Contract AF 41(657)-149, by which the Department of the Air Force, Air Research and Development Command, provides \$319,910.00 for research on the biological effects of ionizing radiation in various species, and protection of personnel against radiation. This contract supersedes Letter Contract AF 41(657)-149 which authorized expenditures up to the sum of \$63,982.00. The contract is effective for the period April 1, 1957 through March 31, 1958. The research continues under the direction of Dr. T. S. Painter, Professor of Zoology, and Director of the Radiobiological Laboratory.
4. Supplemental Agreement No. 4 to Contract AF 33(616)-2842, by which the Department of the Air Force, Air Research and Development Command, adds the sum of \$75,000.00 to the contract funds, and extends the period of the contract through April 30, 1958. The research continues under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering and Director, Electrical Engineering Research Laboratory.
5. Change Order No. 1 to Contract AF 33(616)-5024, by which the Department of the Air Force, Air Research and Development Command makes a substitution in the technical requirements of the Delivery Schedule. The research on radio propagation and associated refractive index problems continues under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering and Director, Electrical Engineering Research Laboratory.
6. Contract AF 33(616)-5164, by which the Department of the Air Force, Air Research and Development Command, provides \$90,000.00 for certain research studies. The contract is effective for the period April 15, 1957 through April 14, 1958, and the research is to be performed under the direction of Dr. C. P. Boner, Professor of Physics, and Director, Defense Research Laboratory.

7. Contract AF 33(600)-34925, by which the Department of the Air Force, Air Materiel Command provides \$98,954.55 for studies and investigations of fire control systems. The contract is effective for the period April 29, 1957 through January 28, 1958 and the studies are to be performed in the Military Physics Research Laboratory under the direction of Dr. M. Y. Colby, Executive Director of the Laboratory.
8. Supplemental Agreement No. 12 to Contract DAI-23-072-501-ORD-(P)-6 by which the Department of the Army, St. Louis Ordnance District removes the requirement for repricing the contract on January 31, 1957 and provides for repricing upon completion of the contract. The research on kinetics of nitration continues under the direction of Dr. Kenneth A. Kobe, Professor of Chemical Engineering.
9. Supplemental Agreement No. 7 to Contract DA-23-072-ORD-763, by which the Department of the Army, St. Louis Ordnance District, adds the sum of \$50,000.00, amends the scope of the work and extends the contract period through April 30, 1958. The research continues in the Electrical Engineering Research Laboratory under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering and Director of the Laboratory.
10. Amendment No. 9 to Contract Nonr-375(01), by which the Department of the Navy, Office of Naval Research, adds the sum of \$50,000.00 to the contract funds and extends the contract period through April 30, 1958. The research on radio wave propagation continues in the Electrical Engineering Research Laboratory, under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering, and Director of the Laboratory.
11. Amendment No. 3 to Contract NOrd-16382, by which the Department of the Navy, Bureau of Ordnance, adds the sum of \$60,000.00 to the contract funds. The research continues in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics and Director of the Laboratory.
12. Amendment No. 5 to Contract NOrd-16498, by which the Department of the Navy, Bureau of Ordnance, adds \$146,000.00 to Task UTX-1, \$11,000.00 to Task UTX-2, and extends the period of the contract through September 30, 1957. The research continues in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics and Director of the Laboratory.
13. Amendment No. 4 to Contract NObs-66932, by which the Department of the Navy, Bureau of Ships authorizes the erection of a test site and installation of certain test equipment at an estimated cost not to exceed \$6,700.00. The research and development of a prototype model of an acoustic attenuator continues at the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics and Director of the Laboratory.
14. Amendment No. 7 to Contract NObsr-64126, by which the Department of the Navy, Bureau of Ships, adds the sum of \$30,000.00 to the contract funds and extends the contract period through September 30, 1957. The research continues under the direction of Dr. A. W. Straiton, Professor of Electrical Engineering and Director, Electrical Engineering Research Laboratory.

15. Amendment No. 3 to Contract NObsr-72627, by which the Department of the Navy, Bureau of Ships, adds the sum of \$56,000.00 to the contract funds and extends the contract period through November 30, 1957. The underwater ordnance studies continue in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics and Director of the Laboratory.

16. Grant NSF-G3669, by which the National Science Foundation, provides \$28,700.00 for research on hydrocarbon-water studies. The grant is effective for the period August 1, 1957 through July 31, 1960 and the research is to be performed under the direction of Dr. John J. McKetta, Jr., Professor of Chemical Engineering.

17. Grant W-69 (C), by which the Department of Health, Education, and Welfare, Public Health Service, provides \$25,427.00 for a comparative study of the development of general hospitals and services in two types of communities. The grant is effective for the period June 1, 1957 through May 31, 1958 and the research will be conducted under the direction of Dr. Ivan C. Belknap, Associate Professor of Sociology.

18. Grant C-3648, by which the Department of Health, Education, and Welfare, Public Health Service, provides \$6,842.00 for research on chromosome organizations in Drosophila Melanogaster. The grant is effective for the period June 1, 1957 through May 31, 1958, and the research is to be performed under the direction of Dr. Burke H. Judd, Instructor in Zoology.

19. Amendment No. 2 to Contract No. 14-06-500-140, by which the Department of the Interior, Bureau of Reclamation, adds the sum of \$5,000.00 to the contract funds, amends the scope of the work, and extends the contract period from March 29, 1957 through June 30, 1957. Honorable Tom C. Clark, Washington, D. C. - set of United States Supreme Court Reports	
Vernon Law Book Company, Kansas City, Missouri - set of Vernon's Annotated Texas Statutes	

GEOLOGY FIELD COURSE FEES FOR 1957 SUMMER SESSION: I recommend that the Summer Field Course Fee for Geology 660 and 661 be increased from \$60.00 to \$70.00 per term for the 1957 Summer Session.

COLLEGE OF PHARMACY LAUNDRY SERVICE FEE: The College of Pharmacy is recommending that there be established a charge for the various courses in Pharmacy which have laboratory work in order to provide the students with clean, professional frocks and a suitable number of towels, the receipts to be handled as a special activity fund out of which laundry bills will be paid. The amount recommended is \$2.50 for each course per semester and per summer term and would be called "Laundry Service." I recommend approval.

PROPERTY AT 2211 RED RIVER STREET: The property at the given address was under lease to the Delta Upsilon Fraternity when the University acquired it. The lease has been extended and the fraternity wishes to renew it for 1957-58 at a monthly rate of \$200, but requests that the exterior be painted. Since no improvements have been made in about eight years, I concur in the recommendation of Business Manager Landrum that he be authorized to have the outside of the house painted and on behalf of the University sign a lease with Delta Upsilon Fraternity for the period September 1, 1957-August 31, 1958, at a monthly rate of \$200.

