May 7, 1963

TO THE HONORABLE BOARD OF REGENTS  
OF THE UNIVERSITY OF TEXAS

Mrs. Johnson and Gentlemen:

The Budget Dockets prepared by the component institutions listed below are herewith submitted, with my recommendation for approval, for consideration at the meeting of the Board of Regents on May 24 - 25, 1963.

Main University  
Texas Western College  
Medical Branch  
Dental Branch

M. D. Anderson Hospital and  
Tumor Institute  
Southwestern Medical School

The following changes affecting Central Administration budgetary operations are recommended for approval by the Board of Regents.

RECOMMENDED AMENDMENTS TO THE 1962-63 BUDGET

University Development Board

1. Transfer \$1,250 from the University Development Board Publishing and Mailing account to the University Development Board Clerical Assistants account. In prior years some of the part-time clerical employees hired on a temporary basis for special publishing and mailing projects were paid from the Publishing and Mailing account. Since the Auditor has requested that all part-time employees be paid from the Clerical Assistants account, this transfer will be necessary in order to meet clerical costs resulting from various mailing programs during the rest of this year. (RBC 87)

University Lands, Geology

2. Effective April 19, 1963, accept the resignation of Mr. James Roland Mollard, Petroleum Engineer, at an annual salary rate of \$6,468. (RBC 89)

APPROPRIATION FOR MISCELLANEOUS COSTS - PERMANENT UNIVERSITY FUND BONDS, SERIES 1963

3. At the April, 1963, meeting of the Board of Regents the subject bond issue in the amount of \$4,000,000 was authorized and the bond counsel was named. No appropriation was recommended, however, at that time for miscellaneous costs incurred for the issue. Based on similar costs for previous issues, the Endowment Office has recommended that the sum of \$7,500 be appropriated from Available University Fund to an account in the Endowment Office entitled "Permanent University Fund Bonds, Series 1963 - Miscellaneous Costs." The recommendation has been approved by Vice-Chancellor Dolley and the Chancellor and is recommended for approval by the Board of Regents.

Sincerely, yours,

  
Harry Ransom  
Chancellor

THE UNIVERSITY OF TEXAS  
Main University  
Office of the President  
Austin

May 1, 1963

Dr. Harry Ransom, Chancellor  
The University of Texas  
Austin, Texas

Dear Chancellor Ransom:

The following changes in the Main University Budget are submitted for your approval and submission to the Board of Regents at its meeting in Austin on May 24 and 25, 1963.

Recommended Amendments to the 1962-63 Budget

The term "rate" for academic personnel is the full-time nine-month base rate; for classified personnel it is the full-time twelve-month rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Terminal dates of appointments are May 31 for academic and August 31 for classified personnel unless otherwise indicated. Source of funds, unless otherwise shown, is the Unallocated Salaries account. For docket purposes, dollar figures are used, cents omitted.

## TRUST AND SPECIAL FUNDS - REAL ESTATE MATTERS.--

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - PROPOSED LEASE TO GULF BITULITHIC COMPANY, GALVESTON COUNTY.--At the February, 1963, meeting of the Board of Regents, approval was given to a proposed lease to Gulf Bitulithic Company covering approximately 5 acres in the H. B. Littlefield Survey for storing material for highway work for the period March 1, 1963 - February 29, 1964. When the instrument was submitted to the Company for signature, the Endowment Office was advised that, due to the death of one of the principal parties to the lease, the plans have been changed and the lease is no longer needed. It is recommended, therefore, that the authorization for the lease be cancelled.

