement charges and a right to appeal within the University (paragraph E below).
 - 2. COURT APPEARANCE (CA) CITATIONS - Those issued by the University Police but constituting a summons to appear in either municipal court or a justice court.

- B. POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations at the University's option as follows:
 - 1. for moving violations
 - 2. for any violation when the individual's driving or parking privileges has been suspended (see paragraph E below) .
 - 3. When an individual receives a University citation and all reasonable attempts at collection have failed.

- C. PROCEDURE FOR UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative enforcement charges are as shown. If the charge is not paid within twelve calendar days after issuance of the citation, a \$2 late charge will be assessed.

THE UNIVERSITY OF TEXAS AT AUSTIN
 U.T. Board of Regents Meeting April 12, 13, 1984

Revisions to the Parking and Traffic Regulations (cont'd):

Every person receiving a University citation shall remit the amount of the charge to the Parking and Traffic Office. Payment *must be received* within twelve calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with Paragraph E below within five working days after issuance of the citation.

Requests for exceptions to the above referenced five working days, will be considered on an individual basis if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Parking and Traffic office and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has registered the vehicle with the Parking and Traffic Office.

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (e.g. moving violations) are recorded in the name of the person driving said vehicle and in the name of the person who has registered it with the University Parking and Traffic Office and/or the registered owner.

When Court Appearance (CA) citations are issued, the University citations will be cancelled. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive a parking permit while such charges remain unpaid. To obtain a permit, a person shall either pay these charges or request a University Hearing.

- D. IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHHOLDING OF GRADES, DEGREES, OFFICIAL TRANSCRIPTS AND REFUNDS: When unpaid charges are recorded, the Parking and Traffic Administration Office shall send a letter to the last known address of the person in whose name the charges

are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is made within twelve calendar days after the date of such letter or (2) a written request is made within twelve calendar days to appear before a University hearing concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades, degree, official transcripts and refunds in case of students as authorized in the Regent's Rules and Regulations, Part One, Chapter VI, Section 9, and state law, the appropriate enforcement action will take place without further notice.

Such a hearing is not an appeal of Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the requested University impoundment hearing, or has appeared and failed to meet his or her burden of proof, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage charges, without further notice.

If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and failed to meet his or her burden of proof, the student may be barred from readmission and grades, degree, official transcripts and refunds may be withheld, without further notice. Additionally, the vehicle registered to the student may be subject to impoundment.

- E. APPEALS FROM UNIVERSITY CITATION(S): Any person who has received a University citation may file a request to have the citation reviewed. This appeal must be filed with the Parking and Traffic Office no later than five working days after the citation was issued. If an appeal is not filed within this time the citation is deemed final.

Appeals shall be prepared in writing on the "Citation Appeal" form provided by the Parking and

Revisions to the Parking and Traffic Regulations (cont'd):

Traffic Office. Appeals may be based solely on the written statement or the appealing party may also request a personal appearance. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the decision being rendered on the basis of the written statement (including any supporting material submitted) and the information as shown on the citation(s).

Each "Citation Appeal" form will be reviewed by the Manager of the Parking and Traffic Office for a decision and the appealing party will be notified, in writing, of the decision. The Manager may order payment of the administrative enforcement charge(s) in whole or in part, or the cancellation of such charge(s). If the appeal is denied and the appealing party fails to pay the charge(s) or to request a review of the appeal (see paragraph F below) within twelve calendar days from the date of decision, a \$2 late charge will be assessed on the citation(s).

- F. REVIEW OF APPEAL FROM UNIVERSITY CITATION(S): Any person who has appealed a University citation(s) and who is not satisfied with the decision by the Manager of the Parking and Traffic Office, may file a written request to have the decision reviewed by the University Parking and Traffic Appeals Panel. Such request shall be submitted in writing to the Parking and Traffic Office within twelve calendar days from the date of the original decision.

This written request shall set forth the grounds on which the appealing party believes the decision was improper or inequitable. Such written request shall be submitted in an original plus six legible copies (reproduced copies are acceptable) and include the following:

1. citation number(s);
2. license number of vehicle(s);
3. date of original decision;
4. date review requested; and
5. printed or typed name, address and signature of person requesting the review.

When a review request is filed, the appealing party will be required to post a bond with the Parking and Traffic Office in the amount of the original charge(s) in dispute.

Each review will be considered by a University Appeals Panel consisting of faculty, staff and student members. The Panel may uphold the Manager's decision, or they may reverse the decision in

whole or in part, as deemed appropriate.

When the Parking and Traffic Office is advised, in writing, of the decision rendered by the University Appeals Panel, the bond will be released and the proceeds will then either be refunded to the appealing party or used to pay the charge(s) then due.

The decision of the University Appeals Panel shall be final.

- G. SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS: The loss of the privilege of driving or parking a motor vehicle on campus shall commence twelve days after the Parking and Traffic Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such persons' privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the date on which the suspension commences and the date on which the suspension ends and will give notification of possible impoundment for parking offenses committed during the period of suspension and additionally, shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; or (d) provides false information to obtain a parking permit with knowledge thereof; (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on the University campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person

received such additional citation(s). In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provisions of Part D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Office.

- H. DESTRUCTION OF PERMIT WHEN SUSPENDED: Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants thereof to the Parking and Traffic Office within twelve days after date of such notice. Failure to do so shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
- I. ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION: A person whose privilege of driving and parking on the campus is suspended and not reinstated, shall be ineligible to receive a parking permit of any type during the period of suspension.
- J. TWO VEHICLES ON CAMPUS: When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle Policy (Section VI, infra), the following shall apply:
1. First offense - The Parking and Traffic Office shall notify the permit holder that they have violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally any citation(s) which may have been issued are due and payable.
 2. Second offense - The Parking and Traffic Office shall notify the permit holder that he/she has again violated these regulations. Such written notice will inform the permit holder that he/she must surrender the permit

from the alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally the permit holder shall not be able to register an alternate vehicle for the remainder of the current permit year. Failure to abide by this second notice will subject the permit holder to all enforcement sanctions including those described in Section V.

- K. IMPOUNDMENT: The term "impoundment" includes removal or immobilization of the vehicle in question.

In addition to any charge that may be levied by the University for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an IMPOUND VIOLATION occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hook-up, the following will apply:

1. The vehicle will not be impounded;
2. and the owner or driver will be expected to pay the wrecker a fee, in lieu of towing.

If the vehicle is impounded, the registered owner or permit holder will be sent a notice at the address on file.

Account Number 19-9895-9000

The "19" account number series AUF funds are allocated to the colleges/schools and other administrative units to support new classroom and laboratory equipment acquisitions, to replace worn out or obsolete instructional equipment and to be used as matching funds for those Federal funding programs that provide teaching and graduate research equipment on a matching basis. Support is provided for special projects to improve and enhance selected instructional and graduate research training programs as approved by the President, for emergency repairs, remodeling and related items necessary to maintain the academic facilities.

The "20" account number series AUF funds support the core academic programs and scholarly activities of the colleges/schools by enabling the deans to initiate improvements in and new development of undergraduate and graduate curricular materials and classroom instructional procedures, to enrich the academic programs through special seminars, workshops and colloquia, and to attract outstanding prospective faculty members to visit the campus and present a scholarly seminar to University faculty/students. Special projects for the development of new academic programs and new research capabilities in support of graduate training efforts are funded as approved by the President.