AIR CONDITIONING: I recommend approval of the following requests for air conditioning:

Longhorn Band Hall: The office section of this building at a cost of \$691, to be paid from Account No. [redacted], "Improvements, Remodeling and Major Repair Allotment Account."

Gregory Gymnasium: Conference and projection room for coaches (under balcony on south side), and Room 202, occupied by Coach Royal and his secretary, and

Memorial Stadium: Medical storeroom, the total cost of \$1,350 for the gymnasium and stadium to be paid from Athletic Council General Account No. [redacted].

CHANGE ORDERS TO GENERAL CONTRACT FOR EXTENSION OF OUTSIDE UTILITIES TO, AND DRIVES FOR, R.O.T.C. BUILDING: I recommend approval and ratification of the following transfer of funds submitted by Mr. C. E. Sparenberg, Comptroller:

From Account No. [redacted], Extension of Utilities to, and Drives for, R.O.T.C. Building - Allotment Account - the sum of \$210 as follows:

To Account No. [redacted] - General Contract - S. O. and C. D. Yarbrough Construction Company - \$200.00

To Account No. [redacted] - Atlas B. and Robert M. Ayres - Associate Architect Fees - \$8.00

To Account No. [redacted] - Architectural Supervision - \$2.00

ADDITIONAL APPROPRIATION FOR ARCHITECTURAL SUPERVISION FOR R.O.T.C. BUILDING AND EXTENSION OF OUTSIDE UTILITIES TO, AND DRIVES FOR, R.O.T.C. BUILDING: At the time these contracts were set up, 1% of the total was set aside for Architectural Supervision. That fund has now been exhausted, and in order to pay Mr. Hansen, the Clerk-of-the Works, through May 31, 1957 (termination of his services) I have approved the recommendation of Mr. C. E. Sparenberg, Comptroller, to transfer \$702.93 to Account No. [redacted] - Architectural Supervision - R.O.T.C. Building from Account No. [redacted] - R.O.T.C. Building - Allotment Account a proration to be made later between the Architectural Supervision and Extension of Utilities accounts. I recommend approval and ratification.

OUT-OF-STATE TRIPS: I recommend ratification of your approval by "no-protest" procedure of Mail Dockets Nos. 24-27, attached as part of this docket.

MILITARY LEAVES: I recommend approval of the following military leaves:

GRADUATE FACULTY APPOINTMENTS: I recommend approval of the Graduate Council's recommendation that the following be made members of the Graduate Faculty:

Howard F. Rase, Associate Professor of Chemical Engineering
Cullen M. Crain, Associate Professor of Electrical Engineering
Enrico Volterra, Professor of Engineering Mechanics
E. H. Bucknall, Professor of Mechanical Engineering

BENEDICT MEMORIAL FUND FOR A GREATER UNIVERSITY, CHANGE IN PURPOSE: In 1938 the University Mortar Board chapter established the Benedict Memorial Fund, with most of the donations secured through assignment of \$1.00 of the property deposit by students at time of registration. The February 1939 Minutes of the Board reported the establishment of this fund, indicating that it was "to be expended upon order of the President of the University, with the approval of the Regents, for any purpose that may in his judgment benefit the students or faculty of the Main University." In 1940, \$300 of the fund was used for lighting the Intramural Field. The fund, at present totalling \$709, has not been used for a number of years, and Mortar Board recommends that it now be transferred to the Committee on Loan and Scholarship Information for use as a loan fund. I recommend approval.

E. D. FARMER SCHOLARSHIP: The Faculty Committee of the E. D. Farmer Scholarship Fund makes the following recommendations concerning the estimated August 31 balance in the amount of \$16,103.41:

1. That three scholarships of \$2,100 each be made available to students of the University of Texas to attend the National University of Mexico, March - December, 1958;
2. That three scholarships of \$2,100 each be made available to students of Mexico to attend the University of Texas during the scholastic year of 1957-58;
3. That the following grants be made to professors in the University of Texas:
 - a. One of \$1,000 to Associate Professor Ralph B. Long to work with the National University of Mexico and the Bi-National Center from July 1 to August 16;
 - b. One of \$800 to Assistant Professor Joseph H. Matluck to work on a research problem in Mexico City during the three summer months of the present year;
 - c. That the balance of this fund, \$1,703.41, be held for future awards or emergencies.

OUTSIDE AND ADDITIONAL DUTIES: I recommend that the staff members listed be permitted to undertake the outside and additional duties outlined, in each instance the time to be so arranged as not to interfere with University work:

1. Mr. S. P. Ellison, Jr., Professor of Geology, to act as a consulting geologist to Mr. John A. Jackson, Dallas, for the period May 27-30, 1957, the stipend to be \$100 per day.
2. Mr. Raymond F. Dawson, Associate Director, Bureau of Engineering Research, to serve as a foundation consultant to a Houston industrial firm in the preliminary planning of a building, the fee to be \$100 per day plus expenses and the total time to be about four or five days.
3. Mr. Earnest F. Gloyna, Associate Professor of Civil Engineering, to act as consultant to the Southwestern Graphite Company, Burnet, Texas on a streampollution problem, the time needed to be approximately two days and the fee to be \$100 a day plus expenses.
4. Mr. Joel Andrews, Instructor in Harp, to accept a fee of \$25.00 for playing at the University Methodist Church and a fee of \$50.00 for playing at the Scottish Rite Dormitory, both concerts on April 21, 1957.
5. Mr. John McGrosso, Assistant Professor of Music, to accept a fee of \$54.00 for playing a concert with the San Antonio Symphony on April 24, 1957.
6. The following members of the Music staff to accept a total fee of \$150 for playing a concert at East Texas Baptist College, Marshall, Texas: Mrs. Janet McCaughey, Associate Professor of Music; Mrs. Phyllis Young, Guest Lecturer; and Mr. Jerry Smith, Teaching Assistant.

FACULTY LEGISLATION: I recommend approval of the following legislation approved by the Faculty Council and/or General Faculty:

1. The Faculty Council on April 23, 1957, approved by the circularization procedure the recommendations of the College of Engineering relating to changes in the required Engineering courses (D&P 2424), copy of which is attached to this docket as Appendix A. *P. 1093*
2. The Faculty Council on April 30, 1957, approved by the circularization procedure the recommendations of the College of Education relating to changes in the required Education courses (D&P 2429-35), copy of which is attached hereto as Appendix B. *P. 1094*
3. The Faculty Council at its meeting of May 20, 1957, approved the Optional Five-Year Program Leading to the Bachelor of Science in Pharmacy (D&P 2436-38) with the following amendment:

Under the heading, "Second Professional Year," delete the footnote to Pharmacy 467 reading "Four or more semester hours in Quantitative Analysis or Chemistry 416 may be substituted for credit for this course."