MAIN UNIVERSITY - MURRAY CASE SELLS ESTATE - RATIFICATION OF PROBABLE WATERFLOOD AND ASSIGNMENT INSTRUMENT, COCHRAN COUNTY, TEXAS.--This probable waterflood ratification and assignment instrument pertaining to certain oil payment and overriding royalty interests, D. S. Wright Leases, Levelland Field, Cochran County, Texas, was executed on behalf of The University of Texas by Dr. Harry H. Ransom, Chancellor, on April 25, 1963. The Board of Regents, on July 22, 1961, authorized the Chancellor to execute such instruments from time to time on behalf of the University with each action to be reported for ratification by the Board. Such ratification is recommended for this waterflood and assignment instrument.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - REPORT ON AND RATIFICATION OF OIL, GAS, AND MINERAL LEASE TO THE SUPERIOR OIL COMPANY ON LANDS IN CULBERSON AND HUDSPETH COUNTIES.--The Board of Regents on January 14, 1963, authorized an oil, gas, and mineral lease to Mr. Lee Gilliland representing The Superior Oil Company on all of the Frank B. Cotton Trust acreage in Culberson and Hudspeth Counties amounting to a total of 36,363.30 acres according to the deeds from the Cotton Estate to the Board of Regents. Cash bonus was \$2.50 per acre, annual delay rental \$0.50 per acre, and other basic terms were as approved by the Board of Regents. As expected, objections were raised by the Lessee as to the amount of acreage in 10 sections due to overlapping surveys, and it was agreed to omit these sections from the lease. This left a total of 30,971.95 acres covered by the lease for cash bonus of \$77,429.88. The lease, made direct to The Superior Oil Company rather than to Mr. Gilliland for assignment, was executed by Chairman Heath. It is recommended that the Board of Regents ratify this action.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - PROPOSED SALE OF TRACT IN COTTON ADDITION, EL PASO, TO UTILITY TRAILER COMPANY.--A tract of approximately 1.987 acres lying between Third, Fourth, and Coles Streets in the Cotton Addition in the City of El Paso is under lease to Utility Trailer Company. The lease, effective June 1, 1952, for twenty years at rental of \$175 per month, was made to E. H. Knopf and passed by assignments, with the approval of the Board of Regents, to the present holder. All improvements are owned by the Lessee. This is one of the tracts which the Cotton Trust Advisory Committee in El Paso had recommended that the Board of Regents sell to the Lessee if the present appraised value could be obtained. An independent appraisal of the tract in March, 1962, which appraisal is considered still in line, gives a value of \$0.75 per square foot or a total value of \$64,634.25 on

the basis of 86,179 square feet of area. Utility Trailer Company proposes a cash purchase of the property at \$0.75 per square foot. This tract is across Franklin Canal from the area which is involved in the Chamizal question, and all information to date indicates that this tract will not be included in any transfer of property to Mexico. The 1962 appraisal was made on the basis of full fee simple title with no lease on the property. Therefore, a sale at that appraised value to the Lessee seems well justified. President Ray and Central Administration recommend the sale, and it is recommended that the Board of Regents accept the proposal and authorize the sale with contract of sale, deed, and any other appropriate papers to be executed by the Chairman when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - RECOMMENDATION FOR LEASES TO E. E. HOWREY AND E. E. HOWREY D/B/A HOWREY LUMBER COMPANY ON TWO TRACTS IN COTTON ADDITION, EL PASO.--Mr. E. E. Howrey of El Paso has been negotiating with President Ray for lease of part of the Cotton Trust Property in the Cotton Addition in El Paso, and it appears that the best arrangement that can be made with Mr. Howrey is a lease to him, doing business as Howrey Lumber Company, on a tract of approximately 169,624 square feet on the west side of Franklin Canal at rental of \$360 per month and a separate lease on a smaller tract adjoining, which is needed primarily for access, amounting to approximately .241 acres at rental of \$22 per month. Total rental from these two leases will amount to a 6% annual net return on a value of \$76,330.80 given by independent appraisal of January, 1963, on the larger tract. On this basis, no rental is being received on the smaller tract, but, due primarily to location, it is believed that these two leases should be made to Mr. Howrey. President Ray and Central Administration recommend it. Based on all discussions and information available to date, none of the Cotton Trust property lying west of Franklin Canal will be directly involved in any way in the Chamizal Zone question with Mexico.

Both leases will be for a term of ten years from June 1, 1963, with an option in favor of the Lessee for another ten years at rental of 6% of appraised value during the last six months of the primary term of ten years, and an option for an additional five years in favor of the Lessee under the same terms as the first option as to appraisal and return on the value. The Lessee will assume responsibility for all ad valorem taxes, special assessments, and the like. It is recommended that the Board of Regents accept the proposal for these two leases and authorize the execution of the instrument signed by its Chairman when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

MEDICAL BRANCH - JAMES W. McLAUGHLIN FELLOWSHIP FUND (A. C. McLAUGHLIN ESTATE): RECOMMENDATION FOR JOINDER IN RANGELY NORTH UNIT AREA, RIO BLANCO COUNTY, COLORADO.--One of the oil and gas interests received under the Will of A. C. McLaughlin by the Board of Regents for the James W. McLaughlin Fellowship Fund is a 3.125% working interest, arising from an old operating contract entered into by A. C. McLaughlin, in 560 acres in Rio Blanco County, Colorado, which adjoins the Rangely Weber Sand Unit on the north. The "operating contract" is held by Pan American Petroleum Corporation who now propose a unitization of approximately 1,590 acres of patented land, which includes the 560 acres, and approximately 21,000 acres of Federal land as to all zones except "fracture zone of the Mancos shale". Pan American will obligate itself to drill a minimum of two test wells, the first of which according to present plans will be on the 560 acres, to the "upper 100 feet of the Morrison formation", maximum obligated depth to be 4,500 feet, and to drill additional tests until it is reasonably proved that none of the unitized area is productive. Working interest participants will

