Supply Chain Alliance

Creating Value Through Collaboration

At the Alliance we actively seek to include Historically Underutilized Businesses (HUBs) in our contract portfolio. By partnering with HUBs, we not only support the growth and development of minority, women-owned, and disadvantaged businesses but also bring a wealth of diverse perspectives and innovative solutions to our clients.

Our dedication to integrating HUBs into our contracts ensures that we leverage the full spectrum of talent available in the market. This approach not only enriches our service offerings but also contributes to the economic vitality of our communities. By choosing the Alliance, you are not only getting top-tier service but also supporting a broader mission of economic empowerment.

Partner with the Alliance and experience the benefits of a contract portfolio that prioritizes excellence and innovation.