A copy of the proposed legislation is attached as Appendix C. *P. 1101*

4. The General Faculty at its meeting of May 14, 1957, passed the following legislation:

- (1) The first annual meeting of the General Faculty of each year be changed from the first Tuesday of October to the last Tuesday of October (G.F. Minutes 6949).
- (2) The dates of the General Faculty elections of each year be changed from May to April (G.F. Minutes 6949).

FACULTY LEGISLATION (continued)

- (3) Change the General Faculty regulation with regard to qualifications of candidates for election to the Faculty Council from its present reading (adopted in May 1956)

No elected member shall be qualified to serve for more than three terms

to its former reading

No elected member shall be qualified to serve for more than two successive terms.

This relates to Qualification 2 and is reported in G.F. Minutes 6947-48.

PERMISSION TO TAKE RARE BOOKS COLLECTION BOOKS FROM CAMPUS: Miss Fannie Ratchford, Curator of the Rare Books Collection, has been awarded a Guggenheim Fellowship for study in England next year largely on the strength of her earlier work on the Wise forgeries. She will be working with Mr. Foxon of the British Museum on certain recent discoveries he has made in connection with about forty plays in the British Museum printed in the period 1600-1660 from which leaves have been stolen since 1890 and replaced by other printings. The Rare Books Collection of the University also has copies of these plays and it is highly desirable that our copies be compared with those in the British Museum to determine what we have--originals, with parts of British Museum copies rebound into ours--or outright forgeries--or the same thing the British Museum has: parts of original printings with forgeries bound in with the original.

Miss Ratchford and Dr. Ransom, who will become Director of the Rare Books Collection in September 1957, request that permission be given for Miss Ratchford to carry the plays in question to England for this study to be made. The material can be safely locked in the British Museum and used under all the usual safeguards while Miss Ratchford and British scholars make the comparative study.

I recommend approval.

PURCHASE FROM A STAFF MEMBER: The Department of Ceramic Engineering wishes to purchase a special furnace to mount on the x-ray diffraction unit and a temperature rate controller for the furnace. These instruments can be built only by the Robert L. Stone Company, the only manufacturing company acquainted with the special design. Since Dr. R. L. Stone, the President of the company, is Professor of Ceramic Engineering at the University, I recommend that the Regents be requested to approve this purchase.

SALE TO A STAFF MEMBER: Defense Research Laboratory is offering for sale a 1951 Chrysler Saratoga Sedan. Of the sealed bids received by the Purchasing Agent of the University on May 28, 1957, the highest was by Mr. Frank McBee, Jr., Assistant Professor of Mechanical Engineering and Systems Development Specialist II, Defense Research Laboratory. I recommend that approval be given to sell this car to Mr. McBee for \$252.10.

Sincerely yours,

C. P. Boner

36. Mr. Thomas Wayne Taylor, Director, Science Teaching Improvement Program, Extension Teaching and Field Service Bureau, May 8-12, 1957, to Los Angeles, California for the National Science Fair, expenses to be paid from AAAS Grant funds.

37. The trip of Mr. Robert F. Schenkkan, Director, Radio-Television, to Washington, D. C., March 31-April 3, 1957, reported in Docket No. 21, item 10, should have been charged to the Office and Travel account of the Development Board instead of Radio-Television.

38. Mr. Harvey Raymond Herbst, Television Program Director, Radio-Television, May 7-12, 1957, to Columbus, Ohio, to attend Institute for Education by Radio-Television and to confer with consultants on technical and production aspects of the grant series "The Child Beyond," expenses to be paid from the Maintenance, Equipment, and Travel Account of Radio-Television (to be transferred to the "Child Beyond" grant-in-aid).

39. Mrs. Jo Ann Goodell, Sales Assistant, University of Texas Press, May 3-9, 1957, to Lincoln, Nebraska, to attend annual meeting of Association of American University Presses, expenses to be paid from University of Texas Press (Revolving Publication Fund).

40. Mr. Frank H. Wardlaw, Director, University of Texas Press, May 3-9, 1957, to Lincoln, Nebraska, to represent the University at the annual meeting of the Association of American University Presses, and May 23-June 21, 1957, to visit various cities in Europe to make arrangements for production of Blaffer Art Series and other miscellaneous Press business, expenses for the first trip and part of expenses for the latter trip to be paid from Revolving Publication Fund No. 52455, the balance of the European trip to be paid from Accounts Nos. 75845, 75750, and 75820.

41. The following with expenses paid from Intercollegiate Athletics Funds, No. 52700:

- (1) Mr. Wilbur Evans, Sports News Director, April 23-29, 1957, to Des Moines, Iowa, for Football Writers Meeting, and April 26 and 27 to Philadelphia for Pennsylvania Relays.
- (2) Mr. William M. Campbell and Mr. James N. Pittman, Assistant Football Coaches, May 16-21, 1957, to Vicksburg, Jackson, and Meridian, Mississippi, to contact prospective athletes and attend Big Eight Conference Track Meet.
- (3) One additional University of Texas Track Team Member to go to Des Moines, Iowa, April 24-28, 1957, for the Drake Relays.

42. The source of funds for the trip of Mr. David M. Stuart, Assistant Professor of Pharmacy, to attend the American Association of the Colleges of Pharmacy, reported in Mail Docket No. 21, has been changed from funds of the Committee on Attendance at Meetings of Learned Societies to the Dean's Office and Travel account of the College of Pharmacy.

43. The following with transportation expenses paid from funds of the Committee on Attendance at Meetings of Learned Societies, the staff member in each instance to present a paper, the result of original research:

- (1) Mr. Lee M. Hollander, Professor of Germanic Languages, to Chicago, Illinois, May 3 and 4, 1957, for the meeting of the Society for the Advancement of Scandinavian Studies.
- (2) Mr. V. T. Schuhardt, Professor of Bacteriology, May 8, 1957, to Detroit, Michigan, for the meeting of the Society of American Bacteriologists.
- (3) Mr. Karl K. Klein, Assistant Professor of Physical Education, June 7 and 8, 1957, to New York City, for American College of Sports Medicine.

~~1087~~

44. Mr. Richard W. Donnelly, Training Specialist III, Industrial and Business Training Bureau, May 15-18, 1957, to Colorado Springs, Colorado, for conferences regarding the School of Gas Technology, expenses to be paid from Various Donors for the Production of Instructional Aids.

45. Mr. Curtis F. Kruse, Training Specialist III, Industrial and Business Training Bureau, May 15-18, 1957, to Colorado Springs, Colorado, for conferences regarding the School of Gas Technology, expenses to be paid from Various Donors for the Production of Instructional Aids.

DOCUMENTS AND PROCEEDINGS OF THE FACULTY COUNCIL

PROPOSAL TO CHANGE THE REQUIREMENTS FOR THE DEGREES OF
BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING AND
BACHELOR OF SCIENCE IN PETROLEUM ENGINEERING

The College of Engineering has filed with the Secretary of the Faculty Council the recommendations published below relating to changes in the required engineering courses. The recommendations were approved by the College of Engineering at its regular meeting on April 11, 1957. The Secretary has classified these recommendations of exclusive application and primary interest only to a single school or college.