*See Page 50 of action*

have no obligation on dry holes, but those included in "participating areas" in the event of production will be charged their prorata of tangible and intangible costs of the productive well or wells. Earlier test wells have been drilled in the area, but there is no production from the zones proposed for this unitization. Mr. Stuart McLaughlin, son of A. C. McLaughlin, deceased, and an oil operator at Rangely, owns, with other members of his family, interests in the proposed unit larger than the interest of the University and has notified the University that they plan to join. As indicated above, the University's interest will be 17.5 mineral acres out of a total of approximately 22,500 acres in the unit. It is recommended that the Board of Regents join the unit as proposed and authorize its Chairman to execute a Ratification and Joinder of Unit Agreement and Unit Operating Agreement when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

## TRUST AND SPECIAL FUNDS - REVENUE BOND MATTERS.---

TEXAS WESTERN COLLEGE - DORMITORY REVENUE BONDS, SERIES 1946, RECOMMENDATION RE OCCUPANCY OF WORRELL HALL AND BENEDICT HALL.--This bond issue, in the original amount of \$615,000 covered all dormitory operations at Texas Western College when the bonds were issued. Of the four dormitories constructed, one was Worrell Hall for men with 30 rooms and another Benedict Hall for women with 22 rooms, each room for double occupancy. These rooms are much smaller than in other dormitories on the campus and definitely too small for two persons. In addition, individual rooms for both men and women are needed on campus for mature students desiring a measure of privacy. It is the recommendation of Dr. Ray, concurred in by Central Administration, that these two buildings be changed to single occupancy effective September 1, 1963, with the rate for single occupancy \$120 per semester rather than \$90 for double occupancy for other dormitory rooms.

The amount of the issue outstanding as of May 1, 1963, is \$385,000, and the Bond and Interest Sinking Fund, as of April 30, 1963, had a credit balance of \$94,611.94 which is more than required by the Bond Resolution. As anticipated by the Business Manager of Texas Western, the reduction in gross income for 1963-64 would be \$6,240 but this will be offset in large measure, if not completely, by board income from students in the newly constructed Burges Hall with 180 spaces for men and a new privately-owned dormitory for women with 304 spaces, and the income from the board from those students will be available for debt service of the Dormitory Revenue Bonds, Series 1946. Average annual debt service through the remainder of the life of the bonds (October, 1978) is \$30,837.73. For 1961-62, the excess of income over expenditures for the dormitory system at Texas Western College, including the dining room, was \$43,672.52.

It is, therefore, recommended that effective September 1, 1963, Worrell Hall and Benedict Hall be approved for single occupancy with room rent of \$120 per student per semester.

ADDITION TO CONTRACT FOR MARRIED STUDENT APARTMENTS AT TEXAS WESTERN COLLEGE

The Comptroller's Office has made the following recommendation:

When work was started on the married student apartments at Texas Western College, a bad foundation condition was discovered under Apartment C, and it was necessary to revise the foundations, footings, and grade beams of this particular building at a considerable increase in cost. Also, since there was a substantial saving at the time the construction contract was awarded on this project, it was deemed desirable to add venetian blinds in the apartments and to make certain changes in the site work involved, namely, to install a fence along the edge of the apartment complex (because of the steep arroyo adjacent thereto), to extend leveling and topsoil or graveled areas, and paint exterior stucco. These additions, together with other minor changes deemed desirable (including both additions and deductions to the contract) involve a total addition of \$9,623.00; \$5,000.00 of this is covered by a Contingency Allowance already in the contract and \$4,623.00 must be added to the contract to effect the changes outlined above.

It is, therefore, recommended that authorization be given to Comptroller Sparenberg to issue change orders to Karam Construction Company, contractor on this project, covering the changes referred to and that approval be given to the transfer of \$4,900.38 from Account No. 85-9545-0000 - Texas Western College - Housing and Home Finance Agency Project CH-TEX-124D - Housing for Married Students and a Dormitory for Men - Allotment Account to accounts as follows:

The recommendation has been approved by Vice-Chancellor Dolley and the Chancellor and is recommended for approval by the Board of Regents.

TRANSFER OF FUNDS WITHIN ACCOUNTS FOR ENGINEERING-SCIENCE BUILDING AT THE MAIN UNIVERSITY

The Comptroller's Office has made the following recommendation:

After construction had started on the Engineering-Science Building at the Main University, a reallocation of space was made as between the College of Engineering and the Department of Physics, which was approved by Dr. Hagerty, Dr. Kinsey, Vice President Hackerman, and President Smiley. This reallocation of space involved some changes in the architectural plans, including the addition of laboratory equipment in some rooms. This additional laboratory equipment involved a total cost of \$3,442.20, and a change order has been issued to the Laboratory Equipment Contract, giving effect to these changes.