Notice is hereby given that this legislation will be presented to the Board of Regents for adoption unless a signed protest, with reasons, is received by the Secretary of the Faculty Council from a member of the Council within five days of the date of this publication. If a protest is received, the proposed legislation will be presented to the Faculty Council for action at its meeting of May 20, 1957.

Eugene W. Nelson, Secretary
The Faculty Council

RECOMMENDATIONS OF THE COLLEGE OF ENGINEERING

In Plan 7 leading to the Degree of Bachelor of Science in Electrical Engineering on page 33 of the Engineering Catalogue for 1956-58, University publication No. 5611, dated June 1, 1956, delete M. E. 340, Heat Power Engineering and Laboratory, and add M. E. 140, Heat Power Laboratory and M. E. 239, Introduction to Heat Transfer.

The reason for this is that M. E. 140 retains the fundamental experiments given in M. E. 340 but the reports are much less formal. M. E. 239 is an elective course offered by the M. E. Department and covers heat transfer. The E. E. Department has desired this subject matter for several years. This rearrangement of material is desired by all concerned.

In Plan 10 leading to the Degree of Bachelor of Science in Petroleum Engineering found on page 39 of the above mentioned catalogue delete M. E. 320, Heat Engineering, and M. E. 340, Heat Power Engineering and Laboratory and add Ch. E. 361, Thermodynamics, and three hours of electives (upper division).

The reasons for this change are: Ch. E. 361 is a course in thermodynamics with physical chemistry as a background. The study of reservoir engineering is becoming increasingly important for Petroleum Engineering. The production of oil at increasing depths and temperatures has its attendant problems of thermodynamic properties of complex mixtures of hydrocarbons and salt water.

It is contemplated to cover the essential laboratory experiments in M. E. 340 in some of the laboratory work now being given in Petroleum Engineering.

The three hours upper division elective increases total electives to eleven hours. All electives are approved by the department. These three hours will be devoted to additional training in the areas of advanced geology, mathematics and physics.

Filed with the Secretary of the Faculty Council by Assistant Dean John A. Focht, College of Engineering, April 15, 1957.

Distributed among the members of the Faculty Council by the University Stenographic Bureau, April 17, 1957.

PROPOSAL TO CHANGE DEGREE REQUIREMENTS IN THE
COLLEGE OF EDUCATION CATALOGUE

The College of Education has filed with the Secretary of the Faculty Council the recommendations published below relating to changes in the required education courses. The recommendations were approved by the College of Education at its regular meetings on January 17, 1957, March 11 and March 15, 1957. The Secretary has classified these recommendations of exclusive application and primary interest only to a single school or college.

Notice is hereby given that this legislation will be presented to the Board of Regents for adoption unless a signed protest, with reasons, is received by the Secretary of the Faculty Council from a member of the Council within five days of the date of this publication. If a protest is received, the proposed legislation will be presented to the Faculty Council for action at its meeting of May 20, 1957.

Eugene W. Nelson, Secretary
The Faculty Council

RECOMMENDATIONS OF THE COLLEGE OF EDUCATION

Preliminary explanation: To accord with new certification regulations, a new 6-hour sequence has been designed to take the place of several different courses. This sequence is composed of Ed. C. 308 and Ed. P. 318. Ed. C. 308 replaces Ed. C. 306, P. Ed. 307, Ed. A. 305, Ed. A. 312, and Ed. H. 312. Ed. P. 318 replaces Ed. P. 301, Ed. P. 311, Ed. P. 614Qa, and Ed. P. 314. Ed. P. 614Qb now becomes Ed. P. 328.

Change proposed: In all degree plans of the College of Education, substitute Ed. C. 308, Ed. P. 318 and Ed. P. 328 for the presently listed courses they are replacing.

On page 15 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan I, for Teaching Objectives not Specifically Covered by Other Degree Plans, under B. Prescribed Special Work,"

1. CHANGE requirement 4

From: From thirty- to thirty-six semester hours in education, including the following sequences: Educational Psychology 311, Educational Administration 312, Educational Psychology 320K, Curriculum and Instruction 320L, Curriculum and Instruction 667M. History and Philosophy of Education 325K, 325L (The following sequence may be substituted by transfer students or with permission of the College of Education registration adviser: Educational Psychology 301, Educational Administration 305, Educational Psychology 314, Curriculum and Instruction 320L, Curriculum and Instruction 667M, History and Philosophy of Education 325K, 325L).

To: Twenty-four semester hours in education (Educational Psychology 318, 320K, Curriculum and Instruction 308, 320L, 667M, History and Philosophy of Education 325L and three semester hours elective). (The following sequence may be substituted by transfer students or with permission of the College of Education registration adviser: Educational Psychology 301, 314, Educational Administration 305, Curriculum and Instruction 320L, 667M, History and Philosophy of Education 325L and three semester hours elective).

Reason: To reduce hours in education consistent with other degree plans.

On page 16 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan II, for Administration of Youth-serving Agencies, under A, Prescribed Work,"

1. CHANGE requirement 12

From: Fourteen semester hours of business administration (Accounting 811, Advertising 340J, and three semester hours of advanced courses).

To: Twelve semester hours of business administration (Accounting 611, Advertising 340J, and three semester hours of advanced courses).

Reason: Accounting 611 has been substituted for Accounting 811 by the College of Business Administration.

2. CHANGE requirement 14

From: Twenty-one semester hours of electives approved by the Dean of the College of Education, at least twelve of which must be outside the College of Education. Of this twelve, six semester hours must be advanced. It is recommended that the following subjects be considered in choosing electives: speech, sociology, psychology, fine arts, education, physical education and Spanish.

To: Twenty-three semester hours of electives approved by the Dean of the College of Education, at least fourteen of which must be outside the College of Education. Of this fourteen, six semester hours must be advanced. It is recommended that the following subjects be considered in choosing electives: speech, sociology, psychology, fine arts, education, physical education and Spanish.

Reason: To compensate for hours freed by the change of Accounting 811 to Accounting 611 in requirement 12.

On page 18 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan IV, for Prospective Teachers of the Social Studies, under A. Prescribed Work,"

1. CHANGE requirement 3

From: Six semester hours of a laboratory course in each of two other natural sciences (preferably in science fields not studied in high school), or six semester hours of a laboratory course in another natural science and six semester hours of mathematics.

To: Twelve semester hours of general education selected with the approval of the student's adviser from areas other than the social sciences; at least 6 semester hours of foreign language or 3 semester hours of mathematics must be included.¹

Reason: To meet the liberal studies requirements of the University. (A preceding requirement, which remains unchanged, specifies completion of 6 semester hours in natural science. A subsequent requirement (No. 10) prevents use of high school credit to reduce total of 126 semester hours required for degree.)