TRANSFER OF FUNDS WITHIN ACCOUNTS FOR ENGINEERING-SCIENCE BUILDING AT THE MAIN UNIVERSITY (continued)

As there was a Contingency Allowance of only \$1,000.00 in the Laboratory Equipment Contract, it will be necessary to add \$2,442.20 to the contract. It is, therefore, recommended that the amount of \$2,588.73 be transferred from Account No. 85-9058-0099 - Engineering-Science Building - Allotment Account to accounts, as follows:

Account No. 85-9058-0100 - Engineering-Science Building - Consulting Architect's Fees - Jessen, Jessen, Millhouse, and Greeven	\$ 24.42
Account No. 85-9058-0110 - Engineering-Science Building - Associate Architect's Fees - Phelps and Dewees and Simmons	103.79
Account No. 85-9058-0117 - Engineering-Science Building - Architectural Supervision	18.32
Account No. 85-9058-0180 - Engineering-Science Building - Laboratory Equipment Contract - Metalab Equipment Company	2,442.20

*M235B.3*

The recommendation has been approved by Vice-Chancellor Dolley and the Chancellor and is recommended for approval by the Board of Regents.

DEPARTMENT OF DEFENSE SECURITY AGREEMENT: Modification of List of University Officials Designated to Handle Classified Government Contracts: I recommend that the list previously approved by the Board of Regents be modified as follows:

Add the following administrative personnel of Texas Western College:

Dr. Thomas G. Barnes, Director of Schellenger Research Laboratories  
 Mr. Robert L. Schumaker, Assistant Director of Schellenger Research Laboratories  
 Mr. Francis Fugate, Contract Administrator, Schellenger Research Laboratories  
 Mr. Oscar H. McMahan, Security Officer, Schellenger Research Laboratories  
 Dr. Milton R. Leech, Assistant to the President

*Cash, 1/10/80*

*B-80*

Following approval by the Board of Regents, the Secretary of the Board is requested to furnish two certified copies of the action to President Joseph M. Ray, who will forward one copy to the designated Department of Defense agency.

Sincerely yours,

*Harry Ransom*  
 Harry Ransom  
 Chancellor

Chancellor Harry Ransom  
The University of Texas  
Austin, Texas

Dear Chancellor Ransom:

The following docket for the Main University is submitted for your approval and submission to the Board of Regents at its meeting in Austin on May 24 and 25, 1963:

RESEARCH CONTRACTS: The following contracts and amendments have been negotiated by the Office of Government Sponsored Research and have been signed by the Vice-President and/or President upon the recommendation of the appropriate Technical Director, the Director of the Office of Government Sponsored Research, and the Business Manager. I recommend your approval and ratification of signatures.

1. Contract AF 08(635)-3522, by which the Department of the Air Force, Air Proving Ground Center, Eglin Air Force Base, Florida, provides \$44,860.00 for support of investigations of some specific bomb ballistics problems. The contract is effective for the period April 1, 1963 through November 30, 1963, and the research will be performed in the Military Physics Research Laboratory under the direction of A. E. Lockenvitz, Professor of Physics. *M 300K*

2. Contract AF 08(635)-3555, by which the Department of the Air Force, Air Proving Ground Center, Eglin Air Force Base, Florida, provides \$39,975.00 for support of a study of phenomena which occur as a result of weapon-target encounters. The contract is effective for the period April 1, 1963 through March 31, 1964, and the research will be performed in the Military Physics Research Laboratory under the direction of A. E. Lockenvitz, Professor of Physics. *M-300L*

3. Modification No. 5, Change Order to Contract AF 19(604)-8513, by which the Department of the Air Force, Air Force Systems Command, Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, extends the period of the contract through December 31, 1963. The study of the comparison of the electric fields induced in the earth with those produced in a conventional horizontal antenna continues in the Electrical Engineering Research Laboratory under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering. *M-303L*

4. Contract AF 19(628)-2475, by which the Department of the Air Force, Air Force Systems Command, Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, provides \$35,000.00 for support of research directed toward the development of techniques of investigating thermal behavior of the lower atmosphere. The contract is effective for the period April 1, 1963, through March 31, 1964, with the final report due June 30, 1964, and the research will be conducted in the Electrical Engineering Research Laboratory under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering. *M-303O*