2. CHANGE requirement 7

From: Twelve semester hours of advanced courses in one social science, six semester hours of advanced courses in a second social science, six semester hours of a third social science, and three semester hours of each of two additional social sciences. Of the semester hours of advanced courses, six must be in history or government. Not more than twenty-four semester hours may be counted in any one social science.

To: Twelve semester hours of advanced courses in one social science, and six semester hours of advanced courses in a second social science, both of these social sciences must be subjects commonly taught in high schools in Texas, and one of these social sciences must be either history or government; six semester hours in a third social science, and three semester hours of each of two additional social sciences. Not more than twenty-four semester hours may be counted in any one social science.

Reason: To enable students to meet new certification requirements with regard to teaching majors and minors.

¹ Except that students having high school credit for two or more units in foreign language or three or more units in high school mathematics (arithmetic or general mathematics not included) are not required to include these subjects.

On pages 19-20 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan V, For Prospective Teachers of English in Secondary Schools, under A. Prescribed Work,"

1. CHANGE requirement 2

From: Six semester hours chosen from one of the following fields:
art, drama, music, advanced English

To: Six semester hours chosen from the following fields: art, drama, music

Reason: To meet general education requirements of new certification standards. (These limit amount of credit in the student's field of specialization to be applied toward the 45-hour minimum in general education).

2. CHANGE requirement 11

From: A minor subject: Six semester hours of advanced courses in a foreign language, or six semester hours of advanced courses in one of the following subjects or combination of them: anthropology, classical civilization, economics, government, history, journalism, philosophy, psychology, sociology, speech

To: A minor subject: Enough additional semester hours of courses in a subject commonly taught in high schools in Texas to make a total of eighteen semester hours in that field. Six semester hours of these eighteen must be advanced.

Reason: To meet the new requirements for certification

On pages 20-21 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan VI, For Prospective Teachers of Mathematics, Under A. Prescribed Work,"

1. CHANGE requirement 2

From: Six semester hours chosen from one of the following fields:
Art, drama, music, advanced English

To: Six mester hours chosen from the following fields: art, drama, music, advanced English

Reason: To broaden base for electives in general education for certification

On page 22 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan VII, For Prospective Teachers of Speech in Secondary Schools, under A. Prescribed Work,"

1. CHANGE requirement 6

From: Thirty semester hours of speech (Speech 305, 306, 310K, 313, 323K, 050, 361, 362, and nine additional semester hours. Of these thirty, at least fifteen semester hours must be advanced.)

To: Thirty semester hours of speech (Speech 305, 306, 310K, 313, 323K, 361, 362, 365, and six additional semester hours. Of these thirty, at least fifteen semester hours must be advanced.)

Reason: Speech 050 is being discontinued for speech majors in the College of Arts and Sciences, and the Department of Speech recommends that Speech 365 be substituted.

2. CHANGE requirement 9

From: Three semester hours of advanced courses in any subject other than education or speech

To: A minor subject: Enough additional semester hours of courses in a subject (other than speech, speech education or speech therapy) commonly taught in high schools in Texas to make a total of eighteen semester hours in that field. At least six semester hours of these eighteen must be advanced.

Reason: To meet new certification requirements

On page 24 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Education, Plan IX, For Prospective Teachers of Business Education in Secondary Schools, under A. Prescribed Work,:

1. OMIT requirement 5: Three semester hours of speech (Speech 303).

Reason: To increase hours of electives so that student can build minor subject required by new certification standards.

2. OMIT requirement 8: Three semester hours in geography or Resources 325 or 360.

Reason: Transferred to Requirement 10 below.

3. CHANGE requirement 9

From: Six semester hours chosen from Art 305, Drama 314, Music 302L ~~302L~~

To: Six semester hours chosen from Art 305, Drama 314, Music 302L, Philosophy 310 and Psychology 310.

Reason: To broaden electives in aesthetics area of liberal studies requirements.

4. CHANGE requirement 10

From: Thirty-nine semester hours of business administration, including Accounting 811, Business Law 323, Business Writing 320, Finance 354, Marketing 337, Statistics 432, Secretarial Studies 101, 102, 103 and twelve semester hours selected from the following: Accounting 325, Business Law 324, Cotton Marketing 346, Insurance 357, or 368, Management 302 or 325, Marketing 339, Real Estate 378, Resources 325, 360, or 361, Secretarial Studies 304, 305, 311, and 322 or 362.

To: Forty to forty-five semester hours in business administration, including Accounting 611 and 325, Business Law 323, Business Writing 320, Finance 354, Marketing 337, Statistics 432, Secretarial Studies 101, 102 and 103, and twelve to seventeen semester hours from the following: Accounting 326, 327, 329, Business Law 324, Cotton Marketing 346, Insurance 357 or 368, Management 302 or 325, Marketing 339, Real Estate 378, Resources 325, 360, or 361, Secretarial Studies 304, 305, 311, 322 and 362.

Reason: To increase total electives allowed in field of specialization.

5. CHANGE requirement 11

From: At least twenty-four, but not more than thirty, semester hours of education, including Educational Psychology 311, 320K, Educational Administration 312, Curriculum and Instruction 320L, 341, and 667M.

To: Twenty-five semester hours of education, including Educational Psychology 318, 320K, Curriculum and Instruction 308, 320L, 241T*, 241S*, 351*, and 667M.

Reason: Starred courses are being initiated to increase students' knowledge of how to teach typing, shorthand, book-keeping and business practice. Educational Psychology 318 and Curriculum and Instruction 308 are being substituted for Educational Psychology 311 and Educational Administration 312 respectively to meet the requirements of the new certification standards.

On page 25 of the Catalogue of the College of Education for 1953-55 under requirement for the "Degree of Bachelor of Science in Education Plan IX (to become Plan X), For Prospective Teachers of the Deaf, under A. Prescribed Work,"

1. CHANGE requirement 4

From: Fourteen semester hours of one foreign language (courses 406 and 407 and six semester hours of sophomore rank, or such portion thereof as may be required by the score made on the placement test. If Latin is offered, at least twelve semester hours must be taken regardless of the score made on the placement test.)

To: Six semester hours of one foreign language.¹

Reason: To coordinate requirements with General Faculty legislation on liberal studies requirements.

2. CHANGE requirement 6

From: Twenty-one semester hours of speech (Speech 303, 323K, 336, 340, 660, and 371)

¹Two or more units in a high school foreign language will be accepted in satisfaction of this requirement.

To: Twenty-seven hours of speech (Speech 303, 314K, 323K, 330, 336, 341, 660, 373)

Reason: These courses are better adapted to the special program covered by the degree.

3. CHANGE requirement 7

From: Three semester hours of philosophy, economics, sociology, or anthropology

To: Three semester hours of sociology, and three semester hours chosen from philosophy, sociology, economics or anthropology.

Reason: A wider social science background, including sociology, is needed by the candidate because of the students who are to be served.