5. Contract AF 29(601)-5837, by which the Department of the Air Force, Air Force Special Weapons Center, Kirtland Air Force Base, New Mexico, *M-304c* provides \$25,559.00 for support of a study to extend the basic information on and understanding of the behavior of concrete beams reinforced with steel plates to include the effects of dynamic loadings. The contract is effective for the period March 1, 1963 through May 25, 1964, and the study will be conducted in the Structural Mechanics Research Laboratory under the direction of J. Neils Thompson, Professor of Civil Engineering.
6. Modification No. 1, Supplemental Agreement to Contract AF 41(609)-1556, by which the Department of the Air Force, Aerospace Medical Division, Brooks Air Force Base, Texas, adds the sum of \$2,000.00 to the contract *M-307a* funds and extends the period of the contract through September 30, 1963. The study of a photosynthetic gas exchanger as a method of providing for the respiratory requirements of the human in a sealed chamber continues under the direction of Dr. Jack Myers, Professor of Zoology and of Botany.
7. Modification No. 5, Supplemental Agreement to Contract AF 41(657)-382, by which the Department of the Air Force, Aerospace Medical Division, Brooks Air Force Base, Texas, adds the sum of \$4,000.00 to the contract *M-308g* funds. The research on effects of ionizing radiation on biological, physiological, and psychological functions of various species continues under the direction of Dr. T. S. Painter, Professor of Zoology.
8. Amendment No. 1 to Basic Agreement AF 49(643)-38, between the University and the Department of the Air Force, by which the Department of the Air Force, Office of Aerospace Research, Washington, D. C., incorporates into the contract certain provisions required by the Armed Services Procurement Regulations Revision No. 12, and incorporates into the contract a new *M-309.1* Negotiated Overhead Rates clause. At the present time all cost-type Air Force contracts at the University have to be individually amended to incorporate revised overhead changes. Under this amendment to the Basic Agreement the negotiated overhead rates would be incorporated into the Basic Agreement, thus eliminating the need for amending each individual contract.
9. Modification No. 1, Supplemental Agreement to Contract *M-312 F* DA 36-039 AMC-00036(E), by which the United States Army Electronics Materiel Agency, Fort Monmouth, New Jersey, describes the items held in the final inventory of Contract DA-36-039 SC-87312 and which are now being transferred to the successor contract, Contract DA-36-039 AMC-00036(E). The research entitled "Superconductive Frequency Control Devices" continues under the direction of Dr. W. H. Hartwig, Associate Professor of Electrical Engineering.
10. Contract DA-36-039 AMC-02162(E), by which the United States Army *M-312 G* Electronics Materiel Agency, Fort Monmouth Procurement Office, Fort Monmouth, New Jersey, provides \$100,000.00 for study and analysis of the problems of translating foreign language into English by automatic means. Of the sum of \$100,000.00, only \$50,000.00 is now allotted. The contract is effective for the period May 1, 1963 through April 30, 1964, and the study will be directed by Dr. W. P. Lehmann, Professor of Germanic Languages.
11. Grant DA-ARO(D)-31-124-G438, by which the Department of the Army, Army Research Office, Durham, North Carolina, provides \$22,490.00 for *M-318a* support of research entitled "Helical Anomalies in RF-Plasmas." The grant is effective for the period April 1, 1963 through March 31, 1964, and the research will be performed under the direction of Dr. Hans Schlüter, Associate Professor of Physics.
12. Amendment No. 5 to Contract Nonr-375(14), by which the Department of the Navy, Office of Naval Research, Washington, D. C., adds the sum of \$24,000.00 to the contract funds and amends the scope of the work. *M-346a* The study of millimeter radiowaves and magnetotelluric signals continues in the Electrical Engineering Research Laboratory under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering.

13. Modification No. 11, Supplemental Agreement to Contract AT-(40-1)-1639, by which the United States Atomic Energy Commission, Oak Ridge, Tennessee, adds the sum of \$28,618.00 to the contract funds and extends the period of the contract through May 31, 1964. Research on unusual oxidation states of transitional elements continues under the direction of Dr. G. W. Watt, Professor of Chemistry. M-324d

14. Contract 14-17-0002-51, by which the United States Department of the Interior, Fish and Wildlife Service, Bureau of Commercial Fisheries, St. Petersburg Beach, Florida, provides \$10,000.00 for support of research entitled "Seasonal Distribution Patterns of Adult and Larval Shrimp in Aransas Pass (Texas) Inlet." The contract is effective for the period March 15, 1963 through March 14, 1964, and the research will be performed under the direction of Dr. Howard T. Odum and Dr. B. J. Copeland of the Institute of Marine Science, Port Aransas. M-334g.2

15. Amendment No. 1 to Contract OEP-SR-62-23, by which the Office of Emergency Planning, Executive Office of the President, Washington, D. C., extends the date for the delivery of the final report under the contract to not later than June 30, 1963. The study of the evacuation of Texas residents endangered by Hurricane Carla in 1961 continues under the direction of Dr. Harry E. Moore, Professor of Sociology. M-355f

16. Contract OE-3-12-074, by which the United States Department of Health, Education, and Welfare, Office of Education, Washington, D.C., provides \$81,338.00 for support of a Counseling and Guidance Training Institute. The contract is effective for the period January 2, 1963 through June 30, 1964, and the institute will be directed by Dr. Royal B. Embree, Jr., Professor of Educational Psychology. 357i.1

17. Contract OE-3-14-021, by which the United States Department of Health, Education, and Welfare, Office of Education, Washington, D. C., provides \$24,166.00 for support of the preparation of a text, "Spoken Egyptian (Cairo) Arabic." Of this sum, \$14,500.00 is now available and the balance of \$9,666.00 will be made available in the government's fiscal year 1964. The preparation of the text will be directed by Dr. Walter Lehn, Associate Professor of Germanic Languages, and Dr. W. P. Lehmann, Professor of Germanic Languages. M-355K

18. Grant AM 04862-03, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$8,310.00 for support of research entitled "Synthesis of Steroids of Unnatural Configuration." The grant is effective for the period May 1, 1963 through April 30, 1964, and the research will be performed under the direction of Dr. Gerhard J. Fonken, Assistant Professor of Chemistry. M-351B

19. Grant CA 05723-03, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$19,680.00 for support of research entitled "Syntheses of Anti-Metabolites with Peroxy Groupings." The grant is effective for the period May 1, 1963 through April 30, 1964, and the research will be performed under the direction of Dr. Philip S. Bailey, Professor of Chemistry, and Dr. William Shive, Professor of Chemistry. M-352F

20. Grant CA 06120-02S1, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$7,089.00 for support of research entitled "Toxicological and Carcinogenic Studies." The grant is effective for the period April 1, 1963 through November 30, 1963, and the research will be performed under the direction of Dr. John Autian, Associate Professor of Pharmacy. M-352G

21. Grant 1-K3-AI-19,385-01, Research Career Development Award, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$15,308.00 for support of research entitled "Effects of Interferon in Tissue Culture Cells." The grant is effective for the period June 1, 1963 through May 31, 1964, and the research will be performed under the direction of Dr. Royce Z. Lockart, Jr., Associate Professor of Microbiology, and Dr. Orville Wyss, Professor of Microbiology. *M-351c*
22. Grant GB-711, by which the National Science Foundation, Washington, D. C., provides \$45,200.00 for support of research entitled "Evolutionary Relationships of the Drosophilidae of the Hawaiian Islands." The grant is effective for the period June 1, 1963 through November 30, 1964, and the research will be performed under the direction of Dr. Marshall R. Wheeler, Professor of Zoology, and Dr. Wilson S. Stone, Professor of Zoology. *M-342H.1*
23. Grant GB-790, by which the National Science Foundation, Washington, D. C., provides \$39,200.00 for support of research entitled "Amphibian Speciation and Evolutionary Relationships." The grant is effective for the period April 1, 1963 through March 31, 1965, and the research will be performed under the direction of Dr. W. Frank Blair, Professor of Zoology. *M-340P*
24. Grant GE-1347, by which the National Science Foundation, Washington, D. C., provides \$17,500.00 for support of an "Undergraduate Instructional Scientific Equipment Program." The grant is effective for the period February 1, 1963 through January 31, 1965, and the program will be under the direction of Dr. Robert E. Eakin, Professor of Chemistry. *M-343M4*
25. Grant-in-Aid, dated March 8, 1963, by which the United States Department of Health, Education, and Welfare, Office of Education, Washington, D. C., provides \$39,080.00 for a Program for Training Teachers of the Deaf under Public Law 87-276. Of the sum of \$39,080.00, \$9,080.00 represents carryover funds from last year's program and \$30,000.00 represents new funds. The grant is effective for the period July 1, 1963 through June 30, 1964, and the program will be directed by Dr. Lennart L. Kopra, Associate Professor of Speech. *M-598*
26. Amendment No. 22 to Basic Contract Nonr-375(00), by which the Department of the Navy, Office of Naval Research, Washington, D. C., removes from the contract the General Provisions dated September 1, 1950, and incorporates the new General Provisions dated October, 1962. The new General Provisions consolidate various clauses and amendments into a single document. *M-347P*

CONTRACTS: The following contracts have been approved by the official indicated. I recommend approval and ratification of signatures:

1. Letter of Agreement with American Institute of Certified Public Accountants, New York City, signed by Vice-President and Provost Norman Hackerman, whereby a staff training program for junior accountants will be held by the American Institute on the campus of the University August 4 - 16, 1963, the University to furnish classroom facilities and equipment in the Union Building and meals and lodging in Kinsolving Dormitory, for which the various University departments will bill the American Institute. These and other incidental costs will run about \$124 per participant, depending on the number who attend. Dr. Charles W. Taylor, Assistant Professor of Accounting, will serve as liaison between the Institute and the University. *M-505e*

CONTRACTS (continued)

2. Inter-agency Cooperation Contract No. 4413-736 with Texas Department of Public Safety, signed by Vice-President and Provost Norman Hackerman and Business Manager James C. Colvin, whereby during the period May 6 - 10, 1963, the University will conduct a three hour class on "Developing an Idea" and provide materials therefore, for not to exceed 30 enrollees at not to exceed a maximum payment of \$35.00, such class to be conducted by Mr. Alan Scott, Associate Professor of Journalism. *M-589*