4. CHANGE requirement 10

From: Twenty-seven semester hours of education (Educational Administration 312, Educational Psychology 311, 620D (or 365D and 366D), 326D, 361, Curriculum and Instruction 667D and 332Q).

To: Twenty-seven semester hours of education (Educational Psychology 318, 365D and 366D (or 620D), 326D, 376P, Curriculum and Instruction 308, 332Q, and 667D).

Reason: Ed. P. 361 has been discontinued and Ed. P. 376P, a course with a broader scope, has been developed to enable the student to study the wider area of education for exceptional children.

On page 26 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Elementary Education, under A. Prescribed Work,"

1. CHANGE requirement 12

From: Twenty-four semester hours of electives, twelve of which must be advanced, in a field other than education.

To: Twenty-four semester hours of electives in a field or fields other than education. Twelve of these hours must be advanced.

Reason: To clarify requirement.

2. ADD: Six semester hours of a foreign language or three semester hours of mathematics.¹

Reason: To meet liberal studies requirements of University.

On pages 26-27 of the Catalogue of the College of Education for 1955-57 under the "Requirements for the Degree of Bachelor of Science in Physical Education, under A. Prescribed Work,"

1. CHANGE requirement 1

From: Twelve semester hours of English (English 601 or 601Q, and six semester hours of sophomore English).

To: Nine semester hours of English (English 601 or 601Q, and three semester hours of sophomore English.

and

Three semester hours of speech (Speech 303, Speech for Prospective Teachers).

Reason: To meet the liberal studies requirements of the University and to give preparation in speech.

¹Three or more units in high school mathematics (arithmetic or general mathematics may not be included) or two or more units in a high school foreign language will be accepted in satisfaction of this requirement. The hours needed to satisfy this requirement will be deducted from the required elective hours in (12).

2. CHANGE requirements 3 and 6

From: (3) Three semester hours of philosophy or psychology
and

(6) Three semester hours of home economics (Home Economics 311)

To: Fifteen semester hours of courses selected with authorization of the student's adviser to complete the liberal studies requirements of the University.¹ Of these fifteen, six semester hours must be selected from accounting, logic, mathematics, statistics, foreign language, drawing and music theory.²

3. CHANGE requirement 7

From: Eighteen semester hours of education (Educational Psychology 301, 314, 338, Curriculum and Instruction 320L, 667M; or Educational Psychology 311, 320K, Educational Administration 312, Curriculum and Instruction 367M, 367N, and three additional semester hours of education.

To: Eighteen semester hours of education (Educational Psychology 318, 320K, Curriculum and Instruction 308, 320L, 667M).

Reason: The two new pre-professional courses (Educational Psychology 318 and Curriculum and Instruction 308) required by new certification standards should be substituted for Educational Psychology 301, 311 or 314, and Educational Administration 312.

4. CHANGE requirement 8

From: Thirty-six semester hours in physical education (Physical Education 307, 610 or 611; 620 For men any three of courses 214, 215, 217, 218; and 332, 333, 640, 360, 370.)

To: Thirty-seven semester hours of physical education. FOR MEN: Physical Education 001M, 002M, 011M, 012M, 309M, 212, 213K or 262, 232, 333H, 640, 360, 363, 370, 272; six semester hours from 214, 215, 217, 218, (222 or 241M may substitute for one of these courses); two semester hours from 212C, 213T, 227L, 261R. FOR WOMEN: Physical Education 001W, 002W, 011W, 012W, 309W, 212, 213K, or 262, 219, 420, 232, 333H, 340W, 342, 360, 363, 370, 272; two semester hours from 212C, 213T, 227L, 261R.

¹Liberal Studies requirements of University will be met as follows under proposed program:

<u>Requirement</u>	<u>Required in this program</u>
1. Six semester hours English composition Six to nine hours from Accounting, logic, etc.	English 601 Six semester hours elected from this list
2. Twelve to fifteen semester hours in area of the social sciences	Government 610, History 315K and 315L (or six semester hours of advanced U.S. History), three semester hours of electives.
3. Six to nine semester hours in area of the natural sciences	Chemistry 605 or Physics 609, Zoology 311K, 316K, 424K, 325K
4. Six to nine semester hours from area of the Arts and Literature	Sophomore English (three semester hours), six semester hours of electives

²Except that students having high school credit for two or more units in foreign language or three or more units in high school mathematics (arithmetic or general mathematics not included) may elect six semester hours from other subjects to meet general education requirements.

Reason: Physical Education 307 has been replaced by pre-professional course, Curriculum and Instruction 308 required by new certification standards. Physical Education 610 and 611 have been reduced to three semester hours (308M and 308W) inasmuch as the program is now for secondary school teachers only. Certain courses, 333 to 333H; 640 for women to 340W and 342, have been renumbered and renamed to make the titles more descriptive of present content. Hours thus freed allow requiring certain courses previously elective and adding one new course so as to broaden preparation for teaching, i.e., in recreational leadership (212 and two hours from 212C, 213T, 227L, 261R); in handling injuries (213K or 262); and in discharging administrative functions in physical education (272). Non-credit courses have been added to develop competencies in basic skills in physical education activities, required only for students who cannot pass objective tests in the skills, i.e., (001M, 002M, 011M, 012M, 001W, 002W, 011W, 012W).

5. CHANGE requirement 9

From: Twenty semester hours of electives approved by the Dean of the College of Education, at least fourteen hours of which must be outside the College of Education; eight of these fourteen hours must be advanced. It is recommended that the following subjects be considered in choosing electives: speech, sociology, psychology, anthropology, history, education, zoology, Spanish. In choosing electives, students are advised to give consideration to a teaching minor.

To: Ten semester hours of electives approved by the Dean of the College of Education, at least four of which must be outside the College of Education.

Of the non-education hours submitted for the degree, fifteen must be advanced. The student must complete at least eighteen semester hours, six of which are advanced, in a subject, other than physical education, which is commonly taught in the high schools of Texas.

Reason: Increase in requirements of liberal studies (see 2 and 3 above) must be subtracted from electives.

DOCUMENTS AND PROCEEDINGS OF THE FACULTY COUNCIL

CHANGES IN THE OPTIONAL FIVE-YEAR PROGRAM LEADING TO THE BACHELOR OF SCIENCE DEGREE IN PHARMACY

The College of Pharmacy has filed with the Secretary of the Faculty Council the recommendations published below relating to catalogue changes in the Optional Five-Year Program Leading to the Bachelor of Science Degree in Pharmacy. The recommendations were approved by the College of Pharmacy at its regular meeting on April 13, 1957. The Secretary has classified these recommendations of exclusive application and primary interest only to a single school or college.

Notice is hereby given that this legislation will be presented to the Board of Regents for adoption unless a signed protest, with reasons, is received by the Secretary of the Faculty Council from a member of the Council within five days of the date of this publication. If a protest is received, the proposed legislation will be presented to the Faculty Council for action at its meeting of May 20, 1957.