3. Inter-agency Cooperation Contract No. 4413-745 with Texas Agricultural Extension Service, signed by Vice-President and Provost Norman Hackerman, whereby commencing May 7, 1963, and terminating on May 8, 1963, approximately, the University will make available the services of Dr. Margaret Eppright, Chairman, Department of Home Economics, to assist with a Human Nutrition Workshop, the total cost for such services not to exceed \$50.00 *M-588*

FACULTY LEGISLATION: The following legislation has been passed by the General Faculty and/or Faculty Council:

1. On March 19, 1963, the Faculty Council approved by the circularization procedure the following proposed changes in the College of Arts and Sciences Catalogue (D&P 3158-59):

(a) To the present regulation that no more than 30 per cent of the semester hours required for any degree offered may be done by correspondence, is added the provision that no credit earned by correspondence instruction and no credit earned by enrollment at another college or university while the student is currently enrolled for residence work at the University will be counted for degree credit unless specifically approved in advance by the Dean of the College or his representative. This is recommended so that the college can control the academic load of students.

(b) In the Degree of Bachelor of Science in Home Economics, Plan II, three hours of specified courses in education for the freshman and for the sophomore years are changed to allow three hours of electives each year; and in the junior year the three semester hours elective in education and any other six elective hours are deleted to require nine specific hours of education, these nine hours--instead of the nine hours of education deleted--now being the required prerequisite for the course for Student Teaching: Nursery Schools. *M-116-1*

(c) In the Degree of Bachelor of Arts, Plan I, Physics Major, the number of hours of required mathematics has been increased, since a mathematical background is necessary for the kind of physics now taught, and the number of hours of advanced physics required has been reduced by one hour, this being a consequence of the arrangement of laboratory work in the advanced undergraduate physics program. *M-116-1*

(d) In the Degree of Bachelor of Science in Physics, the physics requirement has been reworded so that the student is required to take at least one of the two advanced laboratory courses, without increasing the number of advanced courses required.

None of these changes increases the number of hours required for the named degree.

FACULTY LEGISLATION (continued)

2. The Faculty Council on March 27, 1963, approved by the circularization procedure the recommendation of the College of Pharmacy providing that a student whose cumulative grade point average falls below C in any semester will be placed on scholastic probation (D&P 3163). The change is recommended because the faculty believes that when a pharmacy student falls below the standard of academic achievement required for graduation from the College, he should be on probationary status in the College. Under the rule now in effect, a student is not put on probation unless he has failed to maintain a C average for three semesters. M-410  
M-401b  
M-18

3. The Faculty Council on April 1, 1963, approved by the circularization procedure the changes recommended to become effective in the Business Administration Catalogue in 1964-5 (D&P 3164-66). These changes are designed to bring up to date the several programs within the College and to serve more effectively the broad educational needs of its students. They provide for the deletion of some courses, indicating some specific courses to be substituted and permitting additional elective hours in some areas. The substitution of a three hour required course for a present two hour required course could increase the number of hours needed for a degree by one hour unless elective hours are chosen to keep the total to 120. Also catalogue information concerning the Honors Plan has been reworded so that students in the sophomore year are chosen since it is becoming increasingly difficult to select honor program students on the basis of high school records. M-12  
M-401a

4. The Faculty Council on April 6, 1963, approved by the circularization procedure recommendations of the College of Pharmacy, to become effective in 1964-65. These changes rearrange the order in which courses are to be taken and reduce from 170 to 160 the number of hours required for the degree of Bachelor of Science in Pharmacy, this reduction enabling students to do more effective and intensive work in courses undertaken. The ten hours eliminated consist of four hours of elective, three hours of Economics, and three hours of Pharmacy. M-18  
M-401b

5. The Faculty Council at its meeting on March 18, 1963, approved the recommendation of the Department of Classical Languages that its name be changed to the Department of Classics, a name that more nearly reflects the offerings of the department, since the curriculum now includes, in addition to languages, such courses as classical literature in translation, archaeology, and classical civilization. (D&P 3171) M-11b

The above is submitted for approval in accordance with Part Two, Chapter VII, Section 10.4 and 10.5 of the Rules and Regulations of the Board of Regents, which require sale of property estimated to bring \$500.00 or more to be made on basis of competitive bids, and sales in amount of \$1,000.00 or more to be approved in advance by the Board of Regents, respectively.