RECOMMENDATIONS OF THE COLLEGE OF PHARMACY

*Courses in sophomore English, preferably those corresponding to English 310 or 318M may be transferred as a substitute for either of these courses.

The changes recommended are as follows:

1. Pharmacy 305 is reduced to Pharmacy 205 (215K). Reason: the content of this course will be changed to orientational material without laboratory in line with the recommendation of the Curriculum Committee of the College of Pharmacy, Curriculum Committee of the American Association of Colleges of Pharmacy (1956), the American Council on Pharmaceutical Education, the National Accrediting Agency for Pharmacy, and also in line with the consensus of opinions expressed at the Teachers of Pharmacy Seminar of 1955.
2. Pharmacy 202 (212K) is restored, placing it in a spring semester of the First Professional Year. Reason: Experience, as well as opinion, indicates that the subject matter normally in this course can best be presented as a course rather than incorporate it in to other pharmacy course(s).
3. Pharmacy 306 is to be moved from the fall semester of the Second Professional Year to the spring semester of the First Professional Year as Pharmacy 206 (316K) to be a companion course with Pharmacy 202 (212K).
4. Chemistry 416 is to be replaced in the spring semester by Pharmacy 202 (212K), and Pharmacy 206 (316K).

The material on page 21 of the Catalogue of the College of Pharmacy (No. 5613, ~~1102~~ July 1, 1956) under Second Professional Year is changed to read:

*Four or more semester hours in Quantitative Analyses or Chemistry 416 may be substituted for credit for this course.

The following changes are recommended:

1. Pharmacy 306 has been moved to the spring semester of the First Professional Year, as stated in (3) above.
2. In place of Pharmacy 306, add Pharmacy 467 (427K). Reason: an applied course in drug assay procedures is desirable due to the rapid changes in the official compendia.
3. Bacteriology 629 is placed in this year in place of Government 610 in order to make it possible for this course to serve as a prerequisite for Pharmacy 673 (pharmacology) which is recommended for the Third Professional Year.
4. Zoology 414 is deleted from the fall semester and replaced by Zoology 316k and a second course in physiology (Zool. 344) is being requested as an offering by the Zoology Department since it is highly desirable to have two semesters of human physiology in the training of the pharmacist and as a prerequisite for Pharmacy 673 (pharmacology).
5. Accounting 611a is moved from the fall semester of the Third Professional Year in place of Marketing 337, in order to secure a more proper sequence.

The material on page 21 of the Catalogue of the College of Pharmacy (No. 5613, July 1, 1956) under Third Professional Year is changed to read:

Third Professional Year

		Gov. 610b (American)	<u>3</u>
	<u>18</u>		18

The following changes are recommended:

1. Pharmacy 320M (Drug Marketing) is offered in the fall semester and is recommended as an applied course in place of Marketing 337, formerly offered in the spring semester.
2. The titles of Pharmacy 433 and 436Q are changed from Simple Preparations IIA and Advanced Preparations IIB to General Pharmacy II and General Pharmacy III respectively to allow for greater latitude in titles on the basis of course content. These new titles have been recommended by the agencies mentioned above in order to bring about greater uniformity in course titles.
3. Accounting 611a has been moved from the fall semester to the spring semester of the Second Professional Year to permit Pharmacy 320M to be offered in the Third Professional Year.

4. Bacteriology 629 has been moved from this year to the Second Professional Year in order to serve as a prerequisite for Pharmacy 673 (Pharmacology) which is being placed in the Third Professional Year.

5. Pharmacy 673 has been moved from the Fourth Professional Year in order to serve as a prerequisite for the remainder of Pharmacy 666 and other courses, which are offered in the Fourth Professional Year.

6. Pharmacy 269a is placed in the spring semester of this year rather than in the Fourth Professional Year to serve as a companion course to Pharmacy 666a, as it has been in the past, in the four-year program.

7. Government 610 has been placed in the Third Professional Year in place of Bacteriology 629 which has been moved to the Second Professional Year.

The material on page 22 of the Catalogue of the College of Pharmacy (No. 5613, July 1, 1956) under Fourth Professional Year is changed to read:

Fourth Professional Year

Fall Semester	Sem. Hrs.	Spring Semester	Sem. Hrs.

Approved Electives	8	P. Ed. 213K (Teaching First Aid)	2
		Approved Electives	5
	<u>13</u>		<u>15</u>

The following changes are recommended:

1. Pharmacy 673 (pharmacology) has been moved to the Third Professional Year to serve as a prerequisite for Pharmacy 666b and 269b and as a co-requisite for Pharmacy 666a and 269a.
2. Move Pharmacy 269a to the spring semester of the Third Professional Year to become a companion course with Pharmacy 666a.
3. Move Pharmacy 269b from the spring semester to the fall semester. This permits offering Pharmacy 266K in the spring semester.
4. Eliminate Retailing 363 as an alternate for Pharmacy 370.
5. Add Pharmacy 266K in the spring semester, as approved recently for the four-year program.
6. Drop Pharmacy 376 as a required course and offer it as an approved elective. Reason: The essential material in this course can be offered in Pharmacy 378, thus permitting a reduction in the required total number of hours by three.

The total number of required hours is 170 semester hours.

It is recommended that the new course in Human Physiology (Zool. 344), mentioned above, be added to the list of approved electives for the professional program on page 36.

HONOR GRADUATES.--Approval is recommended for designating honor graduates according to the following categories:

With Highest Honors--One recipient to be selected by the honors committee from evaluation forms completed by the faculty. All work must be taken at Texas Western College with a minimum grade point average of 3.8.

With High Honors-----Minimum grade point average of 3.8 with at least 75% of course work completed at Texas Western College.

With Honors-----Minimum grade point average of 3.6 with at least 50% of course work completed at Texas Western College

GIFTS.--Delete Item No. 5 under Gifts, page W-5 in the docket for Texas Western College dated December 17, 1956, and approved by the Board January 11-12, 1957 since it has recently been learned that the \$600 from the Knights Templar Educational Foundation, Division of Grand Commandery of Texas, Paris, Texas, was a loan to a student to be administered by the College rather than a scholarship and will be repaid by recipient to the donor.