NEPOTISM: In accordance with Sec. 5.43 of the Rules and Regulations of the Board of Regents, on affirmative advice from the Administrative Council, the nepotism regulations have been suspended to the end of the fiscal year in the following cases:

1. Mrs. Jean Copeland to work at the Institute of Marine Science where her husband is employed as Research Scientist Associate III. Mrs. Copeland has a B. S. degree and has had experience which qualifies her to aid in disposing of a backlog of larval fish samples. Her services are urgently needed and no other qualified person is available. M-172

2. Mr. Tinsley H. Penick to serve as part-time Assistant Golf Coach for the period January through May 1963. His father, Mr. Harvey M. Penick, is the University Golf Coach on a part-time basis. Mr. Tinsley Penick is the best qualified person available to serve as Assistant Coach. ~~\_\_\_\_\_~~

OUTSIDE EMPLOYMENT: I recommend that Mr. Robert G. Tull, Instructor in Astronomy, be permitted to do consulting work with the W. L. Richards Company of Austin, a company which has constructed astronomical equipment for the Observatory. Most of the work will be done during the summer and in all cases it will not interfere with his teaching and research duties in the department. M-175

USE OF TEXTBOOKS WRITTEN BY FACULTY MEMBERS: I recommend that the following books written by members of the faculty be approved for use as textbooks:

For the 1963 Summer Session

1. Physical and Chemical Methods of Separation, by Eugene W. Berg, Visiting Lecturer of Chemistry (Louisiana State), published by McGraw-Hill Book Company, which sells for \$12.50 with 15% royalty to author. M-174

2. The Satiric Poems of John Trumbull, by Edwin T. Bowden, Associate Professor of English, which sells for \$4.50 with all profits going to University of Texas Press.

For 1963-64

3. Active German, by W. P. Lehmann, Helmut Rehder, and G. Schulz-Behrend, which sells for \$4.00 with 17% royalty to authors.

4. Review and Progress, by W. P. Lehmann, Helmut Rehder, Leroy Shaw, and Stanley N. Werbow, which sells for \$4.00 with 17% royalty to authors.

5. Focus on German, by Leroy Shaw and Werner Winter, Part I which sells for \$7.00, Part II for \$7.50, with 15% royalty to authors.

6. Historical Linguistics: An Introduction, by W. P. Lehmann, which sells for \$5.50, with 10% royalty to author.

7. Workbook to Historical Linguistics: I, by W. P. Lehmann, which sells for \$2.25, with 8% royalty to author.

8. School Health Program, by Jessie Helen Haag, which sells for \$7.00 with 13.5% royalty, plus 2.5% annual sales exceeding 1,000 copies based upon 75% of the educational sales price and 58% of the trade sales price.

GIFTS AND GRANTS--THE FOLLOWING GIFTS AND GRANTS HAVE BEEN RECEIVED AT THE MAIN UNIVERSITY. I RECOMMEND ACCEPTANCE AND THAT THE THANKS AND APPRECIATION OF THE BOARD BE SENT THE DONOR BY THE SECRETARY. IN THE CASE OF SCHOLARSHIPS WHERE THE RECIPIENT IS DESIGNATED BY THE DONOR, IT HAS BEEN ASCERTAINED THAT THE DONOR IS A CHARITABLE OR PUBLIC INSTITUTION AND THAT THE DONATION DOES NOT CONSTITUTE AN EVASION OF TAXES. AN ASTERISK INDICATES A NON-CASH GIFT. THE AMOUNT STATED IS AN APPRAISAL OR AN APPROXIMATE OR BOOK VALUE IN THE CASE OF UNSOLD STOCK.

TEXAS WESTERN COLLEGE  
of The University of Texas  
El Paso, Texas

May 1, 1963

Dr. Harry H. Ransom, Chancellor  
The University of Texas  
Austin 12, Texas

Dear Dr. Ransom:

The following docket is submitted for your approval and presentation to the Board of Regents at its meeting in Austin on May 24-25, 1963:

PURCHASE OF AIR-CONDITIONING EQUIPMENT

It is the policy of the Board of Regents that expenditures for purchase of new or additional air-conditioning equipment must be approved in advance by the Board or the Chancellor. You have approved the following purchase and it is reported here for information:

An evaporative cooler with a capacity of 10,200 B.T.U. to be installed in Room 222 of the Science Building. This area is used for faculty offices. The unit will cost approximately \$215.00 and the source of funds will be the Biological Sciences Department maintenance and operation appropriation.

TRAVEL

The following trip for a faculty member has been approved by me and travel expense reimbursement will be made from the account, not containing the word "travel," indicated:

Joseph L. Leach, Professor and Chairman of the Department of English, to Los Angeles, California, March 20-24, 1963, to attend the national meeting of the College Conference on Composition and Communication. Travel expense reimbursement will be made from Department of English - Maintenance and Equipment account.

GIFTS

The following gifts have been received by Texas Western College. I recommend acceptance and that the thanks and appreciation of the Board be sent the donors by the Secretary. In the case of scholarships where the recipient is designated, it has been determined that the donor is a public or charitable institution and that the donation does not constitute an evasion of taxes.