The following gifts have been made to Texas Western College and I recommend that they be accepted with appropriate expressions of appreciation:

1. The Texas Western College Women's Auxiliary has given \$900 as scholarships for the year 1957-58. This is a renewal of a gift made year after year. The scholarships are to be awarded to women students and the recipients are to be named by the College Scholarship Committee.
2. Mrs. C. D. Belding of 908 East Blanchard Street, El Paso, has given \$500 to be added to the C. D. Belding Memorial Fund. This fund is held in the "Funds Grouped for Investment" account at the Main University with the income used for scholarship purposes.
3. The El Paso High School Parent Teacher Association has given \$300 for two scholarships of \$150 each for the year 1957-58, naming the recipients. This is a continuation of the scholarship program of the donor.
4. The firm of DeWitt and Rearick, Realtors, has given a scholarship of \$125 for the 1957 Spring Semester. This is a continuation of this scholarship. It is awarded to a student majoring in Business Administration and the recipient is named by that department.
5. Mrs. Maude M. Sayers of El Paso has given three shares of common stock of Continental Casualty Company with the stipulation that the income from said securities be used for scholarship purposes. As of this date of transfer, May 16, 1957, the market price was: bid \$89.50 -178, Vol V. asked \$93.00. Mrs. Sayers has indicated that it is her intention to make additional gifts of this nature from time to time.
6. The Touchdown Club of El Paso has given \$2,000 to Texas Western College, specifying that it is to be deposited in Intercollegiate Athletic Funds and used for the purpose of recruiting student athletes. Disbursement of funds is to be made at the discretion of the Business Manager and the Athletic Director of the College in conformity with the policies and regulations of the National Collegiate Athletic Association.

7. The El Paso Chapter of Associated General Contractors of America, Inc. has given a scholarship in the amount of \$250 for the year 1957-58. It is to be awarded by the College Scholarship Committee to an engineering student.

8. The Commonwealth Foundation of El Paso has given an additional donation of \$200 for the benefit of the College Library. It has been placed in the Commonwealth Foundation Gift Fund, a Current Restricted Funds account.

The following gifts of \$100 or less have been made to Texas Western College and proper acknowledgement has been made by the College to the donors:

1. The El Paso Branch of the American Association of University Women has given a \$100 scholarship for the 1956-57 school year. This is a continuation of this scholarship. It is awarded to a woman student and the recipient is selected by the College Scholarship Committee.
2. The Woman's Department of the El Paso Chamber of Commerce has given a \$100 scholarship for the year 1957-58. This is a renewal of a scholarship previously given and it is administered by the College Scholarship Committee.
3. Los Lanceros Latino Americanas, an El Paso organization, has given a scholarship in the amount of \$75.00 for the year 1956-57. The donor has named the recipient of this scholarship, which represents a continuation of its scholarship program.
4. The Lower Valley Woman's Club of El Paso has given a \$100 scholarship for the 1957-58 school year. The recipient of this scholarship is named by the donor.
5. The El Paso Mineral Society has given \$25.00 to the Museum. It has been deposited in the Museum Gift Fund, a Current Restricted Funds account.
6. The Parent Teacher Association of Bowie High School (El Paso) has given a \$100 scholarship for the year 1957-58. This is a continuation of the scholarship program of the donor. The donor names the recipient.
7. The Student Council of El Paso Technical High School has given a \$50.00 scholarship for the year 1957-58, naming the recipient. This is a continuation of the scholarship program of the donor.

OUT-OF-STATE TRIPS.--I recommend approval of the following out-of-state trips for staff members listed, expenses to be paid from Maintenance and Travel funds unless otherwise shown:

1. Col. M. H. Thomlinson, Curator of the Museum, to Tucson, Arizona, April 27-May 1, 1957, to examine the Museum and other exhibits at the University of Arizona and to attend the meeting of the American Association for the Advancement of Science.
2. Mr. J. M. Whitaker, Registrar and Director of Admissions, to Endicott, New York, July 7-12, 1957, to attend the IBM workshop for college registrars.
3. Mr. Howard J. Sherman, Assistant Professor of Philosophy, to Taos, New Mexico, June 13-14, 1957, to read a paper at the meeting of the New Mexico Philosophical Society.

~~1107~~

4. Dr. Jack Yuthas, Dean of Student Life, to Philadelphia, Pennsylvania and Minneapolis, Minnesota, August 3-18, 1957, to attend two invitation- al seminars of the National Deans of Students Association, of which Texas Western College is a member, and to interview candidates for the position of Dean of Men at Texas Western College. The interviewing trips will be made as side trips in conjunction with Dean Yuthas' annual vacation trip to Denver, Colorado.

5. Professor Joseph C. Rintelen and Associate Professor Guy E. Ingersoll of the Department of Mining and Metallurgy, to Silver City and Hanover, New Mexico mining districts, September 2-8, 1957, to conduct the summer field work course, Mining 2304, in mine surveying.

6. President Dysart E. Holcomb to various undetermined localities in the mid-west during a vacation trip, June 7-25, 1957, to interview prospective faculty members for next year. Only expenses incurred for necessary side trips are requested.

| 2. Laboratory manual in Biochemistry | 2.75 each |
| 3. Laboratory manual in Biophysics | 2.50 each |
| 4. Laboratory manual in Microbiology | 3.00 each |
| 5. Laboratory manual in Pharmacology | 1.00 each |
| 6. Laboratory manual in Physiology | 1.75 each |

TRANSFER OF FUNDS: Approval is requested for the following transfer of funds:

From:		
	W-1042 Instructional Salaries	<u>\$26,450.00</u>
To:		
	W-1043 General Operating Expenses (Includes Other Salaries and Wages)	<u>\$26,450.00</u>

FACULTY FOR 1957-58. Approval is requested of the attached list of Southwestern Medical School faculty members for the year 1957-58.

POSTGRADUATE HONORARIUM. Approve the payment of an honorarium in the amount of \$25 to Dr. Frederick J. Bonte, Professor of Radiology, for an evening lecture in Diagnostic Radiology on July 26, 1957.

CATALOGUE REVISION. Approval is requested to revise the sections of the catalogue statement relating to tuition fees and definition of nonresidents to give effect to House Bill No. 265 of the 55th Legislature. The new statement of nonresident regulations will be quoted exactly. The suggested revisions of the sections regarding tuition fees are as follows:

Tuition fee. All fees are payable in full at the time of registration. Tuition is \$200 for the school year for those in the regular medical program for 1957-58 and \$300 for 1958-59. For those in the medical art and graduate programs the tuition fee is \$100 for the school year or \$50 per semester for 12 semester hours or more. (Exception: a student registering "in absentia" but for no courses pays \$15.) Graduate students carrying less than 12 semester hours are required to pay \$15 for the first 3 hours or less and \$4 for each additional hour.

Tuition fee for nonresidents. There is no distinction between resident and nonresident tuition for medical students. For the definition of nonresidents see pages 25-27. Medical art and graduate students who are nonresidents are required to pay tuition of \$400 for the school year or \$200 for each semester for a course load of 12 semester hours or more. A nonresident part-time graduate student who carries less than 12 semester hours in the long session or 4 semester hours in a summer term is required to pay \$18.50 for the first semester hour

Funds to come from Unallocated Salaries.

Tuition fee for nonresidents (continued)

and \$16.50 for each additional hour of credit. For graduate registration "in absentia" any term or semester, but for no credit, the charge is \$18.50.
